Independent Auditor's Report

To the Plan Administrative Committee and Participants of the KPS Global, LLC 401(k) Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the KPS Global, LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Voya Retirement Insurance and Annuity Company (VRIAC), the Custodian of the Plan in 2019 and 2020, and John Hancock Life Insurance Company (USA) (JHUSA) the Custodian of part of the Plan in 2019, except for comparing the information with the related information included in the financial statements. I have been informed by the plan administrator that VRIAC holds the Plan's investment assets and executes investment transactions, and that JHUSA held part of the plan investment assets and executed some of the investment transactions in 2019. The plan administrator has obtained a certification from VRIAC as of December 31, 2020 and 2019, and a certification from JHUSA as of December 30, 2019, and from VRIAC for the year ended December 31, 2020, that the information provided to the plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2020, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements

1. Description of Plan

The following description of the KPS Global, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established effective December 2, 2015. The Plan covers all employees of KPS Global, L.L.C. and CCI Global, L.L.C. (the Company). Full time employees (minimum 20 hours per week), of the Company are eligible to participate in the plan immediately after one hour of service. An employee who is not scheduled or reasonably anticipated to complete at least twenty (20) hours of service per week shall not become a participant until the earlier of: (a) the day immediately following the date during the employee's first twelve (12) consecutive months of employment in which the employee completes one thousand (1,000) hours of service or (b) the first day of the Plan Year following the first Plan Year in which the employee completes one thousand (1,000) hours of service . The Plan requires a participant to be employed as of year end to be eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's administrative committee is responsible for oversight of the Plan. The committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On December 29, 2019, the Company's Board of Directors approved the merger of the Custom Cooler SD 401(k) Plan, effective December 31, 2020, into the KPS Global, L.L.C. 401(k) Plan. As a result of the merger, participants of the Custom Cooler SD, 401(k) Plan were allowed to participate in the KPs Global, L.L.C. 401(k) Plan effective January 1, 2020.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately, provided the Plan document is retroactively amended on or before December 31, 2022. Plan management has elected to adopt the following provisions:

- For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020, to December 31, 2020, could be suspended for a 12-month period. The term of the loan is extended by 1 year to accommodate the suspension period. Subsequent repayments will be adjusted to include accrued interest during the delay period.
- Required minimum distributions were suspended in 2020.

Contributions. Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in Vanguard Target Retirement Funds until changed by the participant.

The Company contributes 100 percent of the first 3 percent and 50 percent of the next 2 percent of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Board of Directors of KPS Global, L.L.C.. For the year ended December 31, 2020, there were no profit sharing contributions to the Plan. Additional discretionary amounts may be contributed by the Company at the option of the Board of Directors of KPS Global, L.L.C.. For the year ended December 31, 2020, there were no discretionary contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Due to the Covid pandemic, the Company ceased the safe harbor contribution on June 19, 2020 for the remainder of the Plan year.

Participant accounts. Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's discretionary contributions and an allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after one years of credited service and continues to vest in increments of 20 percent until 100 percent vested after 5 years of credited service.

Notes receivable from participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Additionally, the loan cannot exceed $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made. Participants may have an unlimited number of loans but may not request more than 2 loans during a plan year. The loans are secured by the balance in the participant's account. The loan interest rate is set at the Prime rate plus 1%, as defined. Principal and interest are paid ratably through payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

Payment of benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited accounts. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $17,181 and $10,444, respectively. Forfeited balances are used to reduce future employer contributions or to pay plan administrative expenses. During 2020, plan administrative expenses were reduced by $3,186 and the Company match was reduced by $4,739, from forfeited non-vested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note for 3 discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants in 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through November 17, 2020, the date the financial statements were available to be issued.

On March 22, 2020, the World Health Organization declared COVID-19 to be a pandemic. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on assets of the Plan.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants.

Plan management is continuing to evaluate provisions available to plan participants under the CARES Act and has implemented the following provisions effective April 21, 2020:

- Waiver of required minimum distributions for the 2020 plan year.
- Extension of the period for loan repayments if applicable, through December 31, 2020.

Recent Accounting Standards

In August, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2018-13, "Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." The new standard modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, including adjustments to Level 3 fair value measurement disclosures as well as the removal of disclosures around Level 1 and Level 2 transfers. This update is effective for the fiscal year beginning January 1, 2020, with early adoption permitted. The amendments to the guidance will be applied on a prospective or retrospective basis, in accordance with the requirements of the new standard. Plan management adopted this standard on January 1, 2020, and there was no material impact upon adoption.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. The technique used at December 31, 2019 of NAV as a practical expedient has been changed to reflect the current valuation technique. Plan management has determined that there is observable market data for each investment.

Pooled separate accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. Although the pooled accounts are not publicly traded, the underlying assets are traded on exchanges and on other markets, and quoted prices for the assets held by these pooled accounts are readily available. Additionally, the net value per unit is determined and published daily and is the basis for current transactions. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments

or redemption restrictions. These investments are classified as Level 2 in the hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020	Level 2 $	Total $

Total assets in the fair value hierarchy	25,349,519	25,349,519
Total investments at fair value	25,349,519	25,349,519

(a) Bonds - Bonds consist of funds that invest in securities guaranteed by the U.S. Government as to timely payment of principal and interest; however shares of the funds are not insured nor guaranteed.

(b) Asset Allocation Funds - Investments in Target Retirement Funds are subject to the risks of their underlying funds. The year in the fund name refers to the approximate year when an investor in the fund would retire and leave the work force. The fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. The investments are not guaranteed at any time, including on or after the target date.

(c) Balanced Funds - Balanced funds are mutual funds that contain a bond or debt component and a stock or equity component in a specific ratio in a single portfolio. These funds help investors diversify their portfolio.

(d) Large Cap Value Blend - The large cap blend portfolio holds stocks in the top group of capitalization in the United States where neither growth nor value characteristics predominate.

(e)Large Cap Growth Funds - Large cap growth funds hold stocks in the top group of capitalization in the United States that are projected to grow faster than other large cap stocks.

(f) Small/Mid/Specialty Funds - Small/mid cap equity funds seek investment growth (capital appreciation) through both active and passive investments in stocks of small and mid sized United States companies. The risks of investing in small company stocks may include relatively low trading volumes, a greater degree of change in earnings, and greater short-term volatility.

(g) Global/International Funds - Global/international funds invest in companies located anywhere in the world including the United States. Foreign investing involves special risks such as currency fluctuation and public disclosure, as well as economic and political risks.

(h) World Large Stock Growth Funds - World Large Stock Growth Funds invest in international companies located anywhere in the world including the United States. These funds concentrate on large cap companies that are projected to grow faster than other large cap international stocks. Foreign investing involves special risks such as currency fluctuation and public disclosure, as well as economic and political risks.

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

5. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the Custodian, and therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Voya Retirement Insurance and Annuity Company receives revenue from investment fund service providers for services Voya Retirement Insurance and Annuity Company provides to the funds. This revenue is used to offset certain amounts owed to Voya Retirement Insurance and Annuity Company for its administrative services to the Plan. If the revenue received by Voya Retirement Insurance and Annuity Company from such investment fund service providers exceeds the amount owed for its services, Voya Retirement Insurance and Annuity Company remits the excess to the Plan's trust on a monthly basis. The Plan or Plan Sponsor may make a payment to Voya Retirement Insurance and Annuity Company for administrative expenses not covered by revenue sharing.

Additionally, the Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Plan adopted a volume submitter plan offered by CCH Incorporated DBA FTWilliam Com. The volume submitter plan received an IRS Advisory Letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Voya Retirement Insurance and Annuity Company, the Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020. John Hancock Life Insurance Company has certified to the completeness and accuracy of all investments and notes receivable from participants held by them and reported in the accompanying Statements of Net Assets Available for Benefits as of December 30, 2019

10. Delinquent Participant Contributions

For the year ended December 31, 2020, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $58,005 in 2020 are pending correction in the Department of Labor Voluntary Fiduciary Correction Program. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to Form 5500:

	2020 $	2019 $
Net assets available for benefits per the financial statements	30,980,869	27,602,156
Less: Deemed Loans Current	(83,078)	(40,050)
Add: Excess Contributions	19,550	-
Net assets available for benefits per Form 5500	30,917,341	27,562,106

The following is a reconciliation of the increase (decrease) in net assets per the financial statements for the year ended December 31, 2020 to Form 5500:

	$
Increase (decrease) in net assets per the financial statements	3,378,713
Add: Excess Contributions	19,550
Add: Deemed Loans prior	40,050
Less: Deemed Loans current	(83,078)
Increase (decrease) in net assets per Form 5500	3,355,235

12. Deemed Distributions

The Plan treats participant loans that are in default due to a missed payment and outstanding loan balances when a terminated participant takes a distribution as deemed distributions. A loan to an active participant is considered in default on the last business day of the calendar quarter following the calendar quarter in which the loan repayment was due. In accordance with Internal Revenue Service regulations, a participant who repays a loan after a deemed distribution will receive tax basis credits for repayment of a loan.

13. Revenue Sharing Program

The Plan receives investment funds administrative revenue credits through its participation in Voya's revenue sharing program, Expense Account For Service Expenditures (EASE). The revenue sharing credits, if any, are credited to the account on the last business date of each month and invested in the Voya Fixed account until used for reasonable plan expenses. The Plan has until March 31 following the end of the year to submit requests for payment of plan expenses. Any unused account balance will then be allocated to the Plan's forfeiture account. The revenue sharing program credit for the year ended December 31, 2020 was $7,848 and $7,761 was used to pay plan expenses.
