INDEPENDENT AUDITORS' REPORT

CKM Industries, Inc., Sponsor
The Miller Group 401(k) Plan
Corpus Christi, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of The Miller Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Miller Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for the year ended December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Restatement of Financial Statements

Without modifying our opinion, we draw attention to NOTE 14 to the financial statements for the year ended December 31, 2020 which explains that the financial statements have been restated from those originally reporting on October 15, 2021.

NOTE 1 - PLAN DESCRIPTION

The following description of The Miller Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision. Effective December 31, 2019, the participant accounts for the employees of Belco Industrial Services, were transferred to The Miller Group 401(k) Plan. Based on this, these footnotes will relate to the activity and plan information of the former CKM Industries 401(k) Profit Sharing Plan and the new combined Miller Group Plan 401(k) Plan.

General

The Plan is a defined contribution plan covering all eligible employees of CKM Industries, Inc. (the Company) who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan by determining the appropriateness of the Plan's investment offerings and monitoring performance.

Contributions

The Company contributes, on behalf of each participant, an amount elected by the participant in his or her salary modification agreement. Participants can elect to contribute a percentage of their compensation to the Plan, subject to limitations contained in Internal Revenue Code Section 415, which generally apply to highly compensated employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a general account fund.

The Company contributes, on behalf of each participant, annual discretionary employer contributions. The Company will match 25% of the first 5% of the participant's elective salary deferral to contribute to the Plan. The Company's match will not exceed 6% of the participant's eligible compensation. Employer contributions for the years ending December 31, 2020 and 2019 totaled $246,404 and $42,270, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear interest rates of 4.5% to 6.75%, which is proportionate with local prevailing rates as determined by the Plan administrator upon issuance of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits, normally paid in a lump sum, are distributed upon termination, retirement and hardship. No annuities are allowed in the Plan. In-service distributions are not permitted. Normal retirement age under the Plan is fifty-five and five years of participation.

Forfeited Accounts

Forfeited non-vested accounts totaled $17,401 and $50,037 at December 31, 2020 and 2019, respectively. If any funds were held in these accounts, the funds will be used to reduce the employer's contributions and pay expenses associated with the Plan. Any forfeitures attributable to matching contributions will be used to reduce any employer matching contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Years with less than 1,000 hours will not be counted as a year of service. Vesting in the Company's contributions is based on the number of years of service according to the following schedule:

Years of Services	Vesting Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through November 23, 2021, which is the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses
All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The Plan's financial statements are prepared on the accrual basis in accordance with principles generally accepted in the United States of America as of December 31, 2020 and 2019. Employee contributions are recognized as revenues in the period in which salaries are earned. Employer discretionary contributions are recognized as revenues in the period in which determined. Benefits payable are recognized when due and payable in accordance with terms of the Plan.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported on contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses was recorded at December 31, 2020 or December 31, 2019.

Payment of Benefits
Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a correspondence reduction to contributions. There were no excess contributions payable for the years ended December 31, 2020 and 2019.

Investment Valuation and Income Recognition

The Plan entered into an investment contract with Voya Retirement Insurance and Annuity Company who maintains the contributions in registered investment companies (mutual funds) and a fixed account. Investments held in mutual fund accounts are maintained at fair value and the guaranteed-investment contract fixed account (non-benefit responsive investments) is maintained at contract value. The investments are not considered fully benefit responsive and are included in the statement of net assets available for benefits at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 was not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were unavailable. There are no plan assets requiring the use of Level 3 input for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities & Exchange Commission. The funds must publish their daily net assets value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

The fair value of the general account investments is based on an actuarial formula as defined under the terms of the contract with no observable inputs.

The fixed income account is part of Voya's general account and is subject to the claims of Voya's general creditors. Voya credits interest on contributions made to the fixed income account at a rate Voya declares for a period of time that it determines. Voya guarantees a minimum rate of interest of 1%. Guarantees are subject to Voya's claims paying ability.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements at the End of Reporting Period Used:			
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2020				
Mutual funds	$ 5,935,515	$ 5,935,515	$ --	$ --
Fixed account	928,834	--	928,834	--
Total	$ 6,864,349	$ 5,935,515	$ 928,834	$ --
December 31, 2019				
Mutual funds	$ 5,441,641	$ 5,441,641	$ --	$ --
Fixed account	351,266	--	351,266	--
Total	$ 5,792,907	$ 5,441,641	$ 351,266	$ --

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net appreciation in fair values of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2020 and 2019, there were significant transfers between Levels 1 and 2 but no transfers into or out of Level 3. Transfers into Level 2 included contributions of $87,889, transfers from separate account of $757,639, interest income of $5,719 and loan repayments of $7,210. Transfers out of Level 2 included benefit payments of $277,940 and administrative expenses of $2,950.

NOTE 4 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Financial (the custodian of the Plan). The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2020	2019
Mutual funds	$ 5,935,515	$ 5,441,641
Fixed account	928,834	351,266
Investment income	909,526	573,529

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or complete discontinuance of contributions, participants would become 100 percent vested in their employer contributions.

NOTE 6 - TERMINATED EMPLOYEES

The Plan has a "cash out" provision whereby the Plan can distribute the vested account balance for terminated participants with account balances of $5,000 or less. The Plan had forty-four (44) terminated participants with account balances of $5,000 or less at December 31, 2020. Funds under $5,000 that had not been paid totaled $29,484 at December 31, 2020. The Plan had forty-two (42) terminated participants with account balances of $5,000 or less at December 31, 2019. Funds under $5,000 that had not been paid totaled $29,246 at December 31, 2019.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 1, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any periods in process. The Plan administrator believes it is no longer subject to income examinations for years prior to 2017.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general (fixed) account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract can be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019 was $928,834 and $351,266, respectively. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the general account in that month.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 10 - FIXED ACCOUNT SURRENDER AND TRANSFER LIMIT

Each calendar year, the Company limits the sum of partial surrenders plus transfers, from the fixed account, to 20% of that portion of the current value of the unallocated account held in the fixed account as of January 1 of the calendar year. These limits will be referred to as the fixed account surrender and transfer limit. Partial surrender or transfer requests for amounts invested in the fixed account that exceed the fixed account surrender and transfer limit in effect at the time the request is received by Voya will not be honored. The fixed account surrender and transfer limit will apply to plan accounts if the participants are unduly influenced to transfer amounts from the fixed account prior to a full or partial surrender of the contract.

NOTE 13 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual fund accounts managed by Voya Financial. Voya Financial is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. However, no fees were paid by the Plan for the investment management services for the year ended December 31, 2020. All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
