Joyce Steel Erection, Inc. 401(K) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Joyce Steel Erection Inc. 401(k) Plan (the Plan) provides only general information. All plan provisions disclosed below were in place prior to the Plan merger. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Joyce Steel Erection, Inc. (the Company) who have at least six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In April 2019, the Plan sponsor was acquired by Marmon Holdings. The Plan continued as a stand-alone plan through January 1, 2021, at which time the Plan was merged into the Marmon Employees' Retirement Plan (MERP). Participants were eligible to participate in the MERP effective January 1, 2021, at which point they were no longer eligible to contribute to the Plan. All participant balances were transferred to the Marmon Holdings Plan on January 15, 2021.

Plan administration – In accordance with the Plan document, the Plan is administered by the Company. United of Omaha Life Insurance Company (United of Omaha) is the contract holder and custodian of the Plan's investments in pooled separate accounts and guaranteed investment contract. MG Trust Company, LLC (MG Trust) serves as the Plan custodian.

Contributions

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Plan allowed for Company matching contributions equal to 100% of employee contributions, up to 3% of eligible compensation deferred to the Plan. Supplemental matching contributions are allocated to participants who work at least 1,000 hours during the Plan year and are employed on the last day of the Plan year based on a percentage of each participant's pretax contributions. During the period from January 1 through January 15, 2021, there were no employer matching contributions made to the Plan. Profit sharing contributions are allocated to participants who work at least 1,000 hours during the Plan year and are employed on the last day of the Plan year in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit-sharing contributions for the period from January 1 through January 15, 2021 or for the year ended December 31, 2020.

Contributions are subject to regulatory limitations.

Joyce Steel Erection, Inc. 401(K) Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

As of December 31, 2020, the Plan reported an employer contribution receivable of \$120,000. The funds were remitted to the MERP subsequent to the merger and transfer of investments into the MERP and have been shown as a negative employer contribution in the Plan financial statements for the period from January 1 through January 15, 2021.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are immediately vested 100% in all amounts contributed by the participant and all earnings on those contributions. Vesting in the Company's contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
At least 2 years	20%
At least 3 years	40%
At least 4 years	60%
At least 5 years	80%
6 years or more	100%

As described in Note 1, the Plan was acquired by Marmon Holdings and subsequently merged into the MERP. Participant salary deferral and matching balances transferred will be held on a fully vested basis. Profit sharing balances transferred will be subject to the MERP vesting schedule applicable to discretionary contributions. For purposes of determining employment service, all service with the Plan sponsor will be credited for the MERP purposes.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. Note transactions are treated as a transfer between the investment fund and the note fund. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time determined at the time the loan is made. Under the terms of the Plan agreement, Plan loans will bear interest at the prime rate as published in the Wall Street Journal on the date the loan is processed, plus one percentage point. Principal and interest are paid ratably through biweekly payroll deductions. For the period from January 1 through January 15, 2021, the rates of interest on outstanding loans ranged from 4.25% to 6.50% with various maturities through July 2040. Loan balances were transferred to the MERP on the January 15, 2021 transfer date.

Joyce Steel Erection, Inc. 401(K) Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce future Company contributions. As of January 15, 2021, and for the year ended December 31, 2020, forfeited non-vested accounts totaled \$0 and \$35,650, respectively. For the period from January 1 through January 15, 2021 and for the year ended December 31, 2020, Company matching contributions were not reduced from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition – The investments are reported at fair value and contract value. United of Omaha certifies the net asset value (NAV) of the Plan's investments in pooled separate accounts and the contract value of the Plan's investment in the guaranteed investment contract. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued, but unpaid, interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of the period from January 1 through January 15, 2021 and for the year ended December 31, 2020.

Joyce Steel Erection, Inc. 401(K) Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment management, distribution and loan transaction fees are paid by the Plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

Note 3 – Investments

Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information of investments at the period from January 1 through January 15, 2021 and for the year ended December 31, 2020 in certain entities that calculated net asset value per share (or its equivalent):

	Fair Value 1/15/2021	Fair Value 12/31/2020	Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Account	\$ -	\$ 10,354,547	Daily	N/A	None

Joyce Steel Erection, Inc. 401(K) Plan

Notes to Financial Statements

Note 4 – Information Certified by United of Omaha

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, United of Omaha has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as January 15, 2021 and December 31, 2020.
- Net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the period from January 1 through January 15, 2021, except for interest on participant loans.

Note 5 – Guaranteed Investment Contract with United of Omaha

In 2008, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with United of Omaha. United of Omaha maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a monthly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and, therefore, is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by United of Omaha, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Joyce Steel Erection, Inc. 401(K) Plan

Notes to Financial Statements

Note 6 – Plan Merger

As described in Note 1, in April 2019, the Plan sponsor was acquired by Marmon Holdings. The Plan continued as a stand-alone plan through January 1, 2021. The merger was effective January 1, 2021, and the Plan investments merged on January 15, 2021.

Note 7 – Income Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 9 – Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by United of Omaha. Transactions with United of Omaha qualify as exempt party-in-interest transactions. During the period ended January 15, 2021, the Company did not pay any parties-in-interest for any administrative fees or expenses on behalf of the Plan.
