NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of Tribe Mediterranean Foods, Inc. (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Tribe Mediterranean Foods, Inc. (the "Company") covering substantially all employees who have met eligibility requirements. Employees become eligible to participate in the Plan upon attainment of age 18 and completion of 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On December 10, 2018, the Company was acquired by Lakeview Farms Holdings, Inc. On December 1, 2019, Lakeview Farms Holdings, Inc. signed an agreement to merge the Plan with and into the Lakeview Farms, LLC 401(k) Plan (the "Lakeview Plan") effective December 31, 2019. As of this date the Plan ceased to exist as a separate plan.

Contributions

Contributions to the Plan may be made by both participating employees and the Company. Participants may contribute up to 100% of their gross compensation, subject to Internal Revenue Code ("IRC") limitations on a pretax or Roth contribution basis. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. The Company has made a safe harbor election and in 2019 contributed a safe harbor matching contribution to the Plan equal to 100% of participants' contributions on up to 3% of compensation and 50% of contributions on the next 2% of compensation.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times.

TRIBE MEDITERRANEAN FOODS, INC.
NOTES TO FINANCIAL STATEMENTS

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of company contributions may be used to reduce company contributions or pay plan expenses. During 2019, no forfeitures were used to reduce company contributions. Total unapplied forfeitures were \$0 and \$17 at December 31, 2019 and 2018.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may leave their funds in the plan or elect a distribution in the form of a lump sum payment.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TRIBE MEDITERRANEAN FOODS, INC.
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Expenses related to the management of the Plan's investments and investment transactions and record keeping fees are paid by the Plan. Certain administrative expenses may be paid by the Company. Expenses that are paid by the company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Collective investment fund – Valued at the net asset value per share or unit as reported by the fund manager. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There were no assets held for investment at December 31, 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 4,010,190	\$ 4,010,190	\$ -	\$ -
Total investments in the fair value hierarchy	4,010,190	<u>\$ 4,010,190</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value(1):				
Collective investment fund	<u>83,839</u>			
Investments at fair value	<u>\$ 4,094,029</u>			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The common collective trust held by the plan allows for daily redemptions for participants; however, the Plan may be subject to a one year redemption notice period. There are no unfunded commitments.

D. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions.

E. TAX STATUS:

The Internal Revenue Service ("IRS") has determined in its opinion letter dated March 31, 2014 that the non-standardized prototype plan document adopted by the Plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC"), and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has not been amended since the date of the last opinion letter. The plan sponsor believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and is qualified as of the financial statement date. Additionally, the related trust is believed to be tax exempt as of the financial statement date and, accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, no auditing procedures were performed with respect to the information certified by Hand Benefits & Trust Company, the custodian, by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodian has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2019 and 2018 and the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2019.

G. PLAN MERGER:

On December 10, 2018, the Company was acquired by Lakeview Farms Holdings, Inc. On December 1, 2019, Lakeview Farms Holdings, Inc. signed an agreement to merge the Plan with and into the Lakeview Farms, LLC 401(k) Plan effective December 31, 2019. As of this date all assets were transferred to the Lakeview Plan and the Plan ceased to exist.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through November 23, 2021, the date these financial statements were available for issuance.
