To the Trustee of the
Monticello Diagnostic Imaging 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Monticello Diagnostic Imaging 401(K) Profit Sharing Plan & Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Mid Atlantic Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator have obtained a certification from the Custodian as of December 31, 2020, and for the year ended December 31, 2020, that the information provided to the plan administrators by the Custodian is complete and accurate.

MONTICELLO DIAGNOSTIC IMAGING 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Monticello Diagnostic Imaging 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. The Plan is sponsored by Team Air Express, Inc. (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2011, as amended from time to time, covering all employees of the Company. Employees are eligible to participate on the first day coincident with the date the employee completes one year of service and having attained the age of 19. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

The Plan Administrators and Trustee of the Plan are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security (CARES) Act which contained several provisions impacting retirement plan participant loans and distributions (see applicable sections below).

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions, after tax contributions, and employer contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Each year, participants may make tax-deferred and after tax contributions to the Plan not to exceed the amount deductible for federal income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN (continued)

The Company may contribute to the Plan by making a matching contribution equal to a uniform percentage of salary deferrals, which percentage will be determined each year at the option of the Company. The Company may also make an additional profit-sharing contribution equal to a percentage of participant compensation. The profit-sharing formula is a pro rata formula, in the ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying participants for the Plan year. During the year ended December 31, 2020, the Company did not make a contribution to the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions, after tax contributions, and employer contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions and profit-sharing contributions (if any) of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon retirement, permanent disability, death or reaching age 55 while employed by the Company. If a participant separates from the employment of the Company for any other reason, a participant shall be vested based upon the following schedule:

Years of Vesting Service	Percentage Vested
Less than 1 year	0%
1 year, less than 2 years	0%
2 years, less than 3 years	20%
3 years, less than 4 years	40%
4 years, less than 5 years	60%
5 years, less than 6 years	80%
6 or more years	100%

1. DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes (Note 2), are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. One loan per participant may be outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions.

As a result of the CARES Act, the limitation on any participant loan made as of the date of enactment and for 180 days thereafter is increased from $50,000 to $100,000 and the 50% of their vested account balance limitation is increased to 100% of their vested account balance. Furthermore, any loan with a due date falling within the period from the date of enactment through December 31, 2020, is delayed for one year.

Payment of Benefits

Distributions from the Plan will be made in one lump-sum payment in cash equal to the value of the participant's vested interest in his or her account balance. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $5,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

As a result of the CARES Act, participants may take coronavirus-related distributions not to exceed $100,000 and have up to three years in which to repay those distributions without any tax provisions that would otherwise apply to such distributions.

Benefits are recorded as expenses when paid.

Forfeited Accounts

At December 31, 2020 and 2019, the Plan did not have any forfeited non-vested accounts. However, these accounts may be used to pay administrative expenses and to reduce the employer's profit sharing and matching contributions to the Plan. During the year ended December 31, 2020, no forfeitures were used to pay administrative expenses or reduce the employer's matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's common/collective trust investment, which is reported at net asset value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrators determine the Plan's valuation policies utilizing information provided by the Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are earned. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

During the year ended December 31, 2020, the Plan incurred administrative fees of $1,656 directly with its third-party administrator (Note 7). These charges are reflected in the accompanying statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

During the year ended December 31, 2020 and through November 24, 2021, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Plan management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

Subsequent Events

In preparing the financial statements, the Plan's management has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2020, up until the issuance of the financial statements, which occurred on November 24, 2021.

On January 1, 2021 the Plan transferred all of its assets to another custodian and changed its third party administrator from Paychex, Inc. to Guideline, Inc.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Valuations based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Valuations based on quoted prices in markets that are not active, or financial instruments for which all significant inputs are observable; either directly or indirectly; and

Level 3 Valuations based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable; thus, reflecting assumptions about the market participants.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

3. FAIR VALUE MEASUREMENTS (continued)

Investments Measured at Net Asset Value

Common collective trusts: Valued at the NAV of units of an investment company collective trust. The NAV, as provided by the investment company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Level 1 Fair Value Measurements

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020

	Level 1	Total
Mutual funds	$ 316,773	$ 316,773
Total assets in the fair value hierarchy	316,773	316,773
Investments measured at net asset value*	-	900
	$ 316,773	$ 317,673

Assets at Fair Value as of December 31, 2019
(Compiled)

	Level 1	Total
Mutual funds	$ 190,984	$ 190,984
Total asset in the fair value hierarchy	190,984	190,984
Investments measured at net asset value*	-	643
	$ 190,984	$ 191,627

* In accordance with Subtopic 820-10 of ASC, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

6. REPORTABLE TRANSACTIONS

During 2020, employee withholdings in the amount of $68,831were transferred to the Plan with an average of 28 days after the payroll date. Although management believes that the transfers were within the administratively feasible time period, the Company is working on changing its procedures and verification processes to make these deposits in a shorter time period. As of report date, the Company is in the process of calculating the lost earnings using the Department of Labor guidelines for late deposits, to the Plan.

7. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Mid Atlantic Trust Company (the Custodian) is the Plan's custodian, and provides certain administrative services to the Plan pursuant to a contract between the Company and the Custodian. Therefore, any transactions with the Plan qualify as party-in-interest transactions. During the year ended December 31, 2020, fees paid by the Plan for investment management services amounted to $860.

Paychex, Inc. (Paychex), the Plan's third-party administrator, provides certain administrative services to the Plan pursuant to a contract between the Company and Paychex. and therefore, any transactions with the Plan qualify as party-in-interest transactions. During the year ended December 31, 2020, fees paid by the Plan for transaction processing and administrative services amounted to $678.

8. TAX STATUS

The Plan, as originally drafted, is a Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement. The IRS has determined and informed the Company of the prototype plan by a letter dated April 10, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). However, a determination letter from the Internal Revenue Service has not yet been requested by the Company to determine if the Plan as amended was designed in accordance with applicable sections of the IRC. The Plan Administrators believe the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	(Compiled) 2019
Net assets available for benefits per the financial statements	$ 334,305	$ 218,863
Less: employee contributions receivable	(11,166)	(14,439)
Net assets available for benefits per the Form 5500	$ 323,139	$ 204,424

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2020 per the financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 115,442
Less: employee contribution receivable	(11,166)
Add: prior year employee contributions receivable	14,439
Net increase in net assets available for benefits per the Form 5500	$ 118,715

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. The Plan further cautions that it is not possible to list such factors, and one should not consider the identified factors as a complete list of all risks and uncertainties.

10. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

For the years ended December 31, 2020 and 2019, the Plan Administrators have elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrators instructed the auditors to not perform any auditing procedures with respect to the information certified by the Custodian of the Plan in 2020 and 2019, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

The following information was obtained from data that has been prepared and certified to as complete and accurate by the Custodian of the Plan, as of December 31, 2020 and 2019 and for the year ended December 31, 2020:

	2020	(Compiled) 2019
Investments:		
Investments at fair value	$ 316,773	$ 190,984
Investments at contract value	900	643
	$ 317,673	$ 191,627
Investment income:		
Net appreciation in fair value of investments	$ 46,771	
Dividend income	8,969	
	$ 55,740
