INDEPENDENT AUDITORS' REPORT

To the Investment Committee
PHM Brands, LLC 401(k) Retirement Plan

Report on the Financial Statements
We have audited the accompanying financial statements the PHM Brands, LLC 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019, and the related notes to the financial statements.

Management's Responsibility for the 2020 and 2019 Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the 2020 and 2019 Financial Statements
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinions. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions on the 2020 and 2019 financial statements.

Opinion on the 2020 and 2019 Financial Statements
In our opinion, the 2020 and 2019 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the years ended 2020 and 2019 in accordance with accounting principles generally accepted in the United States of America.

Report on 2020 and 2019 Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4I - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of or for the years ended December 31, 2020 and 2019, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Compiled 2018 Financial Statement

Plan management is responsible for the accompanying financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2018 and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. (1) Description of plan

The following description of the PHM Brands, LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan covering all eligible employees of PHM Brands, LLC (the "Company"). The Plan is for the benefit of employees who are age 21 or older and have completed 500 Hours of Service in a six month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Investment Committee ("Committee") is the plan administrator and is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Participants may make pre-tax elective deferrals or Roth deferrals of their eligible compensation, not to exceed the maximum deferral limits as defined by the Internal Revenue Code ("IRC"). For the Plan years ended December 31, 2020 and 2019, the limit was $19,500 and $19,000 for deferrals, respectively. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral percentage will increase by 1% per year up to a maximum of 10% of eligible compensation. Additional amounts may be contributed at the option of the Company. The Company has contributed a discretionary matching contribution calculated as the first 50% of up to 6% of employee deferrals for the Plan years ended December 31, 2020 and 2019. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Committee monitors investment performance and fees associated with investment options offered to participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(1) Description of plan (continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service. A participant is 100% vested after five years of credited service in accordance with the following vesting schedule:

Years of Service	Vested %
Less than 1	0%
1	20%
2	40%
3	60%
4	80%

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant elects to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than their assumed life expectancy at the time of distribution. For termination of services due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. If the value of the participant's vested amount is $5,000 or less, the participant's account will be "cashed out" by distributing the participant's vested interest in a single-sum payment or by direct rollover to an IRA or other eligible retirement plan. Effective January 1, 2018, the rollover account balance will be excluded from the determination of whether the value of a participants' account is more than $5,000 for "cash out" distributions. Terminated participants are required to begin receiving distributions once the participant reaches the required beginning date, as defined in the Plan.

A participant may also request a hardship distribution if certain conditions are met, as defined in the Plan. Effective January 1, 2019, the minimum hardship withdrawal amount was reduced to $500 and the number of hardship withdrawals a participant may receive in the calendar year is limited to two. As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

(1) Description of plan (continued)

Forfeited accounts - At December 31, 2020, 2019 and 2018 (unaudited), forfeited non-vested accounts were $47,318, $28,816 and $8,011, respectively. These accounts will be used to reduce future employer contributions or administrative expenses. Also, for the years ended December 31, 2020 and 2019, forfeitures were not used to reduce employer contributions or administrative expenses.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Under the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to corrective contributions. The Plan will distribute the 2019 excess contributions to the applicable participants prior to December 31, 2021.

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New accounting pronouncements - In 2019, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2018-09, *"Codification Improvements"* which makes changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification ("ASC"). The portion of ASU 2018-09 that is most applicable to the Plan relates to whether certain investments have a readily determinable fair value or qualify for the net asset value per share practical expedient in accordance with ASC 820, Fair Value Measurement. The standard is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. The adoption of ASU 2018-09 did not have a material impact on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *"Fair Value Measurement - Disclosure Framework (Topic 820)"*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Management adopted ASU 2018-13 which did not have a material impact on the Plan's financial statements.

(3) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(3) Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(3) Fair value measurements (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020, 2019, and 2018:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,070,828	$ -	$ -	$ 4,070,828
Total assets in the fair value hierarchy	$ 4,070,828	$ -	$ -	4,070,828
Investments measured at NAV practical expedient (*)				619,229
Total investments at fair value				$ 4,690,057

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,302,205	$ -	$ -	$ 3,302,205
Total assets in the fair value hierarchy	$ 3,302,205	$ -	$ -	$ 3,302,205
Total investments at fair value				$ 3,302,205

	Investments at Fair Value as of December 31, 2018 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,205,643	$ -	$ -	$ 2,205,643
Total assets in the fair value hierarchy	$ 2,205,643	$ -	$ -	$ 2,205,643
Total investments at fair value				$ 2,205,643

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(4) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds and the common collective trust managed by T. Rowe Price. T. Rowe Price is the Recordkeeper as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the recordkeeping services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to T. Rowe Price of $3,040 and $2,085 for the years ended December 31, 2020 and 2019, which were not covered by revenue sharing. The Company, on behalf of the Plan paid all other administrative expenses of the Plan, and those expenses are excluded from these financial statements.

(5) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(6) Tax status

The Internal Revenue Service has determined that the Volume Submitter Profit Sharing Plan is designed in accordance with applicable sections of the IRC and informed the custodian of such in a letter dated March 31, 2014. Although the Plan has been amended, the Sponsor has adopted the Volume Submitter Profit Sharing Plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent to December 31, 2020 and 2019, the Company discovered operational errors. The operational errors related to an employee who did not receive an employer matching contribution on the final paycheck during 2019, incorrect deferral remittances and late deferrals. As of date the financial statements were available to be issued, these issues are not properly corrected, the IRS may treat them as a qualification. The Company will be taking steps to correct the issues identified with the definition used for the purposes of calculating both the participant and employer contributions necessary, the tax qualification issues will be resolved directly with the IRS.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	As of December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 4,790,244	$ 3,422,335
Add excess contributions payable at end of current year	382	382
Less contributions receivable at end of current year	(35,256)	(32,414)
Less corrective contributions at end of current year	(5,281)	(887)
Contributions per Schedule H of the Form 5500	$ 4,750,089	$ 3,389,416

The following is a reconciliation of contributions per the financial statements for the years ended December 31, 2020 and 2019 to Form 5500:

	Years Ended December 31,	
	2020	2019
Contributions per the financial statements	$ 1,052,184	$ 697,407
Add contributions receivable at end of prior year	32,414	-
Less contributions receivable at end of current year	(35,256)	(32,414)
Less corrective contributions at end of current year	(4,394)	(887)
Contributions per Schedule H of the Form 5500	$ 1,044,948	$ 664,106

(9) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $84,863 and $11 were not remitted within the required time period for the years ended December 31, 2020 and 2019, respectively. The Company is currently in the process of calculating the lost earnings and remitting them to the Plan.

(10) Subsequent events

The Plan has reviewed and evaluated subsequent events through November 16, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
