Hydro-Vac Holdings, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Hydro-Vac Holdings, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of R.K. Elite Hydro-Vac Services, Inc., R.K. Hydro-Vac, PA, Inc. and Hydro-Vac Holdings, Inc. (collectively, the “Company”) who are age 21 or older and have completed 1 year of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2020, two plans of R.K. Elite Hydro-Vac Services, Inc. and R.K. Hydro-Vac, PA, Inc. merged into this existing plan.

Contributions

Participants may contribute up to the maximum limit of their compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Company made a Safe Harbor matching contribution equal to 100% of participant deferrals that do not exceed 3% of participant's compensation plus 50% of salary deferrals in excess of 3% but not in excess of 5% of participant's compensation. The company may elect to make a discretionary nonelective contribution and a discretionary additional matching contribution. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, or other specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their safe harbor and voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or participant's beneficiary in the event of death) may elect a lump-sum equal to the value of the participant's vested interest. If the benefit is less than \$1,000, a participant may automatically receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship, early retirement, and in-service distributions are permitted if certain criteria are met.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$8,614 and \$2, respectively. Forfeiture amounts may be used to fund employer contributions or plan expenses. During 2020, \$4,561 was used by the Plan for plan fees.

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan (Continued)

Plan Investment Options

Upon enrollment in the Plan, participants may self-direct employee and employer contributions into any combination of various investment options offered. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account. Loans are to be repaid on the basis of substantially level amortization, within 5 years from the date the loan is made, except when used to acquire a principal residence. The loans bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Hydro-Vac Holdings, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

3. Tax Status

The Plan adopted a volume submitter plan which has received an advisory letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan was designed in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

4. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2020, and net investment gain (loss) in fair value of investments, interest and dividends for the year then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company (the Trustee of the Plan).

5. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Notes to Financial Statements

December 31, 2020 and 2019

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020.

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,353,687	\$ 0	\$ 0	\$ 14,353,687

8. Contracts with Insurance Company

The Plan holds whole life insurance policies with cash surrender values totaling \$292,804 and \$283,870 as of December 31, 2020 and 2019, respectively. Premiums are due annually on the contracts and dividends are paid annually. The effective interest rate on the contracts is 3.5%. These policies are considered allocated contracts and thus are excluded from the financial statements.

10. Party-In-Interest

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

11. COVID-19 Outbreak

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan sponsor's financial condition, liquidity, workforce, and future results of operations as well as the effects on the Plan. Management is actively monitoring the global situation on its Plan sponsor's financial condition, liquidity, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Plan sponsor is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

The Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participant to take up to a \$100,000 COVID-19 related distribution from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

12. Subsequent Events

Management evaluated the activity of the Plan through November 17, 2021 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
