1. DESCRIPTION OF PLAN

The following description of the Behavioral Health Group Employee 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Behavioral Health Group (the "Company") effective July 1, 1996. The Plan is a defined contribution plan covering all employees of the Company who have attained age 21 and completed ninety days of service. Entry dates into the Plan are January 1 and July 1 of each year. An employee eligible to participate in the Plan shall file a salary reduction agreement as a condition of participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 1% to 100% (up to maximum allowed by law) of pretax annual compensation, as defined in the Plan. Employee deferrals are limited by the Internal Revenue Services (IRS) to $19,500 and $19,000 for the years ended December 31, 2020 and 2019, respectively. A catch-up contribution of $6,500 and $6,000 for the years ended December 31, 2020 and 2019, respectively, is available for participants age fifty or older. Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of their contribution into various investment options offered by the Plan. In 2020, the Plan offered approximately twenty-six investment options. In 2019, the Plan offered approximately twenty-seven investment options.

Employer Contributions

The Plan provides for a discretionary matching contribution by the Company. The matching employer contribution for the years ended December 31, 2020 and 2019, was $325,722 and $241,890, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death or retirement, distributions under the Plan are made in lump-sum or in a monthly, quarterly, or annual installment over a fixed reasonable period of time, not exceeding the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and an individual the participant designates as his beneficiary.

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeiture accounts are available to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2020 and 2019, forfeited accounts totaled $-0- and $44, respectively.

Administration

The Company is the Plan Administrator. The Plan has designated an officer of the Company to assist with the duties of Plan Administrator. The Plan Administrator has authority to control and manage the operation and administration of the Plan according to its terms and provisions and has all powers necessary to accomplish these purposes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 15, 2021, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Investment Valuation and Income Recognition

Plan investment options include various mutual funds options and common/collective trust funds. Funds may be managed by the trustees or external mutual fund companies. Shares of mutual funds are quoted at market prices which represent the net asset value of shares held by the Plan at year end. The fair value of participation units held in the common/collective trust funds are based on their net asset values ("NAV"), as reported by the managers of the collective trust funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Contributions and withdrawals by plan participants result in the purchase or redemption of accumulation units of the separate account. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. See Note 3.

Management fees and operating expenses are charged to the Plan investments.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

3. FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENT (Continued)

The following is a description of the valuation methodologies used for assets measured as fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Registered Investments – Registered investments consist of mutual funds that are measured based on exchange quoted prices available in active markets.

Common/Collective Trusts – Measured using quoted prices in markets that are not active, and valued by the NAV of the units, based on the fair value of the underlying holdings.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2020 and 2019.

December 31, 2020	Fair Value (Level 1)	Fair Value (Level 2)	Total
Registered investments	$ 1,248,204	$ -	$ 1,248,204
Common/Collective Trusts – measured at NAV	-	-	3,919,149
	$ 1,248,204	$ -	$ 5,167,353

December 31, 2019	Fair Value (Level 1)	Fair Value (Level 1)	Total
Registered investments	$ 1,034,575	$ -	$ 1,034,575
Common/Collective Trusts – measured at NAV	-	-	2,687,337
	$ 1,034,575	$ -	$ 3,721,912

For the years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INVESTMENTS

Investment income includes interest and dividends of $14,298 and $17,080 for the years ended December 31, 2020 and 2019, respectively. Investment income also includes net appreciation in fair value of investments of $594,724 and $565,294, for the years ended December 31, 2020 and 2019, respectively.

5. PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. The Company also has the right to amend the Plan at any time.

6. ADMINISTRATIVE EXPENSES

Administrative expenses paid by the Plan were $55,664 and $40,563 for the years ended December 31, 2020 and 2019, respectively.

7. TERMINATED PARTICIPANTS

At December 31, 2020, there were six participants who had terminated with vested benefits totaling approximately $178,000. At December 31, 2019, there were eleven participants who had terminated with vested benefits totaling approximately $140,000.

8. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended since receiving the determination letter. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company.

10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore, the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.
