1. Description of Plan

The following description of Canteen Service Company of Owensboro, Inc. (Company) Profit-Sharing/401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, and its related companies Canteen Service Company of Kentuckiana, Inc., Derringer Food Group, Inc., and John Conti Coffee Co., who have one year of service and are age 18 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Plan Termination

Effective December 31, 2020, the Plan was terminated as a result of an acquisition of the Company by Five Star Food Service, Inc. on December 28, 2020. Participants with an account balance in the Plan became fully vested in all contribution sources as a result of the termination. The Plan's assets were distributed as soon as administratively practicable. Plan participants were notified by letter to inform the Plan Administrator of their form of distribution by April 16, 2021, including the option to roll balances into the Five Star Food Service, Inc. 401(k) Employees Savings Plan. The Plan balances for participants who did not respond were transferred to a default Individual Retirement Account.

Contributions

Prior to the Plan's termination, each year participants may contribute up to 75% of pretax annual compensation, as defined by the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to make Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans. Effective May 1, 2020, the Plan was amended to change the employer match from a fixed 50% on the first 6% deferred match to a discretionary match. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with participant's contributions, an allocation of the Company's matching contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Prior to termination, vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant was 100% vested after six years of credited service. Upon termination of the Plan, all participants became fully vested in their accounts.

Notes Receivable from Participants

Prior to the Plan's termination, participants could borrow from their accounts a minimum of $500, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Loans bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms may not exceed five years, unless for the purchase of a home. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Forfeitures

Forfeited non-vested accounts are used to reduce Company contributions or pay Plan expenses. During the nine months ended September 30, 2021, forfeited accounts of $25,735 were used to pay Plan expenses. There were no remaining forfeited non-vested accounts as of September 30, 2021. Remaining forfeited non-vested accounts were $25,712 at December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the termination of the Plan, the accompanying financial statements have been prepared in accordance with the liquidation basis of accounting.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

As of September 30, 2021, the Plan had no assets or liabilities. As a result of the termination of the Plan, the Plan's investments at December 31, 2020 were stated at liquidation value, which approximated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2020. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, Continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant loans and distributions of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Prepared and Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Charles Schwab Bank, the custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statement of net assets available for benefits in liquidation as of September 30, 2021 and December 31, 2020.
- Investment income as shown in the statement of changes in net assets available for benefits in liquidation for the nine months ended September 30, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

4. Fair Value Measurements, Continued

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Level 1 Fair Value Measurements

Mutual funds are valued at quoted market prices in an exchange and active market.

The stable value collective trust fund is an indirect investment composed primarily of fully benefit-responsive investment contracts and is valued using the net asset value (NAV) as a practical expedient to estimate fair value. The NAV is based on the underlying investment assets owned by the fund, minus its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan had no investments at September 30, 2021.

The Plan's investments measured at fair value on a recurring basis were as follows at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,845,129	$ -	$ -	$ 12,845,129
Total assets in the fair value hierarchy	$ 12,845,129	$ -	$ -	12,845,129
Investments measured at NAV (a)				3,027,886
Investments at fair value				$ 15,873,015

(a) Includes a collective trust fund which was measured using NAV as a practical expedient and is not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the Statement of Net Assets Available for Benefits.

5. Tax Status

The Plan is a prototype plan sponsored by ASC. The IRS has determined and informed ASC by a letter dated June 30, 2020 that the Non-standardized Pre-Approved Profit Sharing Plan with CODA is designed in accordance with the applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management believes the Plan has no uncertain tax positions. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

Fees paid during the year for investment management, administrative, and recordkeeping services rendered by parties-in-interest were based on customary and reasonable rates for such services and were $336 for the nine months ended September 30, 2021. Fees in the amount of $98,770 were also paid during the nine months ended September 30, 2021, but had been accrued during the year ended December 31, 2020 in accordance with the liquidation basis of accounting.
