Independent Auditor's Report

To the Plan Administrator of the
Jackson Offshore Operators, LLC Retirement Trust
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Jackson Offshore Operators, LLC Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020 and for the year ended, stating that the certified investment information, as described in Note 3 of the financial statement, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report;

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including it form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 15, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Jackson Offshore Operators, LLC Retirement Trust (the "Plan") provides only general information. Participants should refer to the "Plan Document" for a more complete description of the Plan's provisions.

General

The Plan was established effective March 1, 2012, as a defined contribution plan covering all employees, as defined in the Plan Document. The Plan, sponsored by Jackson Offshore Operators, LLC (the "Employer" or "Plan Administrator" or "Plan Sponsor"), is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and its amendments.

Administration of the Plan

The investment custodians for the Plan are Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, the "Custodians" or "Great-West"). The recordkeeper for the Plan is Empower Retirement, LLC.

Eligibility

Employees of the Plan Sponsor are eligible to participate in the Plan as well as begin making contributions on their initial date of employment.

Contributions

Participants may make pre-tax deferred or Roth contributions of any percentage or dollar amount of their compensation during the plan year as defined in the Plan Document, up to the maximum amount allowed by law ($19,500 for 2020). Participants who have attained age 50 before the end of the plan year are eligible to make additional pre-tax deferred catch-up contributions of up to $6,500 for 2020. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Document permits the Employer to make discretionary contributions in the form of a non-elective matching contribution. There were no employer discretionary non-elective matching contributions for the year ended December 31, 2020.

The Plan permits the Employer to automatically enroll newly eligible employees into the Plan with an automatic contribution of compensation of 3%. Employees receive notice on their initial date of employment before the automatic contributions begin. On the initial date of employment, an employee may opt out of the automatic enrollment by either electing not to contribute or electing a different contribution percentage or specified contribution amount.

Participant Accounts

Each participant's account is credited with the allocation of (a) participant's contributions, (b) employer discretionary non-elective matching contributions, if any, and (c) plan earnings less an allocation of plan administrative expenses. Allocations are based on either the participant's earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the vested benefit that can be provided from each participant's accounts.

Vesting

Participants are immediately 100% vested in their compensation deferral, rollover contributions and related earnings. Vesting in the employer discretionary non-elective matching contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in increments of one-third each year after the second year of service and are 100% vested after four years of service.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance less the balance of any existing notes. Note terms are not to exceed more than five years. Each note is collateralized by the balance in the participant's vested account and bears interest at a rate determined by the Plan Administrator based on prevailing commercial loan rates. The interest rate is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions. During 2020, the Company elected to enable the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") loan provisions, which expanded the maximum borrowing from a participant's fund account. See Note 2 for additional information on the CARES Act.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the employer discretionary non-elective matching contributions. Forfeitures from non-vested account balances are first used to pay plan expenses and then to reduce the employer contributions to the Plan, if any. The Plan's forfeiture account was $23 at December 31, 2020 and 2019, respectively. During the year ended December 31, 2020, no forfeitures were used to reduce employer contributions.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, participants are entitled to receive 100% of their account balance. A participant eligible for a distribution from the Plan may elect to receive an immediate lump sum payment as defined in the Plan Document. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. In-service distributions are allowed for participants who have reached age 59½ and are 100% vested. Financial hardship withdrawals are permitted, as defined in the Plan Document. During 2020, the Company elected to enable the CARES Act withdrawal provisions, which allows expanded hardship distributions related to COVID-19. See Note 2 for additional information on the CARES Act.

2. Summary of Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Investment Valuation and Income Recognition

All investments are held by the Custodians pursuant to group annuity contracts. The Plan provides for self-directed investment programs for individual participants as provided by the Custodians.

The Plan's investments are primarily held in various mutual funds and a guaranteed investment contract, which are administered by the Custodians. Investments in mutual funds are stated at fair value, based on quotations obtained from national security exchanges. Investments in the guaranteed investment contract are stated at contract value as determined by the Custodians, which is based on the fair value of the underlying investments. Furthermore, contract value approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investments in mutual funds and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the Plan's financial statements and participants' account balances.

COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the CARES Act. The CARES Act includes several relief provisions available to the tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Increase the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extend the period for loan repayments, if applicable, up to one year; and
- Suspended required minimum distributions for 2020.

Benefits

Benefits paid to participants are recorded when paid as a reduction to net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets. Fees and expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

3. Information Certified by the Investment Custodians

As permitted by the Rules and Regulations of the DOL with respect to Reporting and Disclosure under ERISA, the Custodians have certified to the Plan Administrator that the listing of investments (stated at fair value and contract value), together with all other transactions which affect plan investments (including notes receivable from participants), are complete and accurate as of December 31, 2020 and 2019 and for the year ended December 31, 2020. The following represents the certified data as of December 31, 2020 and 2019, and for the year ended December 31, 2020:

December 31,	**2020**	**2019**
Mutual funds	$ 3,274,731	$ 2,441,424
Guaranteed investment contract	244,467	103,024
Notes receivable from participants	203,988	114,679

Year Ended December 31,	**2020**
Net appreciation in fair value of mutual funds	$ 303,869
Dividends and interest from mutual funds	119,107
Interest income from guaranteed investment contract	1,794
Interest income from notes receivable from participants	7,349

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Disclosure

The Plan follows ASC 820, *Fair Value Measurements and Disclosures*, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. As defined by this guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The transaction is based on a hypothetical transaction in the principal or most advantageous market considered from the perspective of the market participant that holds the asset or owes the liability.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements, and accordingly, level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, certain inputs used to measure fair value may be categorized into different levels of the fair value hierarchy. For disclosure purposes, the lowest level that contains significant inputs used in valuation should be chosen. The Plan has classified its investments into these levels depending upon the data relied on to determine fair values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- *Mutual Funds*: The fair value of mutual funds are determined based upon market prices ("fair value") on the last business day of the plan year end and as reported by the Custodians of the Plan's assets. The change in the current value of investments during the period are reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.

There were no transfers between levels for the year ended December 31, 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets and investment liabilities at fair value as of December 31, 2020 and 2019. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,274,731	$ -	$ -	$ 3,274,731
Total assets at fair value	$ 3,274,731	$ -	$ -	$ 3,274,731

	Investment Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,441,424	$ -	$ -	$ 2,441,424
Total assets at fair value	$ 2,441,424	$ -	$ -	$ 2,441,424

5. Guaranteed Investment Contract

The Plan entered into a guaranteed investment contract with Great-West. The Key Guaranteed Portfolio Fund is held and backed by the general accounts of Great-West. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract permits the insurance company and the Plan to terminate the agreement with at least 90 days advance written notice to the other party. The average yields earned by the guaranteed investment contract are as follows:

Average Yields	2020	2019
Based on actual earnings	1.04%	1.20%
Based on interest rate credited to participants	1.04%	1.20%

6. Income Tax Status

The Plan Sponsor uses a Non-standardized Prototype Profit Sharing Plan with Cash or Deferral Arrangements offered by Great-West. Great-West received an opinion letter dated March 31, 2014 from the IRS that their prototype is acceptable under Code section 401(a) for use by employers for the benefit of their employees. The Plan has since been amended; however, the Plan Sponsor believes that the Plan is designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2017.

7. Plan Termination

Although it has not expressed the intent to do so, the Employer has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

8. Party-in-Interest

The Plan invests in various investments managed by Great-West. Great-West is the Plan's investment custodian and therefore, certain transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Custodians amounted to $1,200 for the year ended December 31, 2020.

The Plan maintained retirement plan consulting services agreements with Empower Retirement Advisory Service, a subsidiary of the Custodians, to provide retirement and investment advice for the Plan. Fees paid by the Plan for this service agreement amounted to $10,358 during the year ended December 31, 2020.

Notes receivable from participants also qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions.

9. Subsequent Events

The Plan Sponsor has evaluated all events through September 7, 2021, the date the financial statements were available for issuance, and determined that no additional events have occurred that require recognition in the financial statements or disclosure in the notes to the financial statements.

Re: Jackson Offshore Operators, LLC Retirement Trust
Plan Year: 2020 Form 5500

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27th but the package was apparently damaged by Fed Ex equipment and not delivered timely. Fed Ex found the contents, repackaged it and used the same tracking number to deliver the box to the IRS on August 12th. As the 5558 package was mailed timely on July 27th, we met the requirements for filing timely.

Our plan has met all previous filing deadlines timely. As we mailed our Form 5558 extension prior to the July 31st filing deadline and we mailed via Fed Ex which damaged our package through no fault of our own, we are requesting that you waive the penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated. Please forward any correspondence regarding this issue to this office.
