Independent Auditors' Report

To the Plan Administrator
GMi Companies, Inc.
401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the GMi Companies, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Trust Company, LLC, the trustee of the plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the accompanying 2020 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the 2020 information certified by the trustee. Their report dated October 10, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GMi, Companies Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE A – DESCRIPTION OF PLAN

The following brief description of the GMi Companies, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General Information

The original effective date of the Plan was January 1, 1980. The Plan was most recently amended and restated, effective July 1, 2018. The Plan is a defined contribution plan covering employees of GMi Companies, Inc. (the "Company") who are not co-ops, interns, nonresident aliens, not covered by a collective-bargaining agreement, and who have met certain service requirements, as defined. The Board of Directors of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the Employee Retirement Income Security Act ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act provided certain provisions, which, if adopted by the Plan, would provide plan participants with expanded distribution and loan opportunities. Plans were permitted to adopt these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022.

On or after March 27, 2020, and before December 31, 2020, plan management adopted that any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the Plan within the three-year period beginning on the date after the distribution.

Contributions

Each year, participants may make elective deferral contributions to the Plan on a before tax basis and after tax basis subject to certain Internal Revenue Code ("IRC") limitations. Participants who do not complete a salary deferral agreement on or after 90 days of eligibility are automatically enrolled in the plan at 3% of their eligible compensation withheld. During 2020, the Company provided discretionary employer matching contributions of 25% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company may also contribute discretionary profit sharing contributions to the Plan at the discretion of the Company's Board of Directors. Such discretionary profit sharing contributions are allocated to participants based on the proportion of a participant's compensation plus the participant's compensation in excess of the Social Security Taxable Wage Base to the Company's total compensation plus the Company's total compensation paid in excess of the Social Security Taxable Wage Base. Discretionary profit sharing contributions of \$300,000 were made in 2020.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another qualified retirement plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and a prorated allocation of the Plan's earnings. The pro-rata allocation is based upon the proportion of individual account balances to total participants' account balances in the respective investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company discretionary match and profit sharing contributions are invested as directed by the participants. The Plan currently offers numerous mutual funds and one guaranteed investment contract as investment options for participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 100% vested in their accounts after five years of service. Forfeitures are allocated as an additional employer matching contribution. During 2020, the Plan sponsor allocated \$2,668 and of the forfeiture balance as an additional employer contribution. The balance of unallocated forfeitures was \$16,012 and \$17,529 as of December 31, 2020 and 2019, respectively.

Payment of Benefits

Upon a participant's retirement, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed in a lump-sum payment or installments upon participant request. In-service distributions are permissible from the Plan for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump-sum payment. In conditions of "financial hardship" a participant may apply to the Plan administrator for approval to withdraw that portion of the participant's 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in net appreciation of fair value of investments.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding decrease to contributions.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully-benefit responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. The fully-benefit responsive investment contract is reported at contract value because it represents the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation)

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when approved. There were no benefit payments that were approved but not paid as of December 31, 2020 or 2019.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2020, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

GMi, Companies Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$9,789,355	\$ -	\$ -	\$9,789,355
Total investments, at fair value	<u>\$9,789,355</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$9,789,355</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$8,255,009	\$ -	\$ -	\$8,255,009
Total investments, at fair value	<u>\$8,255,009</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$8,255,009</u>

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Investment options of the Plan includes a guaranteed investment contract with Great-West Trust Company, LLC. The guaranteed investment contract is fully benefit-responsive, and because of this the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include Plan termination and contract termination prior to Great-West Trust Company, LLC recovering all start-up costs. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Either party may terminate the contract with at least 60 days advance written notice to the other party.

GMi, Companies Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE F – TAX STATUS

The Plan uses a prototype plan document sponsored by Great-West Trust Company, LLC. Great-West Trust Company, LLC received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that is more likely than not to not be sustained upon examination by the IRS. There were no uncertain tax positions as of December 31, 2020 or 2019.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – RELATED-PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those fiduciaries or employees of the Plan, any person who provides services to the Plan and employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are invested in accounts managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Several employees of the Company provide administrative services to the Plan and include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services provided to the Plan.

NOTE J – CORRECTIVE DISTRIBUTIONS

The Plan failed to pass the Average Deferral Percentage (ADP) Test for the plan year ended December 31, 2020 and 2019.

NOTE J – CORRECTIVE DISTRIBUTIONS (CONTINUED)

The accompanying statements of net assets available for benefits include a liability of \$47,362 and \$22,996 as of December 31, 2020 and 2019, respectively, related to the excess contributions payable to the participants. The Plan distributed these corrective distribution amounts to the participants within three months after the Plan's year end.

NOTE H – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2020, events and transactions subsequent to December 31, 2020 through September 28, 2021, which is the date on which the financial statements were available to be issued, have been evaluated by the plan administrator for possible adjustment and/or disclosure.

No subsequent events requiring financial statement adjustment and/or disclosure have been identified.

Re: GMI Companies, Inc. 401(k) Profit Sharing Plan
Plan Year: 2020 Form 5500

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27th but the package was apparently damaged by Fed Ex equipment and not delivered timely. Fed Ex found the contents, repackaged it and used the same tracking number to deliver the box to the IRS on August 12th. As the 5558 package was mailed timely on July 27th, we met the requirements for filing timely.

Our plan has met all previous filing deadlines timely. As we mailed our Form 5558 extension prior to the July 31st filing deadline and we mailed via Fed Ex which damaged our package through no fault of our own, we are requesting that you waive the penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated. Please forward any correspondence regarding this issue to this office.
