Independent Auditor's Report

To the Trustees and Participants of the
Pride of the Hills Manufacturing, Inc. 401(k) Plan
Big Prairie, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Pride of the Hills Manufacturing, Inc. 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017 in liquidation, and the related statement of changes in net assets available for benefits for the year then ended in liquidation, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2017 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company as agent for Pershing LLC, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the

agent on behalf of the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2017 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the trustees of the Pride of the Hills Manufacturing, Inc. 401(k) Plan terminated the Plan effective October 20, 2017, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting for periods subsequent to December 31, 2016 from the going concern basis to the liquidation basis. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedules

The supplemental Schedules of Delinquent Participant Contributions in liquidation for the year ended December 31, 2017 and Assets (Held at End of Year) in liquidation as of December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2016 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Mid Atlantic Trust Company as agent for Pershing LLC and Mid Atlantic Trust Company, the custodians of the Plan. Their report, dated July 31, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the agent on behalf of the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Pride of the Hills Manufacturing, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Pride of the Hills Manufacturing, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan sponsor is Pride of the Hills Manufacturing, Inc. The Plan covered substantially all eligible employees of the following participating employers: Pride of the Hills Manufacturing, Inc. (POH or Plan sponsor), Pride of the Hills Manufacturing of Killbuck, Inc. (Killbuck), Grace Automation Services, Inc., Grace Automation Mid-Continent, Inc. and Whispering Hills Recreation, Inc. (effective January 1, 2017) (collectively referred to as the Company). Employees of the Company were eligible after six months of consecutive service and at least 500 hours and could enter the Plan on January 1st and July 1st. The Plan Trustees oversee governance of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Termination

During September 2017, POH and Killbuck closed and filed for bankruptcy. Effective October 20, 2017, the Plan sponsor elected to terminate the Plan. As a result of this action, participants became 100% vested in their accounts. Upon termination of the Plan, no further contributions were made to the Plan. Liquidation of assets will occur through distributions to participants with account balances and payment of Plan administrative expenses during years ending subsequent to December 31, 2017, with full liquidation as soon as possible and expected by December 31, 2021.

The following description of the Plan represents information prior to the Plan termination date. Subsequent to the termination date, many of the features and options of the Plan became unavailable to participants.

Contributions

Each year, participants could elect to defer up to the maximum contribution allowable by law. The Plan allowed for voluntary after-tax (Roth) contributions. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan.

In 2016, Company made safe harbor matching contributions of 100% of participants' elective deferral contributions up to 3% of compensation, plus 50% of their elective deferral contributions from 3% up to 5% of compensation. Effective January 1, 2017, the Company replaced the safe harbor match with a discretionary match of 100% of the participants' elective deferral contributions up to 1% of compensation. The Plan also permitted the Company to contribute an additional discretionary nonelective profit sharing amount each year, however no discretionary profit sharing contributions were made to the Plan during 2017 and 2016.

Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Pride of the Hills Manufacturing, Inc. 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their accounts into the various funds provided. Participants may change their allocation or transfer money between investment options at any time during the year.

Vesting

Participants are immediately vested in their contributions, Company safe harbor matching contributions and Company discretionary matching contributions, plus actual earnings thereon. A participant is 100 percent vested in the Company discretionary profit sharing contributions after five years of credited service.

Payment of Benefits

Upon death, disability, retirement, or any other type of termination a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. If the participant's account is between \$1,000 and \$5,000, the Plan may make an automatic rollover of the participant's vested interest in his or her account to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan may make an automatic lump sum distribution to the participant equal to the participant's vested interest in his or her account. Upon reaching age 59 ½, participants still in service may elect to receive distributions of their fully vested account balances. The Plan also permitted distributions to participants who have a qualifying financial hardship.

Forfeited Accounts

Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses or to reduce the Company's contributions. At December 31, 2017 and 2016, there were no forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 1, the Company terminated the Plan effective October 20, 2017. As a result, the Plan changed its basis of accounting for the periods subsequent to December 31, 2016 from the going concern basis to the liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Pride of the Hills Manufacturing, Inc. 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees related to administration of benefits paid to participants are charged directly to the participants' accounts and included in administrative expenses. Administrative expenses such as auditing, investment advisor and certain third-party administration were paid by the Plan during 2017. Total administration expenses amounted to \$32,929 and \$2,745 for the years ended December 31, 2017 and 2016, respectively.

Under the liquidation basis of accounting, the Plan has accrued expenses of \$46,650 at December 31, 2017, related to the expenses estimated to be incurred through liquidation. Accrued expenses include recordkeeping, investment advisor and participant distribution fees.

Subsequent Events

The Plan has evaluated subsequent events through October 25, 2021, the date the financial statements were available to be issued.

3. Information Certified by the Custodians

In accordance with 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at year end, net appreciation in fair value

Pride of the Hills Manufacturing, Inc. 401(k) Plan

Notes to Financial Statements

of investments and interest and dividend income for the years ended was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mid Atlantic Trust Company as agent for Pershing LLC (Pershing), the custodian as of and for the year ended December 31, 2017 and by Mid Atlantic Trust Company as agent for Pershing LLC and Mid Atlantic Trust Company, the custodians as of and for the year ended December 31, 2016. Auditing procedures have not been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Pride of the Hills Manufacturing, Inc. 401(k) Plan

Notes to Financial Statements

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end fund that is registered with the SEC. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded. The money market fund seeks to preserve the value of the investment of \$1.00 per share.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,032,126	\$ -	\$ -	\$ 1,032,126
Money market fund	26,053	-	-	26,053
Investments at fair value	<u>\$ 1,058,179</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,058,179</u>

Assets at Fair Value as of December 31, 2016:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,239,278	\$ -	\$ -	\$ 1,239,278
Money market fund	72,402	-	-	72,402
Investments at fair value	<u>\$ 1,311,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,311,680</u>

5. Tax Status

The Plan adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement sponsored by Summit Benefit Solutions, Inc. (Summit). Summit received an opinion letter dated March 31, 2014 from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for benefit of their employees. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan and related trust are designed and operating in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan

Pride of the Hills Manufacturing, Inc. 401(k) Plan

Notes to Financial Statements

is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party in Interest Transactions

Pershing provides custodial services for the Plan. Pershing may receive revenue from certain mutual funds which is used to offset the custodial fees.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

8. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Company is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2017, the Company failed to timely remit certain employee deferrals to the Plan totaling \$7,925. The Company is in the process of computing and remitting the deferrals and lost earnings to the Plan.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to the Form 5500:

	<u>2017</u>
Net assets available for benefits per the financial statements	\$ 1,020,979
