DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(1) Plan Description

The following description of the DSC New Century Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General Information and Eligibility

The Plan is a defined contribution plan covering certain employees, as defined in the Plan document, of DSC Logistics, LLC, Dry Storage Corporation, and DSC Integrated Logistics Inc. (the Companies). Employees must be covered employees of the plan sponsor, as defined, and complete thirty days of service prior to being eligible for the Plan. Employees are eligible for the Company matching contribution if they are actively participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percent of their annual compensation into the Plan not to exceed the limits set by the Plan and the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Companies' contribution for union and nonunion employees are calculated as 50% of the first 6% of eligible wages. Union employees hired prior to February 2015 with minimum of one year of service also receive a \$5 per week discretionary contribution if the employee works one or more days per week. At the discretion of the Companies' Board of Directors, the Companies may make a profit sharing contribution for union and nonunion employees. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' matching contributions, an allocation of the Companies' discretionary contributions, if any, and investment earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Payment of Benefits

On termination of service for any reason, a participant may elect to receive a single amount equal to the value of the participant's vested interest in the account.

(e) Vesting

Participants are immediately vested in 100% of their contributions plus earnings thereon. Vesting in the Companies' contribution portions of their accounts, if any, plus actual earnings thereon is based on a graduated schedule with full vesting after five years, as described in the plan document. In the event of death, disability or retirement at designated ages, as defined in the plan document, participants become fully vested.

DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. The interest rate on current loans is 4.25% to 6.50% and mature at various dates through November 12, 2027. Principal and interest are paid through payroll deductions.

(g) Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$16,842 and \$232,239, respectively. These accounts will be used to pay administrative expenses of the Plan and /or to reduce the Companies' future contributions. During 2019, forfeitures of \$417,076 were used to reduce Companies' contributions.

(h) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute the excess contributions to the applicable participants in accordance with IRC.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(d) Notes Receivable from Participants

Notes receivable represent loans from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted loans are deemed distributions and are included with benefits paid to participants. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative expenses

Certain expenses of the Plan are paid by the Plan, unless otherwise paid by the Company.

(3) Information Certified and Provided by the Custodian

Certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (Mass Mutual) and the Reliance Trust Company, the Custodians of the Plan.

(4) Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Level 3 Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018:

Assets measured at fair value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 72,081,690			72,081,690
Investments at fair value	\$ 72,081,690	—	—	72,081,690

Assets measured at fair value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 60,651,222	—	—	60,651,222
Investments at fair value	\$ 60,651,222	—	—	60,651,222

(5) Related Party Transactions and Party in Interest Transactions

Certain plan investments are managed by Mass Mutual. Mass Mutual as the Custodian, qualifies as a party in interest. Additionally, Mass Mutual provides plan administration services to the Plan. Fees for these services were \$71,813 to Mass Mutual for the year ended December 31, 2019.

Certain other administrative expenses are paid by the Companies on behalf of the Plan. Additionally, employees of the Companies provide various services to the Plan. The employees are not compensated by the Plan for these services.

DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(6) Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Plan has adopted a volume submitter prototype plan document sponsored by Mass Mutual that obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and being operated, in compliance with the applicable IRC, and therefore, believe that the Plan is qualified, and the related trust, is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

The Plan has performed an evaluation of subsequent events through October 9, 2020 the date the financial statements were available to be issued.

In March 2020, the COVID-19 pandemic resulted in significant volatility in the global financial markets. The impact of the COVID-19 pandemic on companies continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Given the COVID-19 pandemic there has been instability in the global economy and financial markets. The extent to which COVID-19 impacts the Plan's financial position will depend on future developments, which are highly uncertain and cannot be predicted with confidence.

In March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress.

DSC NEW CENTURY PLAN

Notes to Financial Statements

December 31, 2019 and 2018

The CARES Act allows eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, a new hardship withdrawal option, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions.

The Plan has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.

The Plan changed custodians/trustees on October 1, 2020.
