COMPASS HOLDING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: Description of the Plan:

General:

The following description of the Compass Holding 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan maintained for the benefit of eligible employees (as defined) of Compass Holding, LLC and related adopting employers (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions which are to be maintained in separate accounts.

Employee-directed contributions:

Eligible employees of the Company may elect to defer up to 80% of their annual compensation (as defined) to the Plan, not to exceed Internal Revenue Code limitations.

Employee rollover contributions:

To be made by the employee from amounts received from any other qualified plan, subject to the provisions of applicable tax law.

Employer contributions

The Plan provides for the Company to make matching contributions. 100% of the first 1% of salary deferrals plus 50% of the salary deferrals between 1% and 6% are matched by the employer. The total employer contributions for the year ended December 31, 2020 and 2019 were $262,302 and $234,407, respectively.

Participant accounts:

Employees have the ability to direct their employee and employer contributions into a variety of investment options allowed by the Plan.

Investment income and the fair value appreciation or depreciation are allocated to participants and terminated participants (who have undistributed account balances) based on account balances, as defined.

NOTE 1: Description of the Plan (continued):

Participant accounts (continued):

Each participant's account is credited with participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in employer contributions, and earnings thereon, is based on years of continuous service. A participant is 100% vested after two years of vesting service, as defined.

Forfeitures occur when employees terminate employment with less than 100% of employer contribution vested. The Sponsor uses forfeitures to reduce administrative expenses or contributions. For the year ended December 31, 2020 and 2019, there were $47,950 and $25,894, respectively, available for allocation. No forfeitures were utilized in 2020 or 2019 to reduce administrative expenses or contributions.

Hardship withdrawals:

The Plan allows for hardship withdrawals of elective deferrals. Participants that have received hardship withdrawals are allowed to continue making elective deferrals to the Plan.

Payment of benefits:

Payments of benefits are made to participants or their beneficiaries upon death, retirement, when they reach retirement age, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan.

NOTE 2: Significant accounting policies:

Basis of presentation:

The financial statements of the Compass Holding 401(k) Plan have been prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portions of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2: Significant accounting policies (continued):

Recognition of income:

The basis of investments held by the Plan is adjusted annually to the closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments:

Investments are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants the the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Payment of benefits are recorded when paid.

Expenses:

Expenses associated with Plan administration are paid either by the Plan or the Company. Investment related expenses are included in the net appreciation of fair value of investments.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3: Fair value measurements:

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable maket data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3: Fair value measurements (continued):

Collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
December 31, 2020				
Mutual funds	$ 666,532	$ -	$ -	$ 666,532
Investments meaured at net asset value*	-	-	-	1,493,684
Investments at fair value	$ 666,532	$ -	$ -	$ 2,160,216

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
December 31, 2019				
Mutual funds	$ 416,293	$ -	$ -	$ 416,293
Investments meaured at net asset value*	-	-	-	869,957
Investments at fair value	$ 416,293	$ -	$ -	$ 1,286,250

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 3: Fair value measurements (continued):

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Collective trust funds	$ 1,493,684	n/a	Daily	none

December 31, 2019	Fair value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Collective trust funds	$ 869,957	n/a	Daily	none

NOTE 4: Guaranteed interest contracts:

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The values of the traditional investment contract at December 31, 2020 and 2019 were $146,954 and $52,943, respectively.

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issure is contractually obligated to repay the principal and interest as a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTE 4: Guaranteed interest contracts (continued):

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ablity to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact act contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occuring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
4. A material misrepresentation
5. A material amendment to the agreements without the consent of the issuer.

NOTE 5: Information prepared and certified by trustee:

The following information in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31, 2020	December 31, 2019
Investments, at fair value:		
Mutual funds	$ 666,532	$ 416,293
Collective trust funds	1,493,684	869,957
Investments, at contract value:		
Key Guaranteed Portfolio Fund	146,954	52,943
Investment income (loss)	298,511	150,671

NOTE 6: Related party and parties-in-interest transactions:

The Plan includes certain investments managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan amounted to $22,290 and $11,587 for the years ended December 31, 2020 and 2019, respectively.

Certain administrative services, principally the maintenance of the Plan's accounting records, are performed by Compass Holding at no charge to the Plan.

NOTE 7: Plan termination:

The Company intends to continue the Plan indefinitely; however, it does have the right to terminate it, discontinue it, or amend it from time to time. If the Plan terminates, or there is a permanent discontinuance of contributions, all participants' accounts will become fully vested.

NOTE 8: Income tax status:

The Plan is a standardized prototype plan sponsored by Great-West Trust Company, LLC that has been adopted by the Company. The prototype plan obtained its latest opinion on March 31, 2014, which the Internal Revenue Service ("IRS") stated the prototype plan, as then designed was in compliance with the application requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 9: Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: COVID-19 Response:

The ongoing COVID-19 pandemic has impacted and could further impact the Plan's operations. The extent to which the pandemic impacts operations, results of operations, and financial condition will depend on further developments, which are highly uncertain, including but not limited to the duration, spread, and severity of the pandemic, its effects on the Company's employees, suppliers, and customers, and the remedial actions and stimulus measures adopted by local and federal government. The pandemic remains a rapidly evolving situation, and the impact cannot be reasonably estimated at this time.

NOTE 11: Subsequent events:

Subsequent events have been evaluated through September 23, 2021, which is the date the financial statements were issued.

Re: Compass Holding 401(k) Plan
Plan Year: 2020 Form 5500

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27th but the package was apparently damaged by Fed Ex equipment and not delivered timely. Fed Ex found the contents, repackaged it and used the same tracking number to deliver the box to the IRS on August 12th. As the 5558 package was mailed timely on July 27th, we met the requirements for filing timely.

Our plan has met all previous filing deadlines timely. As we mailed our Form 5558 extension prior to the July 31st filing deadline and we mailed via Fed Ex which damaged our package through no fault of our own, we are requesting that you waive the penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated. Please forward any correspondence regarding this issue to this office.
