Independent Auditor's Report

To the Investment Committee
Three D Metals Inc 401(k) Plan
Valley City, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Three D Metals Inc 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental schedules (Schedule of Assets (Held at End of Year) as of December 31, 2020) and Schedule of Delinquent Participant Contributions for the year ended December 31, 2020) are presented for purposes of additional analysis and are not a required part of the 2020 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including thier form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019 and the statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Three D Metals Inc 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all non-union employees, as defined in the Adoption Agreement, of Three D Metals, Inc. (the “Company” and “Plan Sponsor” and “Employer”) who have completed three months of service with at least 1 hour of service in each month or worked at least 1,000 hours of service during the previous Plan year depending on full-time/part-time status of the employee, as defined in the Adoption Agreement, and attained 18 years of age. Williams Metals and Welding Alloys, Inc. (“WMWA”) was acquired by the Company effective February 9, 2016, and effective August 16, 2016, the Plan was amended to allow WMWA’s employees to participate in the Plan. Periods of service with WMWA are counted for purposes of eligibility and vesting in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may make voluntary before-tax or Roth contributions up to 92% of their compensation as defined each year. Effective August 1, 2019, once participants are eligible to contribute to the Plan, they are automatically enrolled to contribute on a pre-tax basis at 3% but may elect to contribute on a pre-tax and / or Roth basis from 1% to 92% of Plan compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. If automatically enrolled, the participant invests in target date funds. In addition, the Plan allows for employer safe harbor matching contributions. The Company authorized safe harbor matching contributions equal to 100% of each participant’s elective deferrals not to exceed 3% of the participant’s compensation, plus 50% of each participant’s elective deferrals in excess of 3% but not in excess of 5% of the participant’s compensation. Qualified nonelective contributions (including profit-sharing contributions) may be made to the Plan solely at the discretion of the Company’s Board of Directors. There was no qualified nonelective contribution authorized for the 2020 Plan year. See Note 11 for the qualified nonelective contributions remitted to the Plan in 2019. There were no profit-sharing contributions authorized for the 2020 and 2019 Plan years. The Company and participant contributions are subject to the limitations imposed under Internal Revenue Code Sec. 404(a)(3)(A).

Participant Accounts

Each participant’s account is credited with the participant’s elective deferral, including amounts rolled over from other qualified plans, any contributions by the Company, and earnings or losses on those contributions.

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in elective deferrals and safe harbor matching contributions, plus actual earnings thereon. The profit-sharing contributions are subject to a vesting schedule, as defined in the Adoption Agreement, with the participant becoming 25% vested in the Plan after one year of credited service and being fully vested after four years of credited service. WMWA's employees' matching contributions made prior to the plan merger are subject to a vesting schedule, as defined in the Adoption Agreement, with the participant becoming 20% vested in the Plan after two years of credited service and being fully vested after six years of credited service.

Forfeitures

Forfeitures are used to pay expenses of the Plan or to reduce future employer contributions to the Plan. As of December 31, 2020 and 2019, there were unallocated forfeitures of \$15,538 and \$4,813, respectively. During the 2020 and 2019 Plan year, no forfeitures were utilized.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance under the Plan, as defined in the Adoption Agreement. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. No participant may have more than two outstanding loans. The participant's outstanding loan balance will be offset upon receiving any type of distribution after severance of employment. As required by federal tax regulations, a participant's defaulted loan will remain on the books until a qualifying event occurs, even though income has been reported to the Internal Revenue Service ("IRS"). As of December 31, 2020 and 2019, interest rates ranged from 3.25% to 6.50% and had various maturity dates ranging through 2028.

Payment of Benefits

Upon death, disability, retirement or termination of services, a participant's elective deferrals plus the vested amount of Company contributions, and earnings thereon, are paid in a single lump sum payment or installments as provided by the Plan Adoption Agreement. If the participant's account is between \$1,000 and \$5,000, the Plan may make an automatic rollover of the participant's vested interest in his or her account to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan may make an automatic lump-sum distribution to the participant equal to the participant's vested interest in his or her account. Distributions of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could vary from estimates that were used.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment guaranteed interest fund, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan's fully benefit-responsive guaranteed interest fund with Great-West Life & Annuity Insurance Company (Note 3) is valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less distributions.

Notes Receivable - Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Adoption Agreement.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

As provided by the Plan Adoption Agreement, the Plan's administrative expenses are paid by either the Plan or the Company, at the Company's discretion.

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

Recently Adopted Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates certain disclosures, including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures, including disclosing purchases, sales and transfers for Level 3 investments instead of the Level 3 roll-forward. This ASU requires that nonpublic entity's disclose additional supporting information used to derive significant unobservable inputs for Level 3, such as the range and weighted average of the significant unobservable inputs. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) instead of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. For investments in certain entities that calculated net asset value, or NAV, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the reporting entity or announced the timing publicly. If the timing is unknown, the reporting entity shall disclose that fact. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. ASU 2018-13 is effective for periods beginning after December 15, 2019. Effective January 1, 2020, management adopted the ASU which had no material impact on the financial statements.

Evaluation of Subsequent Events

The Company has evaluated subsequent events that occurred between December 31, 2020 and October 6, 2021, which is the date the financial statements were available to be issued. There were no subsequent events to be reported.

3. Guaranteed Interest Fund

The Plan has a benefit-responsive guaranteed interest fund with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest fund. The guaranteed interest fund is presented in the statements of net assets available for benefits at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain amendments to the Plan Adoption Agreement, such as a complete plan termination. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

The average yield based on actual earnings was 1.20% and 1.45 for the years ended December 31, 2020 and 2019, respectively. The average yield based on interest rate credited to participants was 1.20% and 1.45% for the years ended December 31, 2020 and 2019, respectively.

Participants may transfer their account balance to any other investment option offered under the Plan at any time with no restrictions or penalties. If a participant transfers out of the Guaranteed Interest Fund, Great-West Life & Annuity Insurance Company reserves the right to restrict transfers for 30 days. These transactions are processed after the resolution of closed or disrupted financial exchanges or markets.

4. Information Certified by Trustee

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC d/b/a Empower Retirement (collectively, "Great-West"), the trustee of the Plan.

Great-West has certified as to the completeness and accuracy of the investments and notes receivable from participants held at December 31, 2020 and 2019, the changes in net assets arising from investment activity, and the schedule of assets held for investment purposes as of and for the years ended December 31, 2020 and 2019.

5. Tax Status

The Plan is a prototype non-standardized profit sharing plan with cash or deferred arrangement provided by Great-West which has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service. The opinion letter states that the prototype non-standardized profit sharing plan with cash or deferred arrangement is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan sponsor is responsible for reviewing the annual Required Amendments List ("RAL") issued by the IRS for individually designed plans to retain qualified tax status. Subsequently, the Plan has been amended. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, qualifies as tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all rights and benefits of the participants will become fully vested.

7. Party-In-Interest Transactions

Certain Plan investments are managed by the Great-West. Great-West is the trustee, and therefore, these transactions qualify as exempt party in interest transactions and are exempt from the prohibited transaction rules of ERISA. The Plan made direct payments for recordkeeping fees to the trustee for the years ended December 31, 2020 and 2019, in the amount of \$23,389 and \$24,799, respectively.

8. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 9,689,337	\$ -	\$ -	\$ 9,689,337
Balance at December 31, 2020	\$ 9,689,337	\$ -	\$ -	\$ 9,689,337

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 9,093,547	\$ -	\$ -	\$ 9,093,547
Balance at December 31, 2019	\$ 9,093,547	\$ -	\$ -	\$ 9,093,547

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Current Vulnerability

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

Three D Metals Inc 401(k) Plan

Notes to Financial Statements

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

CARES Act

On March 27, 2020, former President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and implemented the following provisions:

- Allow special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year
- Suspend required minimum distributions for 2020

10. Prohibited Transactions

During 2018 and 2017, the Plan Sponsor failed to timely transmit certain participant contributions to the Plan. The Plan Sponsor is in the process of correcting the 2018 and 2017 lost earnings on these late contributions in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

11. Voluntary Correction Program

During the third quarter of 2018, Plan Management identified certain operational errors related to the management and reporting of the Plan and corrected those errors with the IRS through the Voluntary Correction Program ("VCP") through a filing submitted on April 26, 2019. In accordance with Section III of the Model VCP Compliance Statement, Plan Management made deposits to each affected participant's account in the amount of 50% of the missed deferral, plus 100% of the missed match, plus lost earnings using a loss date of January 1st of each affected year and recovery and deposit dates of January 29 and 30, 2019. The total dollar value of the contribution made to participants was \$406,581. The revenue from this contribution was recognized as of December 31, 2018. The IRS accepted the Plan's VCP filing on July 28, 2020.

RE: 2020 Form 5500
PLAN: Three D Metals Inc 401(k) Plan
EIN: 31-1070968
PN: 001

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27th but the package was apparently damaged by Fed Ex equipment and not delivered timely.

Fed Ex found the contents, repackaged, and used the same tracking number to deliver the box to the IRS on August 12th. Since the Form 5558 was mailed timely on July 27th, we feel have met the requirements for filing Form 5500.

Our plan has always met previous filing deadlines by mailing the Form 5558 extensions prior to the July 31st filing deadline via Fed Ex with no issue. For 2020, we again mailed timely via Fed Ex who damaged our package, thus through no fault of our own, are requesting a waiver of any penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated.

Thank you.
