# TSD 401(k) Plan

## Notes to Financial Statements

December 31, 2020

### 1. Description of Plan

The following description of the TSD 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan, established January 1, 1991 and restated March 22, 2017, is a defined contribution plan covering all eligible employees of TSD Rental, LLC (Company and Plan Sponsor) who have attained the age of 21 and complete one month of service. Once eligible, employees enter the plan the first of each plan year quarter. Eligible employees exclude collectively bargained employees, non-resident aliens and students.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. In addition, employees are allowed to withdraw funds without the IRS 10% early withdrawal penalty. Written amendments to the Plan to reflect these operational changes will be adopted later in accordance with applicable law and IRS guidance.

#### Contributions

Each year, participants may contribute from 1% to 100% of their respective pretax annual compensation, subject to limitations established by the Plan and the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan permits Roth elective deferrals. Roth elective deferrals are treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Internal Revenue Code (Code).

The Plan also includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation reduced by 3% and invested in investments as specified by the participant or the default investment funds, as described in the Plan.

### 1. Description of Plan (continued)

#### Contributions (contributed)

The Company may also elect to provide a discretionary matching contribution. For each of the years ended December 31, 2020 and 2019, the Company made discretionary matching contributions equal to 25% of 10% of each participant's eligible deferred compensation or 2.5%, respectively.

The Company may also elect to provide a non-elective contribution. For the years ended December 31, 2020 and 2019, the Company made no non-elective contribution.

#### Participants Accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and a pro rata allocation of the Fund's investment gains or losses. The benefit to which a participant is entitled is the vested portion from the participant's account.

The available forfeited non-vested employer contributions were \$1,400 and \$-0- at December 31, 2020 and 2019, respectively. These amounts, if any, are used to reduce future employer contributions. Forfeitures used to reduce employer contributions during the years ended December 31, 2020 and 2019 amounted to \$17,160 and \$30,555, respectively.

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years of credited service, 40% after three years, 60% after four years, 80% after five years, and is 100% vested after the completion of six years of credited service.

#### Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant must have a balance of \$2,000 to be eligible for a loan. Loan terms must not exceed five years unless for the purchase of a primary residence for which the loan can extend to fifteen years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 1% above the current prime rate. Principal and interest is paid ratably through payroll deductions.

### 1. Description of Plan (continued)

#### Payment of Benefits

On termination of service, or upon death, disability or retirement, a participant or beneficiary, once requested, will receive a lump-sum amount equal to the vested value of his or her account.

Financial hardship withdrawals may also be made in accordance with the plan documents.

#### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

### 2. Summary of Accounting Policies

#### Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

#### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive insurance company general account product, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

### 2. Summary of Accounting Policies (continued)

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

#### Administrative Expenses

An annual asset-based fee of 35 basis points is assessed in quarterly installments, based upon an average daily balance. These fees are related to recordkeeper expenses, and a suspense account (ERISA Budget Account) credited at a rate of 20 basis points per annum. This account can be used to cover plan expenses, such as auditing, legal and consultant fees. These amounts are not available to reduce Company contributions.

The amount available in the ERISA Budget account at December 31, 2020 and 2019 is \$20,250 and \$14,992, respectively. During the years ended December 31, 2020 and 2019, \$15,000 and \$-0- was used from the ERISA Budget account to offset plan expenses.

Certain other expenses such as participant loan processing fees and other specific participant fees are also deducted directly from participant accounts. The total amounts deducted from participant accounts in 2020 and 2019 amounted to \$34,721 and \$46,319, respectively.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### 3. Investments

All investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of mutual funds, dividends, interest income and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company, the trustee and custodian of the Plan.

## TSD 401(k) Plan

#### 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2020 and 2019.

*Mutual funds* are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All mutual fund investments held December 31, 2020 and 2019 are Level 1 within the fair value hierarchy.

## TSD 401(k) Plan

### Notes to Financial Statements (continued)

#### 5. Investment Contract

The Plan investments include the *Key Guaranteed Portfolio Fund*, an offering through Great-West Life & Annuity Company. Contributions to this investment are fully guaranteed by Great-West's general account assets. This investment meets the fully benefit responsive investment criteria and therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investments because this is the amount received by participants if they were to initiate permitted transactions under the investment. Contract value, as reported by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The effective annual interest rate will never be less than 0%. No restrictions are placed on participants with respect to transfers in and out of this fund. Should the Plan Sponsor terminate the group annuity contract, Great-West reserves the right to defer payment of the amounts in the Key Guaranteed Portfolio Fund of up to twelve months from the notice of contribution cessation. Interest rates are established each calendar quarter. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The average investment return was 1.04% and 1.20% for the years ended December 31, 2020 and 2019, respectively.

#### 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### 7. Income Tax Status

The Great-West Trust Company, LLC prototype plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014 in which the Internal Revenue Service stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

## TSD 401(k) Plan

### Notes to Financial Statements (continued)

#### **7. Income Tax Status (continued)**

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **8. Parties-In-Interest**

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the custodian are considered party-in-interest transactions.

Plan investments include shares of mutual funds managed by Great-West Trust Company, LLC. Great-West is the Plan custodian, and therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

#### **9. Subsequent Events**

The Company has evaluated all subsequent events through September 21, 2021, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

Re: TSD 401(k) Plan  
Plan Year: 2020 Form 5500

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27<sup>th</sup> but the package was apparently damaged by Fed Ex equipment and not delivered timely. Fed Ex found the contents, repackaged it and used the same tracking number to deliver the box to the IRS on August 12<sup>th</sup>. As the 5558 package was mailed timely on July 27<sup>th</sup>, we met the requirements for filing timely.

Our plan has met all previous filing deadlines timely. As we mailed our Form 5558 extension prior to the July 31<sup>st</sup> filing deadline and we mailed via Fed Ex which damaged our package through no fault of our own, we are requesting that you waive the penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated. Please forward any correspondence regarding this issue to this office.
