1. DESCRIPTION OF PLAN

The following brief description of the Beacon Pointe 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Beacon Pointe Advisors, LLC and Beacon Pointe Wealth Advisors, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2020, the Plan adopted the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The Plan has amended for the optional relief items as permitted under the CARES Act for Impacted Participants as outlined in the Benefit Payments and Notes Receivable from Participants sections.

Eligibility

Employees that have attained age 21 and completed 3 months of service are eligible to participate in the Plan. Eligible employees may enroll into the Plan on the first day of the month following the date the eligibility requirements are satisfied.

Contributions

Each year, participants may contribute up to 100% of pre-tax compensation, as defined in the Plan. Participants can elect to designate all or any portion of their elective deferral contributions as Roth elective deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may make discretionary contributions to the Plan and matches the lesser of 50% of the participants' contributions or 2% of compensation that a participant contributes to the Plan. These contributions are invested as directed by the participant. The Company made matching contributions of $437,651 to the Plan for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of Plan earnings. Allocations of Plan earnings are based on participant balances. Participant accounts are reduced by withdrawals, forfeitures, and administrative expenses if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances, but not more than $50,000. The loan repayment period must be no more than five years with the interest rate determined based on prevailing rates at the date of the loan as determined by the Plan administrator. Loans related to the purchase of a home can be repaid over a reasonable period of time that may be longer than five years. Principal and interest are paid ratably through payroll deductions. Interest rates range from 4.25% to 6.50% at December 31, 2020.

During 2020, the Plan was amended to allow impacted participants to borrow up to a maximum of $100,000 or 100% of their vested account balance for 180 days beginning March 27, 2020. Impacted participant loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, may be delayed for one year. This period is disregarded in determining the loan term, including the 5-year maximum. Subsequent loan payments will be adjusted appropriately to reflect the payment delay, any interest accruing during that delay, and the revised loan term.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. The employer's contributions vest according to the following schedule:

Years of Service	Vested Percentage
1	25
2	50
3	75
4 or more	100

Payment of Benefits

Upon termination of service due to death, permanent disability, retirement or early retirement, as defined by the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. The Plan allows for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants are based upon the vested balance in their individual accounts at the time of termination and are recorded in the year of distribution.

During 2020, the Plan was amended to exclude 2020 when applying the 5-year rule for minimum required distributions. Additionally, Impacted Participants or beneficiaries who would have been required to receive a required minimum distribution in calendar year 2020 were not required to. Impacted Participants may receive up to $100,000 in aggregate for withdrawals before December 31, 2020. There is no limit to the number of such withdrawals each Impacted Participant can make. Withdrawals are available from an Impacted Participant's entire vested account (subject to any trading restrictions and excluding accounts subject to spousal consent, such as money purchase assets). Repayment of the withdrawal amount is permitted if repayment occurs within three years of distribution.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $13,334 and $3,992, respectively. These accounts will be used to pay Plan expenses or to reduce future employer contributions. During the year ended December 31, 2020, $559 of forfeitures were used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
Investments held by a defined contribution plan are required to reported at fair value.

Investments are measured at quoted prices in an active market and have been certified complete and accurate by Charles Schwab Trust Bank, the Plan's trustee (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses
Expenses incurred in the administration of the Plan can be paid by both the Plan and the Company. Investment-related expenses are included in net appreciation in fair value of investments and are not readily determinable.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events
The Plan evaluated subsequent events through December 14, 2021, the date the financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Interest-bearing Cash: Consists of a money market fund. Valued at market value of corresponding currency at year-end.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 533,674	$ -	$ -	$ 533,674
Mutual funds	12,802,734	-	-	12,802,734
Total assets at fair value	$ 13,336,408	$ -	$ -	$ 13,336,408

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 585,209	$ -	$ -	$ 585,209
Mutual funds	9,707,297	-	-	9,707,297
Total assets at fair value	$ 10,292,506	$ -	$ -	$ 10,292,506

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Charles Schwab Trust Bank, the trustee, except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2020. The trustee of the Plan has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019 and schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

- Net appreciation in fair value of investments and dividend and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA, and its related regulations, so that each participant receives 100% of his or her account balance as of the date of the termination.

6. TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Transaction fees charged by the trustee are absorbed in investment income and are not readily determinable. Participant transaction fees paid to the trustee amounted to $1,716 for the year ended December 31, 2020 and are included in administrative expenses. Additionally, notes receivable from participants are considered party-in-interest transactions.
