General. The Plan is a defined contribution plan covering all employees of Century Snacks, LLC (Company), who can enter the Plan on the first day of the month following their hiring. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Participants may elect to contribute up to 90% of their compensation during the plan year which is defined in the Plan and subject to the limits imposed by the Internal Revenue Code.

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

The Company may make discretionary contributions to the Plan at the option of the Plan Sponsor's Board of Directors. The Company did not make discretionary contributions during the year ended December 31, 2020.

Participants direct the investment allocation of all contributions to their participant account.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the employers' contribution, Plan earnings, and charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are 100 percent vested in their voluntary contributions plus actual earnings thereon. A participant's vesting of Company contributions, based on years of continuous service, is 20% after two years of service plus 20% each succeeding year resulting in 100% vesting after six years of service, or upon reaching age 59½, becoming disabled, or deceased.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. The interest rate charged ranges from 5.25% to 7.50%.

Effective April 24, 2020 Qualified Individuals who experienced financial challenges due to COVID-19 were eligible to defer 401(k) loan repayments until December 31, 2020. Qualified Individuals included those who were diagnosed with COVID-19; whose spouse of dependent was diagnosed with COVID-19, or experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, hours reduced, or other factors as determined by the Secretary of Treasury during the COVID-19 pandemic. Qualification for a CARES Act loan repayment deferment was self-certified by the individual requesting the deferment. Loan

NOTE A - Description of Plan (Continued):

payments for those who deferred were restarted in January 2021.

Participant Withdrawals. If a participant is age 59½ or older, or becomes disabled or deceased, he or she may withdraw all or a portion of his or her account balance in the Plan.

If a participant has a "financial hardship" (term defined by the Internal Revenue Service guidelines), it is possible to withdraw all or portion of his or her vested account balance in the Plan up to the amount needed to satisfy the hardship, regardless of age.

For the period April 6, 2020 to December 31, 2020 a new distribution option was added to the Plan. The Coronavirus Aid, Relief, and Economic Security (CARES) Act distribution allowed Qualified Individuals to withdrawal up to $100,000 of Plan funds without a 10% early withdrawal penalty. CARES Act distributions were subject to regular income taxes, but such taxes may be spread over three years. The $100,000 limit was in aggregate across all of a Qualified Individual's retirement plan and amounts withdrawn from the Plan may be eligible for repayment. Qualified Individuals included those who were diagnosed with COVID-19, whose spouse or dependent was diagnosed with COVID-19, or experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, hours reduced, or other factors as determined by the Secretary of Treasury during the COVID-19 pandemic. Qualification for a CARES Act distribution was self-certified by the individual requesting the distribution.

Payment of Benefits. Upon termination of employment, a participant may elect to receive either a lump-sum distribution of their entire vested account balance. If the participant's vested balance exceeds $5,000, he or she may elect to leave their vested account balance in the Plan, within certain limitations. Upon termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses. Certain administrative expenses of the Plan are paid by the Company. Participants are responsible for fees associated with transactions such as loan originations, distributions and withdrawals. Account maintenance fees, which are netted with investment fair market value gains and losses, are paid from participant accounts invested in one or more of the Plan's designated investment alternatives.

Plan Termination. Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, participants would become 100% vested in their account balances.

NOTE B - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan have been prepared on a modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. This is consistent with the certification by the Plan trustee of the unaudited information (See Note C) prepared on the modified cash basis of accounting. Consequently, contributions are

NOTE B - Summary of Significant Accounting Policies (Continued):

recorded when received, investment income is recognized when received, and disbursements are recorded when made. Security investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with generally accepted accounting principles.

Investments held by a defined-contribution plan are generally required to be reported at fair value. However, contract value is the relevant measurement attribute for direct interests in fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the relevant measurement attribute for indirect interests in fully benefit-responsive investment contracts. The Statement of Net Assets Available for Benefits presents the fair value of investment contracts. The Statement of Changes in Net Assets Available for Benefits presents earnings, and gains and losses, on investment contracts on a fair value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Contributions

Contributions from employees are recorded in the period in which the Company transfers payroll deductions from employee/participant earnings to the Plan's custodian/trustee.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - Summary of Significant Accounting Policies (Continued):

New Accounting Standards

During 2020, the Plan adopted Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition of certain disclosures. This standard was adopted retrospectively and had no material impact on the Plan's financial statements.

NOTE C - Investments:

Unaudited Information Certified by a Plan Trustee:

The Plan's investments were held in trust and administered by the trustee. All investment information presented in the accompanying 2020 financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee. The Plan's trustee is Reliance Trust Company. Notes receivable from participants and related interest income was obtained or derived from information supplied by the Plan administrator and certified as complete and accurate by Plan trustee Reliance Trust Company.

The Plan entered into an indirect benefit-responsive investment contract (Stable Asset Fund) with Reliance Trust Company (Reliance) which maintains the assets of the contract in a common collective trust. Fair value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the investment contract is fully benefit-responsive and held in a common collective trust of Reliance (an indirect interest), fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable asset fund. Fair value of the contract is substantially equivalent to contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Funds are held primarily on the stable asset fund wherein the contract holder participates in gains or losses due to the performance of the underlying portfolio relative to book value at the time of withdrawals.

Employer initiated events, if material, may affect the underlying economics of the investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the trust's ability to transact at contract value with Plan unitholders.

NOTE C – Investments (Continued):

The contract issuer may terminate the contract upon short notice due to the Plan's loss of tax-qualified status, material beaches of responsibilities that are not cured, or material and adverse changes to the provisions of the Plan. If one of these events occur, the contract issuer could terminate the contact at the market value of the underlying investments.

NOTE D – Fair Value Measurements:

The Plan classifies its investments into Level 1, which refers to securities traded in an active market, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, or Level 3, which refers to securities not traded in an active market and for which no significant market inputs are available.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no material changes in the fair market methodologies used at December 31, 2020 and 2019. Following is a description of the valuation methodologies:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end measured by quoted market prices in an active market and are classified as Level 1 investments.

Stable Asset Fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realized value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – Fair Value Measurements (Continued):

The assets measured at fair value on a recurring basis subject to the disclosure requirements of the fair value measurement standard related to the fair value hierarchy levels as of December 31, 2020 and 2019 as follows:

		Fair Value Measurements at Reporting Date Using:		
	Balance, December 31, 2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 1,427,075	$ 1,427,075	$ -	$ -
Stable Asset Fund (a)	14,475	-	-	-
	$ 1,441,550	$ 1,427,075	$ -	$ -

		Fair Value Measurements at Reporting Date Using:		
	Balance, December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 1,424,786	$ 1,424,786	$ -	$ -
Stable Asset Fund (a)	7,522	-	-	-
	$ 1,432,308	$ 1,424,786	$ -	$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable asset funds	$ 14,475	n/a	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable asset funds	$ 7,522	n/a	Daily	12 months

NOTE E – Administrative Expenses:

Administrative expenses consist of the following during the year ended December 31, 2020:

Contract administrator fees	$ 690
Investment advisory fees	7,020
	$ 7,710

NOTE F – Income Tax Status:

The IRS has determined and informed the Plan by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Opinion Letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan sponsor has identified operational failures considered to be insignificant. The Plan sponsor has updated procedures to correct the problems and preserve the tax benefits available for the employer and employees.

The Plan sponsor has not timely filed its IRS Form 5500 for the year ended December 31, 2020. The Plan sponsor will file its IRS Form 5500 for the year ended December 31, 2020 as soon as possible, and has identified the causes of its inability to timely file and has incorporated remedies to insure the timely filing of its future Forms 5500.

The Plan evaluates all significant tax positions as required by modified cash basis accounting principles in the United States. As of December 31, 2020, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. Generally, the Plan is subject to examination by the appropriate regulatory authorities for three years after the IRS Form 5500 is due or filed, whichever is later.

NOTE G – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Due to the national and international concerns and current social and economic events transpiring from the COVID-19 virus the Plan's investment values have become volatile to change. The trustees are unable to determine the results of any possible future financial impact of the COVID-19 virus for the Plan at this time.

NOTE H – Party-in-Interest Transactions:

The Plan invests in the Reliance Trust Company Stable Asset Fund. This investment is considered a party-in-interest transaction because Reliance Trust Company serves as the custodian/trustee of the Plan. The Plan's management has approved this investment option.

NOTE I – Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of IRS Form 5500 (Form 5500):

	2020	2019
Net assets available for benefits per the financial statements	$ 1,503,405	$ 1,515,625
Deemed distributions	(28,175)	(8,261)
Net assets available for benefits per schedule H to the Form 5500	$ 1,475,230	$ 1,507,364

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2020
Net decrease in net assets per the financial statements	$ (12,220)
Adjustment for balance of participant loans deemed distributed	(19,914)
Net income per Schedule H to the Form 5500	$ (32,134)

NOTE J – Subsequent Events:

The Plan has evaluated subsequent events through December 9, 2021, the date which the financial statements were available to be issued. The Plan is not aware of any subsequent events that require recognition or disclosure in the financial statements.
