Note 1. Plan Description

The following description of the Hearthside Food Solutions 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible non-union employees of Hearthside Food Solutions, LLC and affiliated employers (the Company), as defined in the Plan. Great-West Trust Company, LLC serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees are eligible to participate in the Plan upon completion of three months of service. There is no age requirement to participate in the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees whose hire date is on or after January 1, 2015, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. Automatically enrolled participants may elect to increase or decrease percentages or discontinue deferrals as defined in the Plan.

Plan mergers: Effective December 31, 2019, the Hearthside USA 401(k) Savings Plan merged with the Plan. The entire net asset balance of Hearthside USA 401(k) Savings Plan, totaling $38,614,948 was reported as a transfer in due to merger in the statement of net assets available for benefits for the year then ended.

Contributions: Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) contributions made by the Company, and (iii) participant rollovers from another plan. Each year, participants may contribute up to 100% of their pretax annual compensation, subject to certain Internal Revenue Code (IRC) limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis, and allows rollovers of designated Roth contributions into the Plan.

The Plan provides for safe-harbor non-elective Company contributions equal to 3% of a participant's compensation. Participants must be employed for three months in order to receive the safe-harbor non-elective Company contributions.

Participants may direct the investment of all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant accounts: Each participant's account is credited with the participant's contributions and safe-harbor non-elective Company contributions as well as allocations of (1) any discretionary profit-sharing Company contributions and (2) Plan earnings or losses. Participant accounts are charged withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their contributions and the safe-harbor non-elective Company contributions plus actual earnings thereon.

Note 1. Plan Description (Continued)

Forfeited accounts: The Company applies all forfeitures to reduce non-elective employer contributions and plan expenses. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $33,624 and $114,055, respectively. During the year ended December 31, 2020, $299,825 in forfeitures were used to reduce non-elective employer contributions and plan expenses.

Notes receivable from participants: Participants may borrow from their accounts the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' account. Interest rates are based on the prime rates plus 2% on the first day of the month the loan originated. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or longer for loans used for purchase of primary residence.

Payment of benefits: Upon termination of service due to death, disability, retirement, separation from service, or attainment of age 59 1/2, a participant may elect to receive the value of their vested interest in his or her account as a lump-sum amount, or may elect to receive their benefits in the form of installments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The financial statements of the Plan are prepared under the accrual method of accounting. Adjustments to the cash basis trust reports include contributions withheld by the employee before year end but not remitted into the plan until after year end and related employer contributions remitted after year end.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits: Benefit payments are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2020 and 2019.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan and are included as administrative expenses in the statement of changes in net assets available for benefits. Any expenses paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are reflected as a reduction of return for such investments and are not separately reported.

Note 2. Summary of Significant Accounting Policies (Continued)

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to Great-West Trust Company, LLC to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. For the year ended December 31, 2020, $542,922 was used to offset Plan expenses. The Plan held no undistributed administrative revenues at December 31, 2020 and 2019.

Use of estimates: The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Pending standard: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted ASU 2018-13 for the 2020 plan year. The adoption did not have a material impact on the financial statements.

Note 3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Shares of registered investment companies (mutual funds): Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The stable value funds are common collective trust funds comprised primarily of fully benefit responsive investment contracts that are valued at the NAV of units of the collective trust. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	$ 210,311,869	$ -	$ -	$ 210,311,869
Total assets in the fair value hierarchy	$ 210,311,869	$ -	$ -	210,311,869
Investments measured at NAV (a)				10,247,342
Investments, at fair value				$ 220,559,211

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	$ 156,729,961	$ -	$ -	$ 156,729,961
Total assets in the fair value hierarchy	$ 156,729,961	$ -	$ -	156,729,961
Investments measured at NAV (a)				9,509,879
Investments, at fair value				$ 166,239,840

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3. Fair Value Measurements (Continued)

The following tables summarize the Plan's investments reported at NAV per share (or its equivalent) as a practical expedient at December 31, 2020 and 2019:

	Assets at Fair Value				
	December 31, 2020 Fair Value	December 31, 2019 Fair Value	Unfunded Commitment	Redemption Frequency	Notice Period
Goldman Sachs Stable Value Collective Trust	$ 10,247,342	$ 8,507,208	N/A	NA	12 months
Wells Fargo Stable Return Fund C	-	1,002,671	N/A	Daily	12 months

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Company evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020, there were no transfers of assets between levels of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 4. Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West Trust Company, LLC, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee of the Plan that the information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in this Note, Note 3, throughout the financial statements and the supplemental schedule related to the following assets:

	2020	2019
Shares of registered investment companies (mutual funds)	$ 210,311,869	$ 156,729,961
Common/collective trust fund	10,247,342	9,509,879
Notes receivable from participants	7,131,223	6,904,705

Great-West Trust Company, LLC, the trustee of the Plan, also certified to the accuracy and completeness of $15,925,246 of net appreciation in fair value of investments, $7,905,036 of interest and dividends, and $481,156 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 5. Federal Income Tax Status

The Plan uses a prototype plan document from Great-West Trust Company, LLC, which received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, stating that the prototype plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the aforementioned opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Transfers

As permitted by the Plan, participant accounts may be transferred from or to the Plan from the Hearthside Food Solutions Union 401(k) Plan (an affiliated union plan sponsored by the Company) based on changes in job status. The net balance of these transfers, if any, is included in net transfers from other qualified plans on the statement of changes in net assets available for plan benefits.

Note 8. Exempt Party-In-Interest Transactions

Fees paid by the Plan for investment management services provided by Great-West Trust Company, LLC were included as a reduction of the return earned on investments, and administrative revenue received by the Plan through the Plan's revenue-sharing agreement by Great-West Trust Company, LLC was used to offset the Plan's administrative expenses. These transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Note 9. Reconciliation Between Financial Statements and the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 228,478,242	$ 212,211,804
Differences in:		
Investments	7,131,223	6,904,705
Receivables - notes receivable from participants	(7,131,223)	(6,904,705)
Net assets available for benefits per the Form 5500	$ 228,478,242	$ 212,211,804

Note 10. Coronavirus

On January 30, 2020 the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.

The Plan has implemented certain requirements allowed by the CARES Act, which allows certain eligible individuals to receive coronavirus related relief for loan repayment and delay the commencement date for required minimum distributions. The features within this act were implemented during the year ended December 31, 2020, as required by the IRS. An amendment to the Plan was made to reflect these operational changes in accordance with applicable law and IRS guidance.

Note 11. Subsequent Events

The Plan Administrator has evaluated events occurring subsequent to December 31, 2020, as to their potential impact to the financial statements through October 14, 2021, which is the date the financial statements were available to be issued.

Re: Hearthside Food Solutions 401(k) Plan
Plan Year: 2020 Form 5500

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27th but the package was apparently damaged by Fed Ex equipment and not delivered timely. Fed Ex found the contents, repackaged it and used the same tracking number to deliver the box to the IRS on August 12th. As the 5558 package was mailed timely on July 27th, we met the requirements for filing timely.

Our plan has met all previous filing deadlines timely. As we mailed our Form 5558 extension prior to the July 31st filing deadline and we mailed via Fed Ex which damaged our package through no fault of our own, we are requesting that you waive the penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated. Please forward any correspondence regarding this issue to this office.
