Report of Independent Auditors

To the Plan Administrator, Trustees and Participants
Jetro Cash & Carry Enterprises, LLC Retirement Savings Plan
Whitestone, New York

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Jetro Cash & Carry Enterprises, LLC Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Jetro Cash & Carry Enterprises, LLC Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated as of January 1, 2019 is a defined contribution plan covering substantially all non-union employees of JRD Holdings, LLC and Subsidiaries (the "Company" or the "Employer") which formally adopted the Plan. Employees who have completed one year of service and have attained age 18 are eligible to participate in the Plan. The Recordkeeper of the Plan is JPMorgan Chase N.A., which outsources the Trustee function to Reliance Trust Company (the "Trustee," or "Reliance Trust"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan amounts not less than 1% of compensation, as defined by the Plan, up to a maximum percentage pursuant to the Plan document. Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. Contributions are subject to certain limitations. A participant may change their contribution percentage daily and may cease contributions at any time.

The Company is not required to make contributions to the Plan. If the Company elects to make contributions, the amount of contributions made by the Company for any given year shall not exceed the maximum amount allowable as a deduction by the Company for Federal income tax purposes. The Company may calculate the discretionary employer contribution based on any or all of the following three methods:

a. Matching contribution equal to a percentage of a participant's deferred compensation.

b. Contribution equal to a percentage of a participant's eligible compensation, as defined.

c. An additional amount determined by the Company.

For the year ended December 31, 2020, the Employer decided to make a matching contribution of 66.6% of each employee's first 6% of deferral contributions to the Plan, up to 4% of compensation. In 2020, the employer matching contributions totaled $2,918,716. In 2020, the employer was able to utilize $68,326 of forfeitures to reduce its 2019 contribution made to the Plan in 2020. Additionally, the Company may make discretionary profit sharing contributions and additional qualified non-elective contributions ("QNECs"). For 2020, there were no discretionary profit sharing contributions, QNECs or employer match contributions made to the Plan.

1. Description of the Plan (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is charged or credited as applicable with the participant's contribution, the account earnings (losses), an allocation of the Employer's contribution and forfeitures of terminated participants' non-vested accounts and administrative expense. Allocations of employer contributions and forfeitures are based on the participants' eligible compensation or salary deferral. As a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of each investment is determined by the Trustee on a daily basis.

Coronavirus Aid, Relief, and Economic Security ("CARES") Act

The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant. Participants who had been affected were eligible to withdraw up to $100,000. Participants who elected to make a withdrawal and were younger than 59 ½ had the 10% federal penalty waived and taxes owed were spread over a three-year period or forgiven if the funds are rolled back into the account within three years. In addition, processing fees associated with the withdrawal were waived.

Vesting

Participants are immediately vested in their contributions, rollovers and QNECs, plus actual earnings thereon. Vesting in employer contributions plus actual earnings thereon is based on years of continuous service. Participants become 100% vested in employer matching contributions after five years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 or more	100%

Upon the participant's attainment of age 65, permanent disability, death, or the termination of the Plan, the participant's account will automatically become 100% vested in employer contributions.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions in 1% increments into various investment options made available by the Employer under the Plan. Participants may change their contribution investment options daily and may transfer part or all of past investments to other funds daily. The Plan offers a self-directed brokerage option through Charles Schwab. This option is for investors who want to actively manage a greater choice of investments.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) one-half of the value of their vested fund account. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may be longer) with interest fixed at the prime rate (3.25% and 4.75% at December 31, 2020 and 2019 respectively) plus 1% at the time of the approval of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 10.5% and mature at various dates through September 2050. Principal and interest are paid ratably through payroll deductions. Participant loans are valued at their unpaid principal balance plus accrued interest.

Self-Directed Brokerage Accounts

Participants can choose to invest a portion of their accounts in investments outside of the Plan's fund lineup. Self-directed brokerage accounts are segregated accounts within the trust fund and are treated for investment purposes as an investment of the account of the participant who has the self-directed brokerage account. Special contribution, loan, distribution, withdrawal and fee allocation rules apply.

Deemed Distributions

Deemed distributions are recorded at the discretion of the Employer when a participant ceases making repayments on a loan from the Plan. These amounts are no longer included in net assets available for benefits. During the years ended December 31, 2020 and 2019 there were $121,733 and $275,885 of deemed distributions, respectively.

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are generally entitled to a fully vested lump-sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. As of December 31, 2020 and 2019, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain Plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

1. Description of the Plan (Continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $212,600 and $185,141, respectively. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer matching contributions.

Hardship and In-Service Withdrawals

Hardship withdrawals by the Plan participants may be made upon written request and approval of the Trustee. If approved, the distribution is limited to the amount necessary to meet the financial need created by the hardship. Participants may not make elective deferrals for six (6) months after receiving a hardship distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit responsive investment in the JPMorgan Stable Asset fund which is stated at contract value (see Note 5). Shares of mutual funds and common stocks are valued at quoted market prices which represent the net asset value ("NAV") of shares/units held by the Plan at year-end. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Participant and Employer Contributions

Employer matching contributions are recorded in the period to which they relate. Participant contributions are recorded in the period in which the employer withholds the funds from the participant.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Updated ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends Accounting Standards Codification ("ASC") 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others applied prospectively. The Plan adopted ASU 2018-13, which resulted in the removal of certain fair value disclosures, which did not have a material impact on the financial statements or the Plan's net assets available for benefits.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, November 10, 2021.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments, cash and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019;

- Net appreciation in the fair value of the investments, interest and dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020;

- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2020.

4. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: These accounts may include mutual funds, common stock and exchange-traded funds, all of which are valued at the closing price reported in the active market in which the securities are traded. The short-term investments are mutual funds valued as noted above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

As of December 31, 2020:

	Level 1	Total
Mutual funds	$ 118,334,944	$ 118,334,944
Self-directed brokerage accounts	5,832,388	5,832,388
Investments at fair value	$ 124,167,332	$ 124,167,332

As of December 31, 2019:

	Level 1	Total
Mutual funds	$ 106,647,556	$ 106,647,556
Self-directed brokerage accounts	3,579,878	3,579,878
Investments at fair value	$ 110,227,434	$ 110,227,434

5. JP Morgan Stable Asset Fund

The JP Morgan Stable Asset Fund (the "Fund") is a collective trust fund with underlying investments in investment contracts that are valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Fund seeks to maintain principal value, protect against market price volatility, obtain consistent income return and provide liquidity for benefit payments and withdrawals. The Fund invests primarily in investment contracts issued by insurance companies, banks and other financial institutions, and other instruments authorized by the JPMorgan Chase Stable Value Fund Declaration of Trust. Some alternative investment contracts are managed on an evergreen, or contract duration, basis. An evergreen contract has no predetermined maturity and the asset portfolio is managed to a target duration.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Funds, plus earnings, less participant withdrawals and administrative expenses.

The Fund imposes certain restrictions on the Plan, and the Fund may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Fair value of the Fund was $9,098,215 and $6,747,921 at December 31, 2020 and 2019, respectively.

Limitations on the Ability of the Fund to Transact at Contract Value

Circumstances that impact the Fund - The Fund invests primarily in "wrap" contracts (also known as synthetic Guaranteed Investment Contracts ("GICs") issued by third parties. The Fund purchases a wrap contract from a high-quality insurance company or bank. The wrap contract amortizes the realized and unrealized gains and losses on the underlying bonds, typically over the duration of the bonds, through adjustments to the future interest crediting rate. The issuer of the wrap contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

Participant-directed withdrawals in accordance with the Plan are payable at contract value even if the withdrawal is precipitated by an employer-initiated event, so long as the employee experiences a bona fide job loss. In the event of a spin-off or sale of a division where the employee does not experience a bona fide job loss, the issuer will make a clone contract available to the successor employer's plan.

In the event that the Plan is terminated, there is a material adverse change to the provisions of the Plan, or the employer elects to withdraw from a contract in order to switch to a different investment provider, the amount withdrawn from the contract would be payable at fair value rather than contract value.

6. Exempt Party-In-Interest Transactions

At December 31, 2020, certain plan investments were managed by Reliance Trust and therefore these transactions qualify as party-in-interest transactions. In addition, the Plan provides loans to Plan participants that qualify as exempt party-in-interest transactions. JPMorgan Chase Bank N.A., the Recordkeeper, sponsors funds that the Plan invests in. Administrative expenses paid by the Plan to the Trustee and Recordkeeper during 2020 amounted to $1,406.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan with a Cash or Deferred Arrangement ("CODA") sponsored by Laiken Associates Inc. which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management does not believe there are any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to tax examinations for years prior to 2017.

9. Reconciliation Between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:
