NOTE 1: DESCRIPTION OF PLAN

The following description of the Rane Light Metal Castings, Inc. 401(k) Plan (formerly known as Rane Precision Die Casting, Inc. 401(k) Plan) ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing plan, effective November 01, 2015, covering all employees of Rane Light Metal Castings Inc. (formerly known as Rane Precision Die Casting, Inc.) ("the Company/ Plan Sponsor") and any participating affiliates. Employees are permitted to enter the Plan on the day they become employees of the Company and attain 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change of Plan Sponsor name

Pursuant to a certificate issued by the Secretary of State of Delaware effective as of June 04, 2020, the name of the Plan Sponsor has changed from Rane Precision Die Casting, Inc. to Rane Light Metal Castings Inc.

Spin off

Effective July 01, 2015, an amendment to Brillcast Inc., ("Old Plan Sponsor") profit sharing retirement plan ("Old Plan") was adopted by Brillcast Inc. The Old Plan Sponsor sold its operating assets to Brillcast Acquisition, LLC as of July 31, 2015, and ceased its operating business. Old Plan Sponsor's employees terminated employment with Old Plan Sponsor. The employees who were employed by Old Plan Sponsor on July 31, 2015, were treated as 100% vested in their accounts.

Many participants who were employed by Old Plan Sponsor were hired by Brillcast Acquisition, LLC. Because of their severance from employment, these participants were eligible for a distribution of their vested benefits under the Old Plan. The July 01, 2015, amendment allowed a participant to elect a direct rollover of the participant's vested benefits to the Brillcast Acquisition, LLC 401(k) Plan, including any loan the participant had outstanding from the Old Plan.

Precision Die Casting, Inc. ("PDC/ New Plan Sponsor") established the Precision Die Casting, Inc. 401(k) Plan ("PDC Plan/ New Plan") as of November 01, 2015. PDC ceased to be a participating employer of the Old Plan as of that date and the accounts of participants employed by PDC were transferred to the PDC Plan in a plan-to-plan transfer. As a result of this transfer the New Plan received assets amounting to \$3,915,240 which included a net loss on fair value of investments amounting to \$24,977 incurred during the blackout period of October 01, 2015, till October 31, 2015.

Annual participant contribution amounts are limited to \$19,500 and \$19,000 of salary deferrals for the year ended June 30, 2020, and June 30, 2019 (\$26,000 in 2020 and \$ 25,000 in 2019 for participants aged 50 years and over). At the plan administrator's discretion, a participant may deposit rollover contributions from another qualified plan. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the plan administrator. Rollover contributions for the years ended June 30, 2020, and June 30, 2019, amounted to \$NIL.

Administration

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits. The Company has engaged Huntington National Bank ("HNB") as a third-party administrator to assist in the administration of the Plan.

HNB serves as the trustee of the Plan pursuant to the Plan agreement and has engaged John Hancock Insurance Company as the custodian for the Plan assets. The custodian received all contributions made under the Plan, held Plan assets, and paid benefits to participants as directed by the Plan Sponsor.

Expenses

Some expenses incurred for administering the Plan are paid by the Company and these amounts are excluded from the Plan's financial statements. Asset and fund fees are recorded as a reduction of investment income and charged to participant accounts. Certain distribution fees and participant note fees are paid by participants as applicable. Investment advisory/ broker and some third-party administrator fees are paid by the Plan.

The administrative expenses comprise:

	Year ended	
	June 30, 2020	June 30, 2019
Administrative expenses	6,509	5,700
Total	6,509	5,700

Participant accounts

Each participant account is credited with pretax, rollover contributions made by the participant, Plan Sponsor contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested with respect to their contribution from their salaries and rollover contributions. However, participant vesting with respect to matching contributions and non-elective contributions made by the Plan Sponsor to their 401(k) Plan account balance is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Company. The vesting percentages are as follows:

Rane Light Metal Castings, Inc. 401(k) Plan
(Formerly known as Rane Precision Die Casting, Inc. 401(k) Plan)

Financial Statements

June 30, 2020, and June 30, 2019

Years of vesting service	Vesting percentage – Formula - 1	Vesting percentage – Formula - 2
Less than 3	0%	20%
3	20%	40%
4	40%	60%
5	60%	80%
6	80%	100%
More than 6	100%	100%

Participants, however, are 100% vested in matching contributions and non-elective contributions if a participant is employed on or after early or normal retirement age or if the employment is terminated on account of the participant's death, or if the participant terminates employment as a result of becoming disabled.

Any portion of a participant's account balance attributable to rollover contributions from another qualified plan contributions are 100% vested at the time of contribution and not subject to forfeiture.

Investment options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by an irrevocable pledge and assignment of 50% of the balance in the participant's account or other security (e.g., principal residence) and bear interest at rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Benefit payments

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant on incurring a hardship or after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability or death, the participant or beneficiary may receive the value of the account through a lump sum distribution.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Services (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

A participant may elect to withdraw all or any part of rollover contributions, if any, while still employed without restriction.

Forfeitures

Non - vested account balances of terminated employees are forfeited after five consecutive one-year breaks in service, as defined in the plan agreement. Forfeitures of terminated employees' non-vested accounts are first used to restore participant's forfeitures, pay administrative expenses and the remaining forfeitures are used to reduce employers' contribution, as defined in the plan agreement. As of June 30, 2020, and June 30, 2019, non-vested forfeited accounts totaled \$20,841 and \$37,462, respectively. Forfeitures of terminated employees' non-vested accounts totaled \$19,113 during the year ended June 30, 2020, and \$19,735 during the year ended June 30, 2019. During the years ended June 30, 2020, and June 30, 2019, employer contributions were reduced by \$35,774 and \$46,479, respectively, from forfeited non-vested accounts.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting. Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts.

Use of estimates in financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan provided for various investment options in pooled separate accounts. The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. During the year ended June 30, 2020, and June 30, 2019, net appreciation in the value of investments totaled \$154,599 and \$232,564, respectively. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant account balances and the statement of changes in net assets available for benefits.

Cash and cash equivalents

Cash consists of employer discretionary contributions and accrued interest received by the Plan and not allocated to participants until subsequent to last day of plan year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2020, and June 30, 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition

Investments in pooled separate accounts are valued at quoted market prices or contract value, wherever applicable, as provided by the custodian. Net appreciation in the value of pooled separate accounts represent the change in fair value or contract value wherever applicable, during the year, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Basis of Fair Value Measurements

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurements date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable. Either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurements, and unobservable.

A financial instrument's level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

The Company evaluates its financial assets and liabilities subject to fair value measurements on a recurring basis to determine the appropriate level of classification as of each reporting period.

The following is a description of the valuation methods used for Plan assets measured at fair value at June 30, 2020, and June 30, 2019. There were no changes in the methods used at June 30, 2020, and June 30, 2019.

Pooled separate accounts: Valued at the net asset value (NAV) of units of shares held by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3: INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

	June 30, 2020	June 30, 2019
Net appreciation on pooled separate accounts	154,599	232,564

NOTE 5: FAIR VALUE MEASUREMENTS

The preceding method described in note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Revenue Service (IRS) on *March 31, 2014*, which stated that the prototype plan and related trust were designed in accordance with applicable sections of the IRC. It is the opinion of the Plan trustees and the Plan's attorney that the Plan is in compliance with all applicable laws and regulations.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2020, and June 30, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

HNB serves as the trustee of the Plan. John Hancock serves as the custodian of the Plan. The custodian has performed services for and sold products to and managed and maintained certain investments of the Plan for which fees are paid by the Plan. HNB provides services to the plan as a third-party plan administrator for which administration fees are charged to the plan. The Company serves as a plan administrator and also provides certain accounting and investment management services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years ended June 30, 2020, June 30, 2019, and June 30, 2018, employee withholdings totaling \$53,168, \$66,557, and \$10,379, respectively were not remitted to the Plan on a timely basis due to unintentional delays. The Company is in the process of calculating and remitting the lost earnings using the Department of Labor (DOL) guidelines for late deposits.

NOTE 11: IMPACT OF COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 12: CARES ACT PROVISIONS

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

NOTE 13: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through December 09, 2021, on which the financial statements were available to be issued.

Effective July 01, 2020, Rane Light Metal Castings Inc., amended the Plan to change the name of plan from Rane Precision Die Castings Inc. 401(k) Plan to Rane Light Metal Castings Inc. 401(k) Plan.

Effective July 01, 2020, Newport Retirement Services ("Newport") acquired the retirement administration business of Huntington National Bank as a result of which trustee services have been assumed by Newport.
