1. DESCRIPTION OF PLAN

The following description of Livetrends Design Group LLC 401(k) Profit Sharing Plan Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Livetrends Design Group, LLC (the "Plan Sponsor", "Company", or "Employer") and allows other employers affiliated with the Company to adopt its provisions. On December 31, 2020, Livetrends Consumer Services and Urban Jungle Group, LLC are participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is open to all employees, except non-resident aliens and employees covered by a collective bargaining agreement.

Eligibility

An employee of the Company becomes an eligible participant in the Plan following their date of hire subject to the completion of six months of service and the attainment of 21 years of age. Participants enter the Plan on the first day of the Plan year quarter coinciding with or following date that they satisfy eligibility requirements.

Employee Contributions

Participants may contribute up to the maximum allowable by the Internal Revenue Code ("IRC"). Employees that are eligible to participate in the Plan are automatically enrolled in the Plan and shall have elective pre-tax deferrals withheld in the amount of 3% of compensation, unless they elect a different deferral percentage or decline to participate in the Plan. Participants may elect to contribute pre-tax, Roth contributions, or a combination of both. Effective April 15, 2020, the percentage increased to 4% for automatic enrollment. In addition, the Plan allows for catch up contributions by employees aged 50 years and older and employees may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Employer Contributions

The Employer may make discretionary matching contributions to the Plan based on a specified percentage of the participants' contributions, determined by the Employer's Board of Directors each year. For the year ended December 31, 2020, the Employer elected to match 25% of each participant's contributions up to 4% of each participant's compensation. The Company may also contribute an additional amount to the Plan determined at its sole discretion. This additional contribution, if any, is allocated in proportion to each eligible employee's compensation as a ratio of all eligible employees' compensation. There were no additional discretionary employer contributions for 2020.

Investment Options

Contributions to the Plan are invested in any of the investment funds available under the Plan provisions in such proportions as participants direct. Participants may change investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, actual investment earnings, and the allocated portion of the Company's discretionary contribution, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Vesting
Contributions made by participants are fully vested at all times. A participant is entitled to a vested interest in the contributions made by the Company as follows:

Years of Service	Interest Vested
Less than 2	0%
2	100%

Participants are credited with a year of service for vesting purposes upon completion of 1,000 hours of service during each year of employment. Regardless of years of service, the participant's account becomes fully vested in the event of retirement at age 65 or older, death, or disability.

Notes Receivable From Participants
Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest as of the date the loan is granted. Interest rates are based on the rates available for similar loans from commercial lending institutions. The rate of interest will be a fixed rate equal to the prime rate of interest plus 2% on the first day of the month before a loan is originated. The notes earn interest at rates ranging from 4.25 % to 6.25 %, and maturities range from 2022 to 2025. The CARES Act provides a one-year delay for loan repayments due in 2020, on or after March 27, preventing default until at least March 28, 2021, when repayments will begin on a new schedule.

Payment of Benefits
Benefits are generally payable upon termination of service, retirement, disability, or death. In-service withdrawals are allowed upon attainment of the Plan's normal retirement age. Benefits are paid by lump-sum payment. Under provisions of the CARES Act, which was passed in early 2020 as a result of the COVID-19 pandemic, participants were permitted to take distributions u to $100,000 from all plans and IRA's and not be subjected to the 10% early distribution tax under Internal revenue Code section 72(t) or 20% tax withholding or 402(f) notices. These distributions will be taxed over 3 years, unless immediate taxation is elected, and can be repaid within 3 years under which repayments be treated as timely rollover contributions. In addition, minimum distribution was suspended during 2020.

Forfeited Accounts
Forfeitures on invested contributions are retained in the Plan and used to pay any administrative fees and/or reduce future employer contributions. Forfeited balances available to offset future employer contributions, restore forfeitures, or pay administrative fees were $589 and $550 at December 31, 2020 and 2019, respectively. During the year ended December 31, 2020, $1,253 was used to pay administrative expenses or to reduce employer contributions.

Plan Expenses
All reasonable expenses related to Plan administration will be paid from Plan assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plan's investments are included in the net appreciation in the fair value of investments at year-end in the statement of changes in net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Plan management has evaluated subsequent events through July 27, 2021, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used during the years ended December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at the NAV of units of bank collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mututal funds	$ 796,068	$ -	$ -	$ 796,068
Investments measured at net asset value*	-	-	-	32,594
Investments at fair value	$ 796,068	$ -	$ -	$ 828,662

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mututal funds	$ 496,773	$ -	$ -	$ 496,773
Investments measured at net asset value*	-	-	-	20,535
Investments at fair value	$ 496,773	$ -	$ -	$ 517,308

*In accordance with Subtopic 820-10, certain investments that were measured at net asset per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2020 and 2019:

	Fair Value at December 31,		Unfunded	Redemption	Redemption Notice
	2020	2019	Commitment	Frequency	Period
Common collective trusts	$ 32,594	$ 20,535	N/A	Daily	None

4. SUMMARY OF INFORMATION PROVIDED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the custodians of the Plan have certified the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the accompanying supplemental schedule. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to the information certified as complete and accurate by the custodians, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has a fully benefit-responsive investment contract in the form of a group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Guaranteed Interest Fund. The Guaranteed Interest Fund is a general account product. The group annuity contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

The Plan's ability to receive amounts due in accordance with the group annuity contract is dependent on the insurance company's ability to meet its financial obligations. The insurance company's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than contract value.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were held by the Plan's custodians, Great-West Trust Company, LLC, and Great-West Life & Annuity Company. Transactions involving investments managed by the custodians and administration of loans are considered to be transactions with a party-in-interest. Investment management fees are paid to the custodians through reduction of the yield on their various investment accounts and are not readily determinable.

7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions.

8. TAX STATUS

The Plan Sponsor adopted a Non-Standardized Prototype Profit Sharing Plan with CODA. The Internal Revenue Service ("IRS") determine and informed the sponsoring organization by opinion letter, dated March 31, 2014, that the prototype plan is acceptable under applicable sections of the IRC. The Plan Sponsor relies on the opinion letter, and the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor and trustee believe the Plan is currently operated in compliance with applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is exempt from federal income taxes as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax lability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability. Furthermore, there are no tax related interest or penalties for periods presented in these financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Re: Livetrends Design Group LLC
Plan Year: 2020 Form 5500

To Whom It May Concern:

Please see the attached IRS Form 5500 for the plan noted above in connection with the plan year ended 12/31/2020. The Form 5558 Application for Extension of Time was sent timely via Fed Ex (tracking #774345736050) on July 27th but the package was apparently damaged by Fed Ex equipment and not delivered timely. Fed Ex found the contents, repackaged it and used the same tracking number to deliver the box to the IRS on August 12th. As the 5558 package was mailed timely on July 27th, we met the requirements for filing timely.

Our plan has met all previous filing deadlines timely. As we mailed our Form 5558 extension prior to the July 31st filing deadline and we mailed via Fed Ex which damaged our package through no fault of our own, we are requesting that you waive the penalty for late filing in this instance.

Your time and consideration in this matter are much appreciated. Please forward any correspondence regarding this issue to this office.
