1. DESCRIPTION OF PLAN

The following description of the Octane Lending, Inc. 401(k) Plan (the "Plan") set forth herein is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering U.S. based employees of Octane Lending, Inc. (the "Company" or "Employer") who are 21 years of age and have completed 6 months of service. The Company is the Plan administrator and responsible for the oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants

Participants can contribute to the Plan up to 100% of their pretax annual compensation, up to the Internal Revenue Service ("IRS") maximum allowance of $19,500 in 2020. Certain eligible participants (age 50 and older) can contribute an additional $6,500, as a catch-up contribution, resulting in total pre-tax contributions of $26,000 for 2020. Participants may also contribute after-tax Roth contributions and amounts representing distributions from other qualified defined benefit or contribution plans.

Employer

The Company will make safe harbor contributions in an amount not less than 3% of participant's contributions. In addition, the Company may, in its sole discretion, make a matching and/or profit-sharing contribution in an amount and allocation formula as determined by the Company. Participants are required to be employed by the Company on the last day of the Plan year to be eligible for profit-sharing contributions. There were no matching or profit-sharing contributions made for the year ended December 31, 2020.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with their elective contributions, the Company safe harbor contributions, matching and profit-sharing contributions, an allocation of Plan earnings or losses and an allocation of administrative expenses. Allocations of participant contributions, safe-harbor contributions and the Company's matching and profit-sharing contributions are based on eligible compensation. Allocation of Plan earnings or losses and administrative expenses are generally based on the direct investment options chosen by the participants and on their relative account balances, as defined in the Plan document. The participant's account is reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Investment Options

Upon enrollment in the Plan, a participant may direct participant deferral contributions, safe harbor contributions and the Company's matching and profit-sharing contributions in any of the Plan's investment options. Participants may change their investment options at any time.

Vesting

The benefits to which a participant is entitled are those that can be provided by the contributions and earnings thereon, including net unrealized gains and losses, which are credited to the participant's account. Participants are 100% vested in their elective, catch-up, rollover contributions and safe-harbor contributions plus actual earnings thereon at all times and become 100% vested in their Employer profit sharing and matching contributions upon death or disability. Upon termination for any other reason, participants are entitled to 25% after one year of service, and an additional 25% each year thereafter to a total of 100% in four years.

Payment of Benefits
On termination of employment, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or the amount in annual installments. The Plan permits normal withdrawals of the participant's vested account balance beginning at age 59 ½ or for financial hardships.

Administrative Expenses
Administrative expenses of the Plan are generally paid by the Company or by the Plan. The Plan paid expenses of approximately $6,000 for the year ended December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expense includes certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through December 7, 2021, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used during the years ended December 31, 2020 and 2019:

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-traded funds: Valued at the daily closing price on a national stock exchange, which may or may not be the same as the NAV of the shares. The funds held by the Plan are registered with the Securities and Exchange Commission and are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment assets measured at fair value as of December 31, 2020 and 2019, are comprised of mutual funds and exchange-traded funds, and are valued using Level 1 inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 1,595,883	$ -	$ -	$ 1,595,883

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 476,568	$ -	$ -	$ 476,568

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Matrix Trust Company, the custodian of the Plan has certified the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the custodian, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all employer contributions.

6. TAX STATUS

The Plan adopted a volume submitter plan which the Internal Revenue Service determined and informed the sponsoring organization by a letter dated March 31, 2014, that the Plan and related trust are designed in compliance with applicable sections of the Internal Revenue Code ("IRC"), and that employers adopting the volume submitter plan could rely on such determination. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administer has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for the periods presented in these financial statements.

7. PROHIBITED TRANSACTIONS

During 2019, the Plan sponsor inadvertently failed to deposit $35,392 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Plan sponsor contributed the lost earnings on the late contributions to the Plan in accordance with the DOL's self-correction program during the December 31, 2020 plan year.
