1. THE PLAN

The following description of the Opengate, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan established for employees of Opengate, Inc. (the "Company"). The Plan is administered by management of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan has implemented include, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

All employees at least age 21 and have completed at least one thousand hours of service within a twelve-month period are eligible to begin salary deferrals and receive employer discretionary and safe harbor contributions on either the first day of the Plan Year or the first day of the seventh month of the plan year coinciding or following completion of the eligibility requirements.

Contributions

The Plan automatically enrolls eligible participants for salary deferral under its automatic enrollment feature. Under automatic enrollment, 2% of the participant's paycheck before taxes will be contributed to the Plan as pre-tax contributions unless the participant elected to either not make elective deferral contributions or contribute a different percentage. Participants may elect to defer a percentage of their eligible pay every pay period. At its discretion, the Company may contribute employer profit sharing contributions to the Plan for each employee that meets the eligibility requirements. This contribution is in proportion to the employee's eligible earnings compared to the eligible earnings of other employees who will also share in the contribution. If the Company decides to make a contribution, it will be allocated to the employees at the end of each Plan year. In addition, the Company has committed to make safe harbor matching contributions for eligible employees. This contribution is equal to 100% of the employee's salary deferrals that do not exceed 3% of the employee's compensation plus 50% of the employee's salary deferral between 3% and 5% of the employee's compensation, not to exceed 4% of an eligible participant's compensation. Total employer contributions for the years ended March 31, 2021 and 2020 were $517,300 and $703,427, respectively.

1. THE PLAN (Continued)

Vesting
A participant is vested immediately in their contributions and safe harbor matching contributions plus actual earnings. Vesting of Company profit sharing contributions is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Accounts
Each participant's account is credited with the participant's contributions along with an allocation of (a) the Company's contributions, if applicable, and (b) Plan earnings and losses. Contributions allocated to an employee's account are invested according to the employee's discretion. The entitled benefit is the participant's account balance subject to vesting.

Investment Options
The Plan currently offers investment options through a regulated investment company, including mutual funds and common collective trusts. Participants may change their investment options daily.

Payment of Benefits
Upon termination of employment, participants are entitled to receive a lump-sum distribution or periodic payments, which is equal to the vested value of their account. Benefits to terminated participants are recorded when paid. The Plan has a mandatory rollover provision if the participant terminates employment, and the vested account balance does not exceed $5,000, exclusive of the balance of the rollover account.

Forfeitures
Participants who terminate employment before they vest will forfeit their interest in employer contribution account balances. These account balances will be used to reduce employer contributions. The balance of plan forfeitures totaled $28,454 and $10,157 at March 31, 2021 and March 31, 2020, respectively. $28,454 and $10,157 of forfeitures were used to reduce the 2021 and 2020 employer contributions, respectively.

Administrative Expenses
The Plan permits the payment of Plan expenses to be made from the Plan's assets. Any expenses paid by the Plan are paid by Plan participants as a reduction of investment income.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

Investments, consisting of mutual funds and shares in common collective trusts are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the value of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Participants can borrow from their account up to a maximum amount that is equal to the lesser of $50,000 or 50 percent of the total vested account balance. No loans less than $500 will be made. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at Wall Street Journal Prime rate plus 1 percent. Principal and interest are paid in substantially equal payments over the life of the loan through payroll deductions. The loan in its entirety must be repaid within 5 years of the date the loan proceeds are received, unless used to acquire a principal residence.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual fund investments are stated at fair value. Investments in common collective trusts are stated at net asset value (NAV), as a practical expedient. Changes in the current value of investments, including realized/unrealized gains and losses on assets sold/held during the year, are reflected in the statement of changes in net assets available for benefits as appreciation or depreciation in the fair value of investments. Dividends are recorded on the ex-dividend date and purchases and sales of securities are rendered on a trade-date basis (the date the order to buy or sell is executed). Interest income is recognized on the accrual basis.

Fair value of the Plan's investments represent the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date. Financial instruments are measured and reported at fair value and are classified and disclosed in one of the following categories based on the lowest level input that is significant to the fair value management in its entirety:

- Level 1 inputs are quoted prices in active markets that are accessible at the measurement date for assets or liabilities. The Plan's investments in mutual funds are valued based upon quoted prices in active markets.

- Level 2 inputs are observable prices that are based on inputs not quoted in active markets but corroborated by market data. The Plan does not have any Level 2 investments as of March 31, 2021 and 2020.

- Level 3 inputs are unobservable inputs that are used when little or no market data is available. The Plan does not have any Level 3 investments as of March 31, 2021 and 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

3. INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended March 31, 2021 and 2020.

	2021	2020
Investments	$ 10,954,469	$ 7,765,139
Total investment income (loss)	$ 2,534,001	$ (456,743)
Notes receivable from participants	$ 362,259	$ 301,457
Interest income on notes receivable from participants	$ 20,158	$ 20,933

Schedule of Assets (Held at End of Year) - Schedule I

4. FAIR VALUE MEASUREMENTS

At March 31, 2021, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds - measured at fair value	$ 8,854,928	$ -	$ -	$ 8,854,928
Investments measured at net asset value				2,099,541
				$ 10,954,469

4. FAIR VALUE MEASUREMENTS (Continued)

At March 31, 2020, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds - measured at fair value	$ 5,894,789	$ -	$ -	$ 5,894,789
Investments measured at net asset value				1,870,350
				$ 7,765,139

There have been no changes in valuation techniques during 2021 and 2020.

The Plan's investments valued at net asset value per share as of March 31, 2021 and 2020 represent common collective trust funds that invest in fixed and floating rate securities through commingled investment vehicles. The investments were organized by the Plan Sponsor to maximize investment opportunities and returns. The investments are managed by professional investment management firms and are overseen by the Plan Sponsor. Income is allocated to the Plan based on the percentage of the net asset value of its individual funds to the total investment balance. The investments had no unfunded commitments in 2021 and 2020.

The Plan utilizes the NAV reported by alternative investment fund managers as a practical expedient for determining the value of the investment. These investments are redeemable at NAV with a ten day redemption notice period, and have a daily redemption frequency. Due to the nature of the investments held, changes in market conditions and the economic environment may significantly impact the NAV and, consequently, the recorded value of the Plan's interests in the funds. Furthermore, changes to the liquidity provisions of the funds may significantly impact the value of the Plan's interest in the funds. Additionally, although certain investments may be sold in a secondary market transaction, subject to meeting certain requirements of the governing documents of the funds, the secondary market is not active and individual transactions are not necessarily observable. It is therefore reasonably possible that if the Plan were to sell a fund in the secondary market, the sale could occur at an amount different from the reported value, and the difference could be material. The Plan has no plans to sell a fund in a secondary market.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. INCOME TAX STATUS

The Plan is a Prototype Non-Standardized 401(k) Profit Sharing Plan with CODA issued through ADP, Inc. The Internal Revenue Service has determined by letter dated July 16, 2014 that the Plan and related trust were designed, at that time, in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, were exempt from federal income taxes. The Plan has been amended since that date. The plan administrator and the Plan's tax counsel believe the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds that are managed by Reliance Trust Company, the plan's trustee. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants having loans and the Plan qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at March 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 11,912,046	$ 8,785,575
Employer contributions receivable	(517,300)	(703,427)
Participant contributions receivable	(78,018)	(15,552)
Net assets available for benefits per Form 5500	$ 11,316,728	$ 8,066,596

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the changes in net assets available for benefits per the Form 5500 for the years ended March 31:

	2021	2020
Net change in net assets available for benefits per the financial statements	$ 3,126,471	$ 23,738
Change in employer contribution receivable	186,127	(105,051)
Change in participant contribution receivable	(62,466)	16,638
Net change in net assets available for benefits per the Form 5500	$ 3,250,132	$ (64,675)

In addition, certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to the Form 5500 in total, with the exception of the contribution receivables as reconciled in the table above, as of March 31, 2021 and 2020 and for the years then ended.

9. COMMITMENTS AND CONTINGENCIES

The United States is presently in the midst of a national health emergency related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 7, 2021, which is the date the financial statements were available to be issued.
