Note 1 - Description of Plan

The following description of the Sisense, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 2017, is a defined contribution plan covering all eligible employees of Sisense, Inc. (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Plan's investment advisors determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has implemented the following relief provisions included in the CARES Act and continues to evaluate other provisions. Through December 31, 2020, active participants who were adversely affected by COVID-19 were permitted to take Coronavirus-related distributions ("CRDs"). In addition, the Loan limit was increased to the lesser of $100,000 or 100% of the participant's vested balance between March 27, 2020 through September 23, 2020 for loans made to qualified participants adversely affected by COVID-19. The provisions implemented also included a temporary waiver for required minimum distribution ("RMD") for calendar year 2020, an extended deadline for distributions of excess deferrals to July 15, 2020, and loan payment suspensions for participants with outstanding loans due between March 27, 2020 and December 31, 2020 for up to one year for those adversely affected by COVID-19 or until July 15, 2020 for those not adversely affected. The Plan has until December 31, 2022 to formally amend the Plan for these CARES Act provisions.

Effective June 10, 2020, the Plan changed its trustee from Matrix Trust Company to Principal Trust Company.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

The Company may contribute discretionary matching contributions at the option of the Plan sponsor. During the year ended December 31, 2020, the Company made matching contributions of approximately $641,000 to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes receivable from participants
Participants who are not qualified individuals under the CARES Act may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance and a reasonable rate of interest will be charged. The loans must be repaid within a maximum of a five-year period unless the loan is for the sole purpose of buying a principal residence. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through monthly payroll deductions. The interest rate is based on the rates available for similar loans from commercial lending institutions.

Payment of benefits
A participant may elect, after attaining the age of 59 and a half, to withdraw all of any portion of the value of his or her account. Participants who are not qualified individuals under the CARES Act are permitted to make withdrawals before the age of 59 and a half only after meeting specified financial hardship criteria and approval of the Plan Administrator, or after employee is terminated from service due to death, disability, or retirement. Any taxable withdrawals to participants who are not qualified individuals under the CARES Act from this Plan prior to the attainment of age 59 and a half which are not rolled over into an Individual Retirement Account or other qualified plan may be subject to a 10% penalty by the IRS. Distributions are paid as defined in the Plan document.

Forfeited accounts
At December 31, 2020 and 2019, forfeited nonvested account balances totaled $48,116 and $21,149, respectively. Forfeited accounts would first be used to pay Plan expenses. Any remaining forfeited accounts would be used to reduce future employer contributions. During 2020, administrative expenses were reduced by $32,099 and employer contributions were reduced by $15,507 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participant transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through December 23, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,315,408	$ -	$ -	$ 11,315,408
Investments measured at NAV (a)	-	-	-	3,102,601
Total investments at fair value	$ 11,315,408	$ -	$ -	$ 14,418,009

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,595,687	$ -	$ -	$ 7,595,687
Total investments at fair value	$ 7,595,687	$ -	$ -	$ 7,595,687

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Related party transactions and party-in-interest transactions

Principal Life Insurance Company (the "recordkeeper") provides certain administrative services to the Plan pursuant to a Plan Expense Agreement ("PEA") between the Company and the recordkeeper. The sources of revenue described in the PEA are categorized as Revenue Available to Recordkeeper and are available to defray service fees, to fund the Plan's ERISA Budget account and to otherwise be credited to the Plan as a Fee Adjustment, as directed by the Plan Administrator.

The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Code and ERISA's rules on prohibited transactions.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Plan has adopted a prototype 401(k) plan document, which received its latest opinion letter from the IRS on March 31, 2014. The letter stated that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in the economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and Schedule of Assets (Held at Year End) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustees of the Plan.

Note 9 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the years ended December 31, 2020 and 2019. The amount was not corrected for the year ended December 31, 2020.

Note 10 - Operational deficiency

During the year ended December 31, 2020, it was discovered that the plan sponsor remitted excess participant contributions to the Plan in error. Management has determined the effects of the operating deficiency and has recorded a liability of $85,386 on the Statement of Net Assets Available for Benefits at December 31, 2020. The full amount of the liability was remitted back to the plan sponsor in February 2021.
