Report on the Financial Statements
We have audited the accompanying financial statements of Offen Petroleum LLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of June 30, 2021 and December 31, 2020, and the related statement of changes in net assets available for benefits for the six-month period ended June 30, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Offen Petroleum LLC 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Offen Petroleum LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Merger

Effective May 14, 2021, the Plan merged with and into the Aon Pooled Employer Plan (the "Aon Plan"). The assets of the Plan, which were held by Mid Atlantic Trust Company, were transferred effective that date to the Aon Plan. Residual transactions which occurred subsequent to the transfer of assets were settled on various dates through June 30, 2021, and all plan assets were liquidated effective June 30, 2021.

General

The Plan was a defined contribution plan covering all employees of Offen Petroleum, LLC (the "Company"), except for non-resident aliens, certain employees covered by a collective bargaining agreement, and employees as a result of a transaction described in Internal Revenue Code Section 410(b)(6)(C). An employee became eligible to participate in the Plan immediately following one year of service (1,000 hours of service) and the attainment of age 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants could contribute up to 75% of pretax annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). The Plan also allowed Roth contributions. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan.

The Company contributed a safe harbor matching contribution equal to 100% of the first 3% plus 50% of the next 2% of base compensation that a participant contributed to the Plan. Additional profit sharing amounts could also be contributed at the discretion of the Company. During the six-month period ended June 30, 2021, the Company made safe harbor matching contributions of $170,422 to the Plan. This contribution was allocated and credited per pay period to each participant's account with a true-up at year-end. There were no discretionary profit sharing contributions made during 2021.

Contributions were subject to certain IRS limitations.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account was credited with the participant's contributions, Company safe harbor matching contributions, and allocations of (a) the Company's discretionary profit sharing contribution and (b) plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. Participants vested at a rate of 20% per year beginning with the second year of service. Participants became fully vested after six years of service.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), the maximum was increased to $100,000 or 100% of a participant's account balance for notes made to qualified individuals from March 27, 2020 to September 22, 2020, and loan repayments may be delayed for up to one year for qualifying individuals who had an outstanding loan balance with payments due between March 7, 2020 and December 31, 2020. The notes were secured by the balance in the participant's account and bore interest at the prime rate plus 1%. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits

Upon severance of service due to death, disability, retirement, or termination, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, partial payments, installment payments, or annuity contracts if the account balance was greater than $5,000. If the participant's balance did not exceed $5,000, the Plan could make a mandatory lump-sum distribution in accordance with plan provisions. The Plan also allowed for in-service distributions from all vested account balances upon attaining age 59 1/2.

The Plan adopted the provision to waive the 10% early distribution penalty tax (for distributions made before age 59 1/2) for coronavirus-related distributions up to $100,000 per individual between January 1, 2020 and December 31, 2020, as provided for under the CARES Act.

Note 1: Description of Plan (Continued)

Forfeitures

At June 30, 2021 and December 31, 2020, there were no forfeited nonvested accounts. Any forfeitures that were incurred could first be used to pay plan administrative expenses or to restore participants' individual accounts, and any remaining forfeitures could be used to reduce the Company's discretionary profit sharing contributions. There were no forfeitures used during 2021.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses was recorded as of June 30, 2021 and December 31, 2020. Delinquent participant notes receivable were recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were allocated proportionately to plan participants based on their respective account balances.

Subsequent Events

The Plan has evaluated subsequent events through December 10, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There were no investment assets as of June 30, 2021. There have been no changes in the methodologies used as of December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,236,220	$ -	$ -	$ 4,236,220

Note 4: Related-Party Transactions and Party-in-Interest Transactions

The Plan paid administrative fees to Paychex, Inc. ("Paychex"), the Plan's third-party administrator as defined by the Plan, and therefore these transactions qualified as party-in-interest transactions. Administrative expenses of $3,422 were paid to Paychex for the six-month period ended June 30, 2021.

Notes receivable from participants also qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules of ERISA.

Note 5: Tax Status

The Company adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020, to Form 5500:

Net assets available for benefits per the financial statements	$	4,467,725
Less: Company contributions receivable		(30,089)
Less: Participant contributions receivable		(8,276)
Net assets available for benefits per the Form 5500	$	4,429,360

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the six-month period ended June 30, 2021, to net income per Form 5500:

Net increase in net assets available for benefits per the financial statements	$	164,313
Plus: Company contributions receivable		30,089
Plus: Participant contributions receivable		8,276
Net income per Form 5500	$	202,678
