Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Employee Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Employee Savings Plan, which comprise of the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of (1) Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and (2) Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are required by the DOL Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Employee Savings Plan (formerly Corovan Corporation 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2011 to qualify as a defined contribution retirement plan for Corovan Corporation and its affiliated company's (collectively known as the "Company" or "Employer") eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and a Company matching contribution under 401(m) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. The Plan has applied the following provisions of the CARES Act to the administration of the Plan in 2020:

- In-service withdrawals are allowed for participants affected by the COVID-19 pandemic up to $100,000 which are not subject to the "early withdrawal" penalty.
- Participant Loan amounts have been increased to the lesser of $100,000 or 100% of the participant's vested account balance for those participants affected by the COVID-19 pandemic.
- Participant loan repayments have been deferred through December 31, 2020 for electing participants that have been affected by the COVID-19 pandemic.
- Required Minimum Distributions have been suspended for the 2020 Plan year.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan with the exception of employees covered by a collective bargaining agreement, leased employees, and nonresident aliens with no U.S. income. Eligible employees may participate in the Plan upon attaining the age of 19 and after the completion of six months of service. The entry date for eligible employees is the first day of each quarter of the Plan year.

Note 1. Description of the Plan (continued)

Contributions

The Company's eligible employees may contribute up to the limitations as defined by the IRC each year on a pre-tax basis by salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Plan participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

The Plan established an automatic elective deferral rate equal to 3% of compensation for eligible employees. A participant may elect a higher or lower rate or can opt out upon request. Effective January 1, 2020, as part of the Plan's automatic enrollment feature, the Plan established deferral rate increases of 1% each year until the participant's rate reaches 6%.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals as determined on yearly basis. The Company elected to make a matching contribution of 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 6% of compensation for the 2020 Plan year.

The Company may also contribute an additional discretionary contribution. This additional discretionary contribution will be allocated to only non-highly compensated participants in proportion to each eligible employee's compensation as a ratio of all eligible employees' compensation. During the year ended December 31, 2020, there were no additional discretionary contributions made.

In order to share in the matching contributions or discretionary contributions for a Plan year, participants are required to be employed with the Company on the last day of the Plan year and have completed at least 500 hours of service during the Plan year.

The Company may also make a qualified non-elective contribution ("QNEC") which is not a matching contribution. The non-elective contribution may be discretionary or may be utilized to satisfy certain administrative provisions relating to the Plan's operations.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's contributions, (b) the participant's contribution and (c) non elective contributions, and (d) Plan earnings less an allocation of investment and operating expenses charged to the Plan.

Allocation of Investment Activity

Each investment fund is valued based on the underlying securities held by each fund. The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Note 1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions.

For participants terminated from the Plan prior to April 1, 2019, the participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

For participants terminated from the Plan on or after April 1, 2019, the participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

Years of Service	Percent Vested
Less than one year	0%
One year	33%
Two years	66%
Three years or more	100%

One year of service is defined as 12 consecutive months in the Plan year with completion of at least 1,000 hours of service.

Note 1. Description of the Plan (continued)

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account, Company discretionary contribution and earnings on Company contributions may be used to pay administrative expenses, or used to reduce future Company contributions. During the year ended December 31, 2020, no forfeitures were used to reduce Company matching contributions and $9,000 were used to pay administrative expenses. As of December 31, 2020 and 2019, there were approximately $68,000 and $22,300 of forfeited nonvested accounts, respectively. In 2021, approximately $60,000 in forfeitures were used to fund the 2020 Company matching contributions.

Payment of Benefits

Participants receive the vested portion of their Company matching contributions, Company discretionary contributions, and earnings on their Company contributions and 100% of their pre-tax contribution and earnings on their contributions as soon as administratively feasible upon termination of employment, retirement, disability, or death. If a participant's vested account balance is $5,000 or less, the participant will receive a distribution in a single lump-sum payment regardless of whether the participant consents to the distribution or not. If the participant's vested account balance is more than $1,000 but less than $5,000, their distribution will be directly rolled over to an individual retirement account as designated by the plan administrator in absence of the participant's affirmation election to either receive or roll over the distribution. Amounts in the participant's rollover account will not be considered as part of the $5,000 threshold. If the participant's vested account balance exceeds $5,000, they may elect to receive a distribution in form of a single lump-sum payment or partial withdrawals of at least $1,000. The Plan permits delay of distribution for terminated participants with more than $5,000 in their vested account until April 1st following the end of the year in which they reach the age of 70½ or retire.

Subject to certain restrictions, active participants can withdraw all or a portion of their vested account balance for purpose of an in-service withdrawal, upon obtaining age 59½, or due to financial hardship.

Contribution Funding

The Company makes contributions to the Plan for employee contributions on a semi-monthly basis. Company contributions, if any, are funded on an annual basis.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts are included in administrative fees. Additionally, plan recordkeeping fees, if any, that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Effective September 1, 2019, the Plan entered into an agreement with Fidelity Management Trust Company in which recordkeeping and administrative service expenses are offset by revenue allowances paid by certain investment funds held in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unutilized forfeitures, all assets are allocated to plan participants.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the year in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2020, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

a) Investments

Interest income from notes receivable from participants	$ 17,741

d) Supplemental Schedule:
Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) *

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: The investment is valued using Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contacts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as it is the value that participant's transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (continued)

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2020 and 2019:

	Fair Value Measurements Using Input Type			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$16,698,044	$ ---	$ ---	$ 16,698,044
Total investments categorized in the fair value hierarchy	$16,698,044	$ ---	$ ---	16,698,044
Common/collective trust fund measured at NAV*				684,471
Total investments, at fair value				$ 17,382,515

	Fair Value Measurements Using Input Type			
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$14,657,590	$ ---	$ ---	$ 14,657,590
Total investments categorized in the fair value hierarchy	$14,657,590	$ ---	$ ---	14,657,590
Common/collective trust fund measured at NAV*				569,795
Total investments, at fair value				$ 15,202,114

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2020 and 2019:

The common/collective trust investment fund is subject to a daily redemption frequency and other redemption restriction of direct exchange from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. There are no redemption notice requirements, or unfunded commitments related to the common/collective trust fund as of December 31, 2020 and 2019.

Note 5. Excess Contributions Payable

Contributions received from participants for the plan years ended December 31, 2019 and 2018 include $77,592 and $77,664, respectively, of excess contributions (net of corresponding gains and losses) that were distributed in March 2021 and February 2020, respectively, to certain active participants. The excess deferral contributions, originally contributed in the years ended December 31, 2020 and 2019, were returned to comply with the participants' applicable maximum annual contributions permitted under the IRC. The respective amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2020 and 2019.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of the global financial markets. The extent to which COVID-19 has impacted and will continue to impact the financial markets may depend on future developments that are uncertain and may not be predicted. Plan management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan had adopted a prototype plan that obtained a favorable tax opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since applying for the opinion letter, however, the Company and the plan administrator believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax return generally remain open for Federal tax audits for three years from the filing date.

Note 9. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and units of participation in a common/collective trust managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Prohibited Transactions

During the Plan year ended December 31, 2020, the plan sponsor inadvertently failed to deposit $73,230 of participant deferrals and loan repayments within the required timeframe as stated by ERISA. These deferrals and loan repayments were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on these deferrals and loan repayments, and deposited the lost earnings during 2021.

The plan sponsor has self-corrected these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

Note 11. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Net assets available for benefits per the financial statements	$ 18,157,945
Adjustment from market value to fair value for the common/collective trust fund	24,835

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Employee Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Employee Savings Plan, which comprise of the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of (1) Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and (2) Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are required by the DOL Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Employee Savings Plan (formerly Corovan Corporation 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2011 to qualify as a defined contribution retirement plan for Corovan Corporation and its affiliated company's (collectively known as the "Company" or "Employer") eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and a Company matching contribution under 401(m) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. The Plan has applied the following provisions of the CARES Act to the administration of the Plan in 2020:

- In-service withdrawals are allowed for participants affected by the COVID-19 pandemic up to $100,000 which are not subject to the "early withdrawal" penalty.
- Participant Loan amounts have been increased to the lesser of $100,000 or 100% of the participant's vested account balance for those participants affected by the COVID-19 pandemic.
- Participant loan repayments have been deferred through December 31, 2020 for electing participants that have been affected by the COVID-19 pandemic.
- Required Minimum Distributions have been suspended for the 2020 Plan year.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan with the exception of employees covered by a collective bargaining agreement, leased employees, and nonresident aliens with no U.S. income. Eligible employees may participate in the Plan upon attaining the age of 19 and after the completion of six months of service. The entry date for eligible employees is the first day of each quarter of the Plan year.

Note 1. Description of the Plan (continued)

Contributions

The Company's eligible employees may contribute up to the limitations as defined by the IRC each year on a pre-tax basis by salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Plan participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

The Plan established an automatic elective deferral rate equal to 3% of compensation for eligible employees. A participant may elect a higher or lower rate or can opt out upon request. Effective January 1, 2020, as part of the Plan's automatic enrollment feature, the Plan established deferral rate increases of 1% each year until the participant's rate reaches 6%.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals as determined on yearly basis. The Company elected to make a matching contribution of 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 6% of compensation for the 2020 Plan year.

The Company may also contribute an additional discretionary contribution. This additional discretionary contribution will be allocated to only non-highly compensated participants in proportion to each eligible employee's compensation as a ratio of all eligible employees' compensation. During the year ended December 31, 2020, there were no additional discretionary contributions made.

In order to share in the matching contributions or discretionary contributions for a Plan year, participants are required to be employed with the Company on the last day of the Plan year and have completed at least 500 hours of service during the Plan year.

The Company may also make a qualified non-elective contribution ("QNEC") which is not a matching contribution. The non-elective contribution may be discretionary or may be utilized to satisfy certain administrative provisions relating to the Plan's operations.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's contributions, (b) the participant's contribution and (c) non elective contributions, and (d) Plan earnings less an allocation of investment and operating expenses charged to the Plan.

Allocation of Investment Activity

Each investment fund is valued based on the underlying securities held by each fund. The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Note 1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions.

For participants terminated from the Plan prior to April 1, 2019, the participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

For participants terminated from the Plan on or after April 1, 2019, the participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

Years of Service	Percent Vested
Less than one year	0%
One year	33%
Two years	66%
Three years or more	100%

One year of service is defined as 12 consecutive months in the Plan year with completion of at least 1,000 hours of service.

Note 1. Description of the Plan (continued)

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account, Company discretionary contribution and earnings on Company contributions may be used to pay administrative expenses, or used to reduce future Company contributions. During the year ended December 31, 2020, no forfeitures were used to reduce Company matching contributions and $9,000 were used to pay administrative expenses. As of December 31, 2020 and 2019, there were approximately $68,000 and $22,300 of forfeited nonvested accounts, respectively. In 2021, approximately $60,000 in forfeitures were used to fund the 2020 Company matching contributions.

Payment of Benefits

Participants receive the vested portion of their Company matching contributions, Company discretionary contributions, and earnings on their Company contributions and 100% of their pre-tax contribution and earnings on their contributions as soon as administratively feasible upon termination of employment, retirement, disability, or death. If a participant's vested account balance is $5,000 or less, the participant will receive a distribution in a single lump-sum payment regardless of whether the participant consents to the distribution or not. If the participant's vested account balance is more than $1,000 but less than $5,000, their distribution will be directly rolled over to an individual retirement account as designated by the plan administrator in absence of the participant's affirmation election to either receive or roll over the distribution. Amounts in the participant's rollover account will not be considered as part of the $5,000 threshold. If the participant's vested account balance exceeds $5,000, they may elect to receive a distribution in form of a single lump-sum payment or partial withdrawals of at least $1,000. The Plan permits delay of distribution for terminated participants with more than $5,000 in their vested account until April 1st following the end of the year in which they reach the age of 70½ or retire.

Subject to certain restrictions, active participants can withdraw all or a portion of their vested account balance for purpose of an in-service withdrawal, upon obtaining age 59½, or due to financial hardship.

Contribution Funding

The Company makes contributions to the Plan for employee contributions on a semi-monthly basis. Company contributions, if any, are funded on an annual basis.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts are included in administrative fees. Additionally, plan recordkeeping fees, if any, that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Effective September 1, 2019, the Plan entered into an agreement with Fidelity Management Trust Company in which recordkeeping and administrative service expenses are offset by revenue allowances paid by certain investment funds held in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unutilized forfeitures, all assets are allocated to plan participants.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the year in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2020, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

a) Investments

	December 31,	
	2020	**2019**
Mutual funds	$ 16,698,044	$14,657,590
Common/collective trust fund	$ 684,471	$ 544,524

b) Notes receivable from participants* $ 443,846 $ 443,801

c) Investment income and other additions

	Year Ended December 31, 2020
Net appreciation in fair value of investments	$ 1,426,556

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: The investment is valued using Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contacts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as it is the value that participant's transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (continued)

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2020 and 2019:

	Fair Value Measurements Using Input Type			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$16,698,044	$ ---	$ ---	$ 16,698,044
Total investments categorized in the fair value hierarchy	$16,698,044	$ ---	$ ---	16,698,044
Common/collective trust fund measured at NAV*				684,471
Total investments, at fair value				$ 17,382,515

	Fair Value Measurements Using Input Type			
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$14,657,590	$ ---	$ ---	$ 14,657,590
Total investments categorized in the fair value hierarchy	$14,657,590	$ ---	$ ---	14,657,590
Common/collective trust fund measured at NAV*				569,795
Total investments, at fair value				$ 15,202,114

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2020 and 2019:

The common/collective trust investment fund is subject to a daily redemption frequency and other redemption restriction of direct exchange from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. There are no redemption notice requirements, or unfunded commitments related to the common/collective trust fund as of December 31, 2020 and 2019.

Note 5. Excess Contributions Payable

Contributions received from participants for the plan years ended December 31, 2019 and 2018 include $77,592 and $77,664, respectively, of excess contributions (net of corresponding gains and losses) that were distributed in March 2021 and February 2020, respectively, to certain active participants. The excess deferral contributions, originally contributed in the years ended December 31, 2020 and 2019, were returned to comply with the participants' applicable maximum annual contributions permitted under the IRC. The respective amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2020 and 2019.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of the global financial markets. The extent to which COVID-19 has impacted and will continue to impact the financial markets may depend on future developments that are uncertain and may not be predicted. Plan management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan had adopted a prototype plan that obtained a favorable tax opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since applying for the opinion letter, however, the Company and the plan administrator believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax return generally remain open for Federal tax audits for three years from the filing date.

Note 9. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and units of participation in a common/collective trust managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Prohibited Transactions

During the Plan year ended December 31, 2020, the plan sponsor inadvertently failed to deposit $73,230 of participant deferrals and loan repayments within the required timeframe as stated by ERISA. These deferrals and loan repayments were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on these deferrals and loan repayments, and deposited the lost earnings during 2021.

The plan sponsor has self-corrected these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

Note 11. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Net assets available for benefits per the financial statements	$ 18,157,945
Adjustment from market value to fair value for the common/collective trust fund	24,835
Add: 2020 Excess contributions payable	77,592

Less: 2020 Employer contributions receivable	(390,373)
Net assets available for benefits per the Form 5500	$ 17,851,196

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

Net assets available for benefits per the financial statements	$ 16,053,807
Adjustment from market value to fair value for the common/collective trust fund	8,124
Add: 2019 Excess contributions payable	77,664

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Employee Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Employee Savings Plan, which comprise of the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of (1) Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and (2) Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are required by the DOL Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Employee Savings Plan (formerly Corovan Corporation 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2011 to qualify as a defined contribution retirement plan for Corovan Corporation and its affiliated company's (collectively known as the "Company" or "Employer") eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and a Company matching contribution under 401(m) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. The Plan has applied the following provisions of the CARES Act to the administration of the Plan in 2020:

- In-service withdrawals are allowed for participants affected by the COVID-19 pandemic up to $100,000 which are not subject to the "early withdrawal" penalty.
- Participant Loan amounts have been increased to the lesser of $100,000 or 100% of the participant's vested account balance for those participants affected by the COVID-19 pandemic.
- Participant loan repayments have been deferred through December 31, 2020 for electing participants that have been affected by the COVID-19 pandemic.
- Required Minimum Distributions have been suspended for the 2020 Plan year.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan with the exception of employees covered by a collective bargaining agreement, leased employees, and nonresident aliens with no U.S. income. Eligible employees may participate in the Plan upon attaining the age of 19 and after the completion of six months of service. The entry date for eligible employees is the first day of each quarter of the Plan year.

Note 1. Description of the Plan (continued)

Contributions

The Company's eligible employees may contribute up to the limitations as defined by the IRC each year on a pre-tax basis by salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Plan participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

The Plan established an automatic elective deferral rate equal to 3% of compensation for eligible employees. A participant may elect a higher or lower rate or can opt out upon request. Effective January 1, 2020, as part of the Plan's automatic enrollment feature, the Plan established deferral rate increases of 1% each year until the participant's rate reaches 6%.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals as determined on yearly basis. The Company elected to make a matching contribution of 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 6% of compensation for the 2020 Plan year.

The Company may also contribute an additional discretionary contribution. This additional discretionary contribution will be allocated to only non-highly compensated participants in proportion to each eligible employee's compensation as a ratio of all eligible employees' compensation. During the year ended December 31, 2020, there were no additional discretionary contributions made.

In order to share in the matching contributions or discretionary contributions for a Plan year, participants are required to be employed with the Company on the last day of the Plan year and have completed at least 500 hours of service during the Plan year.

The Company may also make a qualified non-elective contribution ("QNEC") which is not a matching contribution. The non-elective contribution may be discretionary or may be utilized to satisfy certain administrative provisions relating to the Plan's operations.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's contributions, (b) the participant's contribution and (c) non elective contributions, and (d) Plan earnings less an allocation of investment and operating expenses charged to the Plan.

Allocation of Investment Activity

Each investment fund is valued based on the underlying securities held by each fund. The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Note 1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions.

For participants terminated from the Plan prior to April 1, 2019, the participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

For participants terminated from the Plan on or after April 1, 2019, the participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

Years of Service	Percent Vested
Less than one year	0%
One year	33%
Two years	66%
Three years or more	100%

One year of service is defined as 12 consecutive months in the Plan year with completion of at least 1,000 hours of service.

Note 1. Description of the Plan (continued)

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account, Company discretionary contribution and earnings on Company contributions may be used to pay administrative expenses, or used to reduce future Company contributions. During the year ended December 31, 2020, no forfeitures were used to reduce Company matching contributions and $9,000 were used to pay administrative expenses. As of December 31, 2020 and 2019, there were approximately $68,000 and $22,300 of forfeited nonvested accounts, respectively. In 2021, approximately $60,000 in forfeitures were used to fund the 2020 Company matching contributions.

Payment of Benefits

Participants receive the vested portion of their Company matching contributions, Company discretionary contributions, and earnings on their Company contributions and 100% of their pre-tax contribution and earnings on their contributions as soon as administratively feasible upon termination of employment, retirement, disability, or death. If a participant's vested account balance is $5,000 or less, the participant will receive a distribution in a single lump-sum payment regardless of whether the participant consents to the distribution or not. If the participant's vested account balance is more than $1,000 but less than $5,000, their distribution will be directly rolled over to an individual retirement account as designated by the plan administrator in absence of the participant's affirmation election to either receive or roll over the distribution. Amounts in the participant's rollover account will not be considered as part of the $5,000 threshold. If the participant's vested account balance exceeds $5,000, they may elect to receive a distribution in form of a single lump-sum payment or partial withdrawals of at least $1,000. The Plan permits delay of distribution for terminated participants with more than $5,000 in their vested account until April 1st following the end of the year in which they reach the age of 70½ or retire.

Subject to certain restrictions, active participants can withdraw all or a portion of their vested account balance for purpose of an in-service withdrawal, upon obtaining age 59½, or due to financial hardship.

Contribution Funding

The Company makes contributions to the Plan for employee contributions on a semi-monthly basis. Company contributions, if any, are funded on an annual basis.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts are included in administrative fees. Additionally, plan recordkeeping fees, if any, that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Effective September 1, 2019, the Plan entered into an agreement with Fidelity Management Trust Company in which recordkeeping and administrative service expenses are offset by revenue allowances paid by certain investment funds held in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unutilized forfeitures, all assets are allocated to plan participants.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the year in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2020, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

a) Investments

	December 31,	
	2020	**2019**
Mutual funds	$ 16,698,044	$14,657,590
Common/collective trust fund	$ 684,471	$ 544,524

b) Notes receivable from participants* $ 443,846 $ 443,801

c) Investment income and other additions

	Year Ended December 31, 2020
Net appreciation in fair value of investments	$ 1,426,556
Interest and dividend income	$ 813,064
Interest income from notes receivable from participants	$ 17,741

d) Supplemental Schedule:
Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) *

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: The investment is valued using Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contacts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as it is the value that participant's transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (continued)

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2020 and 2019:

	Fair Value Measurements Using Input Type			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$16,698,044	$ ---	$ ---	$ 16,698,044
Total investments categorized in the fair value hierarchy	$16,698,044	$ ---	$ ---	16,698,044
Common/collective trust fund measured at NAV*				684,471
Total investments, at fair value				$ 17,382,515

	Fair Value Measurements Using Input Type			
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$14,657,590	$ ---	$ ---	$ 14,657,590
Total investments categorized in the fair value hierarchy	$14,657,590	$ ---	$ ---	14,657,590
Common/collective trust fund measured at NAV*				569,795
Total investments, at fair value				$ 15,202,114

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2020 and 2019:

The common/collective trust investment fund is subject to a daily redemption frequency and other redemption restriction of direct exchange from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. There are no redemption notice requirements, or unfunded commitments related to the common/collective trust fund as of December 31, 2020 and 2019.

Note 5. Excess Contributions Payable

Contributions received from participants for the plan years ended December 31, 2019 and 2018 include $77,592 and $77,664, respectively, of excess contributions (net of corresponding gains and losses) that were distributed in March 2021 and February 2020, respectively, to certain active participants. The excess deferral contributions, originally contributed in the years ended December 31, 2020 and 2019, were returned to comply with the participants' applicable maximum annual contributions permitted under the IRC. The respective amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2020 and 2019.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of the global financial markets. The extent to which COVID-19 has impacted and will continue to impact the financial markets may depend on future developments that are uncertain and may not be predicted. Plan management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan had adopted a prototype plan that obtained a favorable tax opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since applying for the opinion letter, however, the Company and the plan administrator believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax return generally remain open for Federal tax audits for three years from the filing date.

Note 9. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and units of participation in a common/collective trust managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Prohibited Transactions

During the Plan year ended December 31, 2020, the plan sponsor inadvertently failed to deposit $73,230 of participant deferrals and loan repayments within the required timeframe as stated by ERISA. These deferrals and loan repayments were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on these deferrals and loan repayments, and deposited the lost earnings during 2021.

The plan sponsor has self-corrected these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

Note 11. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Net assets available for benefits per the financial statements	$ 18,157,945
Adjustment from market value to fair value for the common/collective trust fund	24,835
Add: 2020 Excess contributions payable	77,592
Less: 2020 Employee contributions receivable	(18,803)
Less: 2020 Employer contributions receivable	(390,373)
Net assets available for benefits per the Form 5500	$ 17,851,196

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

Net assets available for benefits per the financial statements	$ 16,053,807
Adjustment from market value to fair value for the common/collective trust fund	8,124
Add: 2019 Excess contributions payable	77,664
Less: 2019 Employee contributions receivable	(610)
Less: 2019 Employer contributions receivable	(484,946)
Net assets available for benefits per the Form 5500	$ 15,654,039

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

Increase in net assets available for benefits per the financial statements	$ 2,104,138
Net change in adjustment from market value to fair value for the common/collective trust fund	16,711
Change in employee contributions receivable	(18,193)
Change in employer contributions receivable	94,573
Change in excess contributions payable	(72)
Increase in net assets available for benefits per the Form 5500	$ 2,197,157

Form 5500

Dear U. S. Department of Labor Representative,

The Audit Report required to be attached to the 2020 Form 5500, Schedule H, Part III Accountant's Opinion is still in process. Due to complex accounting issues, additional time is needed to provide the accounting documentation needed to complete the audit. We anticipate the Audit Report will be completed in approximately 4 weeks. Once completed we will file an Amended Form 5500 and attach the required Auditor Report.

Sincerely,

Greg A. Byers
