DECEMBER 31, 2020 AND 2019

NOTE 1 Description of Plan

The following description of the Alpha Management, Inc. 401(k) Profit Sharing Plan & Trust provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan covering substantially all employees of Alpha Management, Inc. and their affiliated companies (company) who have completed twelve months of service and are over the age of 21. The plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to 100 percent of pre-tax eligible compensation, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The company may provide a discretionary matching contribution as determined by the company's Board of Directors. For the years ended December 31, 2020 and 2019, the company provided matching contributions of twenty-five percent of the first six percent of the employee's base compensation that a participant contributes to the plan. Employer discretionary matching contributions were \$53,282 and \$46,284 for the years ended December 31, 2020 and 2019, respectively.

Participants direct the investment of their contributions into various mutual funds and a common collective trust offered by the plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Interest rates are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 Description of Plan (Continued)

Notes Receivable From Participants (Continued)

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act, as adopted in the plan, plan participants could elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the note was re-amortized and included any interest accrued during the period of delay. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020.

Payment of Benefits

On termination of service, a participant or designated beneficiary, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, periodic installments subject to minimum distribution rules or an annual annuity purchased from an insurance company.

For married participants, the normal form of payment is a joint and 50 percent survivor annuity. For unmarried participants, the normal form of payment is a single life annuity.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, as adopted in the plan, plan participants were permitted to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the plan. The repayment terms of these distributions were up to three years. The ability to request special coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$454 and \$570, respectively. These accounts will be used to reduce plan expenses and then employer contributions.

NOTE 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 2 Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The plan had distributed the 2020 excess contributions, as well as earnings, to the appropriate participants prior to March 15, 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the plan are paid directly by the company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting Changes

In July 2018, the FASB issued ASU 2018-09, Codification Improvements. The ASU clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient and moved guidance between various subsections. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The changes are to be applied prospectively and did not have a material impact on the plan's financial statements.

NOTE 2 Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through December 22, 2021, the date the financial statements were available to be issued. No events or transactions occurred subsequent to this date that would require recognition or disclosure in the financial statements.

NOTE 3 Information Prepared and Certified by Trustee

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, all investment information in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company, the trustee, and was not subject to audit.

NOTE 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,169,885	\$ 0	\$ 0	\$ 1,169,885
Total assets in the fair value hierarchy	\$ 1,169,885	\$ 0	\$ 0	\$ 1,169,885

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 910,246	\$ 0	\$ 0	\$ 910,246
Total assets in the fair value hierarchy	\$ 910,246	\$ 0	\$ 0	\$ 910,246

NOTE 5 Related-Party Transactions

Ascensus Trust Company (Ascensus) is the trustee and custodian as defined by the plan. Transactions with Ascensus qualify as party-in-interest transactions. Fees paid by the plan for the investment management services and/or transactional items amounted to \$6,550 and \$6,007 for the years ended December 31, 2020 and 2019, respectively.

NOTE 6 Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 Tax Status

The plan has adopted a standardized prototype plan as designed by Transamerica Retirement Solutions Corporation. The prototype plan received a determination letter from the Internal Revenue Service on March 31, 2014, which stated that the plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

NOTE 8 Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
