1. DESCRIPTION OF PLAN

The following description of the Miner Enterprises Pension Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan. It is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All the employees of Miner Enterprises (the Company) and its subsidiaries who have at least one year of service may participate, except: (a) leased employees; (b) employees of a division or subsidiary that is located outside the United States; (c) union employees whose collective bargaining agreements do not call for participation; and (d) any individual whose employment commenced on or after December 1, 2004, who is a nonresident alien receiving no earned income from the employer that constitutes income from sources within the United States.

Employer Contributions

Contributions equal to 7% of eligible pay are made to the accounts of eligible participants who have worked 1,000 hours or more during the year or who have reached age 55. Contributions equal to 7% of eligible pay are also made to the accounts of participants who left the Company during the year because of death or permanent disability.

Participants under age 55 who complete fewer than 1,000 hours during the plan year, but who are still employed at year end, receive contributions equal to 3% of their eligible pay.

Participant contributions are not allowed under the plan.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

1. DESCRIPTION OF PLAN (Continued)

Investment Options

All investments are held in the Miner Enterprises, Inc. Master Trust (Master Trust) (see Note 4), which also holds the investments of another separate plan of the Company.

Participants who have attained age 65 or more may direct his or her investments to an Age 65 Investment Fund. This fund is completely invested in the BMO Employee Benefit Stable Principal Fund. Once amounts are transferred to the fund, they may not be subsequently transferred out of the fund. Also, participants who have attained age 65 or more may withdraw all or a portion of the funds from his or her account.

Participant Accounts

Participant accounts consist of employer contributions, plus or minus units of the Plan's investment gains or losses, minus units of the Plan's administrative expenses. Allocations for plan earnings or losses and administrative expenses are based on account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants become 100% vested in the employer contribution portion of their accounts upon reaching age 55, upon completing six years of service, or upon leaving the Company because of death or permanent disability. Before they are 100% vested, participants earn partial vesting as follows:

Years of Service (Worked 1,000 Hours)	Vested %
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

The Plan generally provides that an employee, as defined by the plan document, is eligible for plan benefits upon his or her normal retirement date and termination of service. The normal retirement date is the date of retirement after reaching age 55. Upon termination of service, a participant may elect to receive an amount equal to the vested interest of his or her account in either a lump sum, annual installments over a period of years, or an annuity paying monthly benefits for life. A single participant can take a straight life annuity, which pays a monthly benefit for as long as the participant lives. A married participant can take a joint and survivor annuity that pays a monthly benefit for as long as either the participant or the spouse lives. Participants who have not reached normal retirement age and have terminated service are eligible to receive benefits based on the value of their account ("vested interest"), determined as of the date of the participant's termination of employment.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) in the Plan's interest in the Master Trust.

Forfeited Accounts

The following table sets forth a summary of changes in the forfeiture account for the years ended March 31, 2021 and 2020. The amounts remaining will be used in accordance with the applicable Plan provisions. If a terminated participant returns before incurring a five-year break in service, the forfeited portion of the account is reinstated according to the terms of the Plan.

	2021	2020
BALANCE, BEGINNING OF YEAR	$ 43,674	$ 50,125
Additions to forfeitures	16,264	61,768
Used to reduce employer contributions	(48,975)	(68,473)
Investment income	1,454	254
BALANCE, END OF YEAR	$ 12,417	$ 43,674

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (USGAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

The equity interest in the Miner Enterprises, Inc. Master Trust is valued at the Plan's share of the fair value of the net assets held by the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses.

Within the Master Trust, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Recently Adopted Accounting Standard

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-06, *Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the Master Trust disclosures to require additional disclosures related to the Plan's interest in the Master Trust. The guidance clarifies that for each master trust in which a plan holds an interest, its interest in each master trust must be reported on a separate line item on the statements of net asset available for benefits and the change in value in each master trust interest must be reported on a separate line item on the statements of changes in net assets available for benefits. The guidance requires additional disclosure of the individual plan's dollar amount of its interest in the master trust's investments by general type and clarifies that the trust's other assets and liabilities and the individual plan's interest in each of those balances should be disclosed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Standard (Continued)

Adoption of ASU No. 2017-06 was effective for fiscal years beginning after December 15, 2018, retrospectively for all periods. The Plan retrospectively adopted the amendment for the Plan year ended March 31, 2020. The adoption of ASU No. 2017-06 did not have a material impact on the Plan's financial statements. Additional disclosures required pursuant to ASU No. 2017-06 are reflected in Note 4.

New Accounting Pronouncements

In August 2018, FASB issued ASU No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements.* ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended March 31, 2021, with no significant impact on the financial statements.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through January 4, 2022, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The only investment held in the Plan at March 31, 2021 and 2020 was the investment in the Master Trust (see Note 4).

4. MASTER TRUST

The Company has entered into a master trust agreement with BMO Harris Bank N.A. (the trustee), whereby all of the funds of the two defined contribution plans of the Company are administered through the Master Trust. Fund assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and specific administrative expenses) which can be specifically identified. Income and expenses resulting from the collective investment of the assets are allocated in proportion to the fair value of the assets assigned to each plan.

4. MASTER TRUST (Continued)

The assets of the Master Trust are accounted for on a units-of-participation basis. At March 31, 2021 and 2020, the Plan held 48,627,032 and 36,036,366 units of the Master Trust, respectively, with an individual unit estimated fair value of $1. The Plan's unit holdings at March 31, 2021 and 2020 had fair values of $48,627,032 and $36,036,366, respectively, which represented approximately 42% and 43%, respectively, of the net assets of the Master Trust as of both year ends.

A summary of the net assets of the Master Trust is as follows:

NET INVESTMENT GAIN (LOSS) OF THE MASTER TRUST	$ 36,759,273	$ (11,039,368)

4. MASTER TRUST (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of March 31, 2021 and 2020:

	Assets at Fair Value as of March 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 79,148,491	$ -	$ -	$ 79,148,491
Common stocks	11,404,786	-	-	11,404,786
TOTAL	$ 90,553,277	$ -	$ -	$ 90,553,277
Investments measured at net asset value [(a)]				24,191,918
TOTAL INVESTMENTS AT FAIR VALUE				$ 114,745,195

4. MASTER TRUST (Continued)

Description	Assets at Fair Value as of March 31, 2020 Level 1	Level 2	Level 3	Total
Mutual funds	$ 51,774,397	$ -	$ -	$ 51,774,397
Common stocks	11,063,614	-	-	11,063,614
TOTAL	$ 62,838,011	$ -	$ -	62,838,011
Investments measured at net asset value [(a)]				21,327,814
TOTAL INVESTMENTS AT FAIR VALUE				$ 84,165,825

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of March 31, 2021 and 2020:

Investment	Fair Value 2021	Fair Value 2020	Unfunded Commitment 2021	Unfunded Commitment 2020	Redemption Frequency	Redemption Notice Period
BMO Employee Benefit Stable Principal Fund	$ 24,191,918	$ 21,327,814	$ -	$ -	Daily	None

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements as of and for the years ended March 31, 2021 and 2020, has been certified as complete and accurate by BMO Harris Bank N.A., the trustee of plan assets, and has not been audited by the independent auditors for the Plan: Plan's interest in investments at fair, net appreciation (depreciation) in plan interest in the Master Trust, and Master Trust investment information as shown in Note 4.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 28, 2015 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

USGAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in the Plan's interest in the Master Trust are managed by BMO Harris, N.A., the trustee of the Plan and the Master Trust; therefore, these transactions qualify as party-in-interest. Certain administrative expenses were paid by the Plan or the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following was the reconciliation of the net assets per the financial statements to the Form 5500 as of March 31, 2021 and 2020, respectively.

NET ASSETS PER FORM 5500	$ 50,274,027	$ 37,684,974

The following is a reconciliation of net income (loss) per the financial statements to Form 5500 for the years ended March 31, 2021 and 2020, respectively.

	2021	2020
