FMI 401(k) Plan

Note A - Description of Plan

The following description of the FMI 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a Pre-Approved defined contribution profit sharing plan sponsored by Fiber Materials, Inc. and covering employees of Fiber Materials, Inc. and Intermat (the “Company” or the “Employer”). The Plan was established by the Company effective December 1, 2016 with a restated effective date of January 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

Plan Discontinuance and Merger

In January 2020, Fiber Materials, Inc. was purchased by Spirit AeroSystems Holdings, Inc. Effective on December 31, 2020, the Company discontinued the FMI 401(k) Plan in accordance with ERISA.

Starting on January 1, 2021 all FMI employees became eligible to enroll in the Spirit 401(k) Plan. Also as of January 1, 2021, other than Plan receivables at December 31, 2020 and rollovers for participating employees, contributions to the FMI 401(k) Plan were discontinued. Existing balances in the FMI Plan remained invested in the Plan in accordance with participant investment elections, and participants maintained the ability to direct their balances into the various investment options offered by the Plan.

Participants with outstanding Plan loans could choose to have a pause in loan repayments until the merger, after which the outstanding balance would be re-amortized, or could submit regularly scheduled payments by way of a personal check.

Existing retirement balances were to be automatically transferred to the Spirit 401(k) Plan and reinvested in an age appropriate target date fund based on the participant’s date of birth. As the FMI 401(k) Plan was not terminated, the discontinuance and merger with the Spirit 401(k) Plan was not a distributable event. All account balances, other than for employees eligible for an in-service withdrawal or previously terminated, were therefore required to be transferred to the Spirit 401(k) Plan.

On March 31, 2021 all participant investment account balances were transferred to the Spirit 401(k) Plan. Loan activity was finalized on April 12, 2021.

Eligibility

All other than excluded employees of the Company are eligible to participate in the Plan upon the first day of hire. Excluded employees include leased and temporary employees working less than 1,000 hours. As of January 1, 2021 all employees are eligible to participate in the Spirit 401(k) Plan.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, and in addition, participants may make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There were no pretax Roth contributions during the period ended April 12, 2021. Participants may also contribute rollover amounts, representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan. As of January 1, 2021, the only allowable Plan contributions are receivables due the plan at December 31, 2020 as well as rollovers for participating employees.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, Plan earnings, and is charged with an allocation of administrative expenses. The allocation of administrative expenses is based upon specific participant transactions and account balances. The benefit to which a participant is entitled is the benefit that can be provided from each participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting and Withdrawals

Participants are vested immediately in their contributions plus actual earnings thereon. The Company's safe harbor contributions are fully vested when made. Profit Sharing contributions vest on a "3 Year Cliff" (no vesting until the completion of three years of service, at which time the contributions are fully vested).

Withdrawals are permitted from a participant's account prior to termination of employment in the case of death, disability, or financial hardship (as defined by the Internal Revenue Code). Participants who have reached age 59 ½ may receive an in-service distribution of all or part of their elective account, including Roth deferrals.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. For the period ended April 12, 2021 and the year ended December 31, 2020, the maximum number of loans a participant may have outstanding at any time is one. The maximum loan period is five years unless used to acquire a principal residence, in which case the repayment period may be extended to a maximum of 30 years. Loans become due and payable in full immediately upon termination. The loans are secured by the balance in the participant's account and bear a fixed rate of interest based on current lending rates at the time the loan is originated. Principal and interest is paid through a payroll deduction from each regular paycheck. As of January 1, 2021, participants with outstanding loan balances were provided with the option to continue repayments by personal check. Otherwise, repayments were paused until merger, at which time all loans were re-amortized to account for the pause.

Payment of Benefits

Participants are entitled to receive a distribution upon termination of employment due to death, disability retirement, and specific situations of financial hardship. In addition, participants who continue to work after normal retirement age may elect to begin the distribution at any time after reaching their normal retirement age of 65. Participants who become entitled to receive a distribution will receive the distribution of their account as a lump sum payment or in installments. After termination of employment, if the vested amount of the participant account does not exceed \$1,000 it will be distributed directly in cash. If the vested account is between \$1,000 and \$5,000 the participant may either elect to receive this distribution in cash or to roll it over to an individual retirement account or the qualified plan of a new employer. If the vested balance exceeds \$5,000, the participant must consent to any distribution of their account prior to the time payments begin under applicable federal law.

Forfeited Accounts

When termination of participation in the Plan occurs, the non vested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures are utilized to pay administrative expenses or to reduce future discretionary employer matching contributions. Forfeiture balances included in Plan assets amounted to \$0 and \$12,241 at April 12, 2021 and December 31, 2020, respectively.

FMI 401(k) Plan

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 12, 2021 and December 31, 2020, respectively. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the outstanding loan balance will be included in participants' gross income for federal income tax purposes as if it were distributed to him or her.

Administrative Expenses

Professional and administrative expenses of the Plan, at the Company's election, may be paid out of the Plan or directly by the Company. Certain fees are assessed by the custodian and record-keeper for the processing of participant loans and participant withdrawals, and are charged directly to the participant's account. In addition, personnel and facilities of the Company are used by the Plan for its accounting and other activities at no charge to the Plan.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note C - Information Certified by the Plan's Custodian and Record-Keeper (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform any auditing procedures with respect to information certified by Voya Retirement Insurance and Annuity Company, as custodian and record-keeper of the Plan, except for comparing information certified by Voya to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certification from Voya for 2021 and 2020 that such information is complete and accurate.

The financial information certified by the Plan's custodian and record-keeper is as follows

Investments at Fair Value as of April 12 and December 31:

	<u>2021</u>	<u>2020</u>
Fixed accounts	\$ -	\$ 445,840
Mutual funds	-	9,457,165
Total Investments at Fair Value	<u>\$ -</u>	<u>\$ 9,903,005</u>

Statement of Changes in Assets Available for Benefits Investment Gain

For the Period Ended April 12, 2021:

Net appreciation in fair value of investments	\$ 276,414
Dividend income	5,019
Interest income on notes receivable from participants	<u>58</u>
Total Changes in Assets Available for Benefits Investment Gain	<u>\$ 281,491</u>

Note D - Fair Value Measurements (Unaudited)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 defines fair value and establishes a framework for measuring fair value through a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Notes to Financial Statements - Continued

FMI 401(k) Plan

Note D - Fair Value Measurements (Unaudited) - Continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

- The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 12, 2021.
- **Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Fixed Account:** Valued at credited rate as reported to the Plan by rating agencies on a daily basis.

The preceding methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FMI 401(k) Plan

Note D - Fair Value Measurements (Unaudited) - Continued

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value at April 12, 2021				
Type	Level 1	Level 2	Level 3	Total
Fixed account	\$ -	\$ -	\$ -	\$ -
Mutual funds	-	-	-	-
Investments at Fair Value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Assets at Fair Value at December 31, 2020				
Type	Level 1	Level 2	Level 3	Total
Fixed account	\$ -	\$ 445,840	\$ -	\$ 445,840
Mutual funds	<u>9,457,165</u>	<u>-</u>	<u>-</u>	<u>9,457,165</u>
Investments at Fair Value	<u>\$ 9,457,165</u>	<u>\$ 445,840</u>	<u>\$ -</u>	<u>\$ 9,903,005</u>

Note E - Related Party and Party-in-Interest Transactions

Participant notes receivable transactions are considered to be party in interest transactions because they are transacted with Plan participants.

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the record keeper and custodian, and, therefore, these transactions qualify as party in interest transactions.

The Plan paid certain direct custodian and recordkeeping fees totaling \$1,535 for the period ended April 12, 2021.

Note F - Tax Status

The Company, as the Plan's sponsor, adopted a "Volume Submitter" profit sharing plan, which received an Internal Revenue Service opinion letter dated March 31, 2014, which states that the plan satisfies the applicable sections of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. The Plan has subsequently been restated; however, the Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements - Continued

FMI 401(k) Plan

Note F - Tax Status - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of April 12, 2021 and December 31, 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for years/periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note G - Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Note H - Subsequent Events

Management has made an evaluation of subsequent events to and including January 3, 2022, which was the date the financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.
