Flat Branch Mortgage Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A | DESCRIPTION OF PLAN

The following description of the Flat Branch Mortgage Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Flat Branch Mortgage Inc. 401(k) Plan, which became effective on March 1, 2013, was restated on January 1, 2015, and most recently amended effective January 1, 2021 to add a nonelective 3% safe harbor contribution. The Plan is a volume submitter profit sharing plan. Individual benefits from this plan are based on the vested portion of the individual account, which is comprised of the portion of the salary which an individual elects to defer, any contributions made by the employer during the years of participation, plus any earnings credited to the individual account. The plan covers all employees of the Company who complete three months of service and are age eighteen or older. The employee may start participating on the first day of the month coinciding with or next following the date in which eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants may elect to defer 100% of their covered compensation up to the maximum determined by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. At its discretion, the Company may make matching and profit sharing contributions. The Company did not elect to make a matching contribution or profit sharing contribution for 2021. In 2020, the Company elected to match 15% of the participants’ elected deferral and make a \$295,426 profit sharing contribution which was reported as an employer contribution receivable at December 31, 2020. The allocation of the profit sharing contribution was based on the grouping method. This method allowed the Company to specify a number of classifications and each classification can consist of a number of participants. For 2020 the Company elected to allocate the contribution based on participant job descriptions, hire date and if employees were considered to be highly compensated or non-highly compensated.

Effective January 1, 2021, the Company established the Flat Branch Mortgage, Inc. Retirement Savings Plan. The plan is a safe harbor 401(k) profit sharing plan with an ESOP component (KSOP plan). The KSOP plan and the amendment to this Plan effective January 1, 2021 provided for a nonelective safe harbor contribution equal to 3% of each participant’s annual eligible compensation. The Company elected not to contribute the safe harbor contribution in 2021 to this Plan but rather contribute the entire amount at year end to the KSOP plan. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

Participant Accounts and Allocations

Each participant’s account is credited with the participant’s deferral, employer contributions and allocations of plan earnings and administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in both their contributions and the Company's contributions plus actual earnings thereon.

Investment Options

Upon enrollment, the participant directs employee deferrals and employer contributions to various investment options with the Plan's custodian which include various mutual funds and a fixed income guarantee option effective January 1, 2021.

Notes Receivable from Participants

The Plan currently does not allow the participants to borrow from their accounts.

Payment of Benefits

When a participant reaches the normal retirement age or 59 1/2, they may elect to receive their vested value in their account either in a lump-sum payment, annual installments, or as requested from time to time by the participant. If the participant terminates employment other than normal retirement, the participant may request their vested balance in their account in a lump sum payment. Hardship distributions are permitted from the participant deferral and rollover contributions.

In April, 2020, the Plan adopted the temporary coronavirus-related distributions provision of the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The provision adopted by the Plan allows qualified Plan participants to take a distribution up to the lesser of \$100,000 or 100% of the participant's vested account balance without being subjected to the standard early withdrawal penalty. Additionally, qualified participants may elect to pay taxes on the distribution over a three-year period and have the option to pay back the distribution and would not be subject to taxes on the returned portion. This provision expired on December 30, 2020.

Forfeiture and Unallocated Accounts

Forfeited and unallocated accounts totaled \$0 at March 19, 2021 and \$1,609 at December 31, 2020. These accounts can be used to reduce the employer expenses and contributions. Expenses were reduced by \$1,586 in 2021 and \$863 in 2020. Employer contributions were reduced by \$541 in 2020.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Any expenses paid by the Plan are allocated proportionally based on the value of account balances. Certain investment related expenses are included in the net appreciation of investments.

Plan Merger

In December 2020, the Board of Directors of the Company approved the merger of the Flat Branch Mortgage Inc. 401(k) Plan into Flat Branch Mortgage, Inc. Retirement Savings Plan effective March 15, 2021. As a result, the transfer of all assets of the Plan was completed before the close of business on March 19, 2021.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Plan's custodians, except for comparing such information certified by the custodians to information included in the Plan's financial statements.

The following is a summary of the unaudited information regarding the Plan at March 19, 2021 and December 31, 2020, and for the period from January 1, 2021 through March 19, 2021 and year ended December 31, 2020, included in the Plan's financial statements that was obtained from data that has been prepared and certified to as complete and accurate by the custodians.

NOTE D | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimizes the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,024,029	\$ -	\$ -	\$ 8,024,029

Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

NOTE E | PLAN TAX STATUS

The Plan sponsor adopted a prototype volume submitter profit sharing plan document which obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 19, 2021 and December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.
