Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Wells Fargo Bank N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. UNIFIED ENTERPRISES CORP. 401(k) PLAN

Notes to Financial Statements

March 31, 2021, December 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of Unified Enterprises Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General and plan merger:

The Plan was a defined contribution plan covering all salaried non-union employees of Unified Enterprises Corp. and its wholly-owned subsidiary (the "Company") who are age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator was responsible for oversight of the Plan. The Plan Administrator determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Company's Board of Directors. The trustee of the Plan was Wells Fargo Bank, N.A. ("Wells Fargo").

Pursuant to a merger agreement with the iHeartMedia, Inc. 401(k) Plan (the "iHeart Plan"), the Plan was merged into the iHeart Plan effective March 31, 2021. Accordingly, all assets at the Plan were transferred to the iHeart Plan during the period January 1, 2021 to March 31, 2021.

[2] Contributions:

During the year ended December 31, 2020, participants were able to contribute up to \$19,500 of eligible compensation, as defined by the Plan. The Plan allowed for pre-tax and Roth elective deferrals. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Matching contributions may be contributed at the option of the Company. During the year ended December 31, 2020, there were no matching contributions made to the Plan. Participants direct the investment of participant and employer contributions, if any, into various investment options offered by the Plan.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 6% of eligible compensation.

Pursuant to the merger agreement discussed in Note A[1], employees of the Company became eligible to participate in the iHeart Plan effective January 1, 2021 and the Company ceased all contributions to the Plan. All participants in the Plan became fully vested on this date.

[3] Participant accounts:

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contributions, if any, (b) Plan earnings, and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants were vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's employer matching portion of their accounts, if any, is based on years of continuous service. A participant is 100% vested after five years of credited service, upon reaching normal retirement age, death, or termination of employment due to becoming disabled. All participants were fully vested in their accounts as of January 1, 2021.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, as defined. Interest rates on outstanding loan balances was 6.25% at December 31, 2020 and 2019. Principal and interest were paid ratably through payroll deductions. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document. Related fees were recorded as administrative expenses and were expensed when they are incurred.

[6] Payment of benefits:

On termination of service due to disability, retirement or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or ad-hoc distributions. For termination of service due to death, a participant's beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution, annual installments, or ad-hoc distributions.

[7] Forfeitures:

Forfeited nonvested accounts may be used to reduce future Company contributions and to pay Plan expenses. During the year ended December 31, 2020, no forfeitures were used to reduce employer contributions or to pay Plan expenses. There were no forfeited nonvested accounts available at March 31, 2021, December 31, 2020 and 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[6] Subsequent events:

The Plan has evaluated subsequent events through January 13, 2022, the date the financial statements were available to be issued.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Wells Fargo Bank, N.A. has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of March 31, 2021 and December 31, 2020, the statements of changes in net assets available for benefits for the period January 1, 2021 to March 31, 2021 and for the years ended December 31, 2020 and 2019, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of March 31, 2021, December 31, 2020 and 2019.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts – Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019:

Investment Assets at Fair Value as of December 31, 2020

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, stating that the Plan is qualified under the Internal Revenue Code ("IRC"), and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2021 and December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments were managed by Wells Fargo. Wells Fargo was the Plan trustee and recordkeeper and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$0 for the period January 1, 2021 to March 31, 2021 and \$30,637 for the year ended December 31, 2020.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments on March 31, 2021 and December 31, 2020 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In accordance with the merger agreement disclosed in Note A[1], all contributions to the Plan have ceased as of January 1, 2021, and all assets have been transferred to the successor Plan during the period January 1, 2021 to March 31, 2021. All participants in the Plan became fully vested on January 1, 2021.
