***Report on the Financial Statements***

We were engaged to audit the accompanying statement of net assets available for benefits KBRwyle Technology 401(k) Plan (the Plan), as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

***Basis for Disclaimer of Opinion***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019 that the information provided to the plan administrator by the trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

**Independent Auditor's Report**

To the Participants and KBR Benefits Committee of the
KBRwyle Technology 401(k) Plan
Houston, Texas

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of KBRwyle Technology 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and KBR Benefits Committee of the
KBRwyle Technology 401(k) Plan

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplementary Information Required by ERISA***

The supplementary information listed in the table of contents as of December 31, 2020 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

## Note 1. Description of the Plan

The following description of the KBRwyle Technology 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

### General

The Plan is a defined contribution plan covering all eligible employees of KBRwyle Technology Solutions, LLC (KBRwyle, the plan sponsor) and certain participating affiliated companies (Participating Units), (collectively, the Company), except as described in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Kellogg Brown & Root, LLC (KBR) Benefits Committee is responsible for oversight of the Plan. The KBR Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During 2019, assets were transferred from the Plan as a result of plan-to-plan transfers for participant account balances of $100,000 to the Kellogg Brown & Root, Inc. Retirement and Savings Plan. The participants changed their status to an employee, which resulted in a change of eligibility status.

### Contributions

Each year, participants may contribute up to 75 percent of their eligible earnings for union participants and non-union participants who are non-highly compensated employees and 15 percent for non-union participants who are highly compensated Employees. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after tax contributions to a Roth 401(k) option Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Prior to January 1, 2020, automatically enrolled participants have their deferral rate set at two percent of eligible compensation. Effective January 1, 2020, automatically enrolled participants have their deferral rate set at three percent of eligible compensation, increasing annually by one percent until reaching 10 percent. Contributions are invested in a designated balanced fund until changed by the participant.

Prior to January 1, 2020, the Company shall make an employer matching contribution for employees hired by Honeywell Technology Solutions, Inc. (HTSI) or the Company on or before September 16, 2016 and who were receiving the non-variable company match contribution under the Honeywell Savings and Ownership Plan on September 16, 2016. The employer matching contribution will be equal to 75 percent of matched contributions (up to eight percent of base pay) made by such participants. The Company shall make employer matching contributions for each participant who was hired as an eligible employee by HTSI after September 16, 2016 for each payroll period equal to 50 percent of matched contributions (up to six percent of base pay), unless, however, a participant is a union participant member of United Steel Workers (USW) Local 9292 (Jacksonville), the matched contributions shall be up to eight percent of base pay.

The employer of participants in Participating Units may elect to make a discretionary employer matching contribution and each Participating Unit may elect to make, in its discretion, an employer non-elective contribution with the basis established by the respective Participating Unit. The amount of any employer matching contribution or employer non-elective contribution made by a Participating Unit shall be allocated as set forth in the provision of the collective bargaining agreement or other written instrument the Participating Unit adopts for purposes of establishing such contribution.

Special provisions apply to union participants who are members of USW Local 9292 (Jacksonville) and who were hired by HTSI before February 1, 2013. These participants shall receive an employer non-elective contribution equal to 2.3 percent of compensation.

Effective January 1, 2020, the Company shall make an employer matching contribution of 100 percent of the first five percent and 50 percent of the next one percent of eligible compensation that a participant contributes to the Plan. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service (IRS) regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made by the Plan.

Contributions and participant account balances are invested as directed by the participant to any fund or a combination of funds. Contributions are subject to certain limitations.

**Investment Elections and Transfers**

The Plan participates in the KBR Employee Benefit Master Trust with State Street Bank and Trust Company (State Street) and in the KBR Master Trust with Vanguard Fiduciary Trust Company (Vanguard) (collectively, the Master Trusts). The Plan assets are held in the Master Trusts (see Note 3).

The Plan allows participants to make daily transfers of their account balances among the funds, subject to the Plan's investment transfer policy. The amount of the transfer may be all or any portion of the participant's account balance.

The Plan has an investment transfer policy that places waiting periods on transfers and reallocations into and out of all of the investment funds. If a participant makes a transfer or fund reallocation out of a fund other than the stable value fund, the participant cannot transfer money into that same fund for up to twenty calendar days. If funds are transferred or reallocated into and out of the stable value fund, the number of units that the money represents on the day of the transfer or reallocation transaction is locked in and cannot be transferred out of the stable value fund for up to twenty calendar days. Participants are permitted to reallocate or transfer money into and out of the stable value fund at any time.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after two years of credited service or at normal retirement, disability, or death.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the highest outstanding loan balance in all Company sponsored plans by the participant in the prior twelve months) or 50 percent of their vested account balance. A participant may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the current prime rate plus one percent as published by the Wall Street Journal at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) that was signed into law on March 27, 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. The participant's note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

**Payment of Benefits**

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive a distribution. All termination distributions are made in lump-sum amounts unless otherwise elected. Periodic installments are also available to participants who retire, or become disabled, at the participant's election. Distributions upon death of the participant may be made in lump-sum amounts or periodic installments.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. In addition, the Plan also permits participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 30, 2020.

**Forfeited Accounts**

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $123,915 and $745,019, respectively. These accounts will be used to reduce future Company matching contributions and pay Plan expenses. During 2020 and 2019, Company matching contributions were reduced by $1,179,025 and $1,554,990, respectively, from forfeited nonvested accounts and plan expenses of $120,565 and $81,533, respectively, were paid from forfeited nonvested accounts.

## Note 2. Summary of Significant Accounting Policies

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments in the Master Trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities in the Master Trusts are recorded on a trade-date basis. Interest income on the Master Trusts' investments are recorded on the accrual basis. Dividends on the Master Trusts' investments are recorded at the ex-dividend date. Net appreciation includes the gains and losses on Master Trusts' investments bought and sold as well as held during the year. Included with interest, dividends and other income and presented as Plan interest in investment income of Master Trust in the statement of changes in net assets available for benefits.

The Plan records interest on cash and cash equivalents and notes receivable from participants held outside of the Master Trusts as earned.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

**Payment of Benefits**

Benefits are recorded when paid.

**Expenses**

The Master Trusts pay substantially all Plan expenses on behalf of the Plan. Generally, trustee fees, recordkeeping fees, audit fees and investment management fees are paid from Master Trusts' assets and are charged to the applicable plans participating in the Master Trusts. Expenses related to the direct management of the Master Trusts are shared on an equitable basis by the participating plans. Expenses specifically related to an individual plan are charged to the assets of the plan that incurred the charges. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net income (loss) of Master Trusts.

**Plan Management's Review of Subsequent Events**

The Plan has evaluated subsequent events through December 13, 2021, the date the financial statements were available to be issued.

## Note 3. Participation in Master Trusts

All of the Plan's investments, except for participant loans, are in the Master Trusts, which were established for the collective investment of certain defined contribution and defined benefit plans. The assets of the Master Trusts are segregated into funds in which the plans may participate. The combination of the plans' assets is only for investment purposes and the plans continue to be operated under their current plan documents, as amended.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held in the Master Trusts and notes receivable from participants at December 31, 2020 and 2019, and net income of the Master Trusts and interest income on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard and State Street, the trustees of the Plan.

**Plan Interest in the KBR Master Trust**

Some of the Plan's investments are held by Vanguard in the KBR Master Trust, established by KBR for the investment of assets of various benefit plans. Each participating plan has an undivided interest in the KBR Master Trust. The Plan's proportionate interest in the investments of the KBR Master Trust at December 31, 2020 and 2019 was approximately 31.4% and 28.2%, respectively.

The following statements of net assets available for benefits are presented for the KBR Master Trust at December 31, 2020 and 2019:

## Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets in the Master Trusts measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

*Interest-bearing cash*: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

*Collective trust funds*: Valued at the NAV of the shares held, which is based on the fair value of the underlying investments using information reported by the investment advisor at year end. The NAV is used as a practical expedient to estimate fair value.

*Stable value fund*: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value of the underlying investments using information reported by the investment advisor at year end.

The Master Trusts consider all highly liquid investments with an original maturity of three months or less to be cash equivalents.

(a) The investment objective of this fund is to provide interest income consistent with prevailing market and interest rate conditions, principal stability, capital preservation, and liquidity for participant activity. The fund seeks to achieve these goals by investing in a combination of stable value contracts and fixed income investments.

## Note 5. Related Party Transactions and Party in Interest Transactions

The Plan, through its participation in the Master Trusts, may invest in shares of mutual funds, collective trust funds or a stable value fund provided through Vanguard and State Street. Vanguard and State Street are the trustees for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

## Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

## Note 7. Tax Status

The IRS has determined and informed the Company by a letter dated December 17, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note 8. Risks and Uncertainties

The investments of the Master Trusts are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

During 2020, the global outbreak of the Coronavirus (COVID-19), which was declared a pandemic by the World Health Organization in March, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

## Note 9. Concentration Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk principally consist of cash and cash equivalents. At times, such investments may be in excess of federally insured limits.
