DRUMMOND PRESS INC 401(k) PROFIT SHARING PLAN AND TRUST
Management Letter Comments
December 31, 2020

To Mr. John Falconetti, Mr. Don DuMond, and the Management of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust:

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. The following deficiencies/comments were not considered to be significant control deficiencies or material weaknesses but are being brought to your attention for your review:

Timing of Annual Compliance Testing:

During multiple years audits, we noted that compliance testing was not completed timely. Compliance testing should be completed on an annual basis in a timely manner to facilitate prompt return of excess contributions by March 15th of the following year, if any. We recommend plan management complete the Form 5330 for the late refunds of the 2020 excess contributions. Additionally, we recommend plan management ensure the annual compliance tests are completed in a timely manner and excess contributions, if any, be corrected.

No Minutes/Oversight Committees/Investment Policy:

Plan management has a fiduciary responsibility to oversee the Plan's operations, review the valuation methods used for investments held by the Plan, review the investments offered by the Plan, and stay current on changes with legislation to keep the Plan current. During multiple years audits, we noted that plan management does not hold plan related meetings and therefore does not maintain formal minutes, there are no plan oversight committees in place, and there is no investment policy for the Plan. It is important that plan management adequately document the due diligence they exercise over operations of the Plan, including selection of an investment policy and investment alternatives to offer participants who defer their earnings into the Plan's investments, and monitor investment performance against the Plan's objectives. Maintaining meeting minutes would document evidence that plan management is overseeing the Plan and is fulfilling its fiduciary responsibility. We recommend plan management establish investment and oversight committees along with an investment policy, that they begin holding meetings to discuss the Plan including discussions related to investment selections, plan review, and changes to the Plan, and that they document the discussions in formal meeting minutes to show they are fulfilling their fiduciary responsibility.

Lack of Segregation of Duties:

During multiple years audits, we noted that there is only one individual responsible for entering payroll increases, reviewing payroll prior to distribution, and processing payroll with no independent review or oversight procedures in place. We recommend that plan management review these areas and consider adding a level of review or additional controls in to provide some oversight to these areas as a mitigating control.

DRUMMOND PRESS INC 401(k) PROFIT SHARING PLAN AND TRUST
Management Letter Comments
December 31, 2020

Lack of Reconciliation:

During multiple years audits, we noted that there are no controls in place to reconcile contributions from payroll back to the custodial reports which could result in incorrect contribution amounts being remitted to the Plan. We recommend plan management add an additional procedure to the contribution process to reconcile contributions from payroll to the custodial reports to reduce the risk of this issues occurring going forward and to help identify any issues timely if they should occur.

Review of SOC 1 Report:

During multiple years audits, we have noted that plan management does not obtain and review the Plan's service providers' SOC 1 report. The SOC 1 outlines controls in place at the service provider as well as certain controls that should be in place at the plan sponsor ("user controls") in order to rely on the service provider's controls. We recommend that plan management obtain and review a copy of the Plan's service providers' SOC 1 report annually to ensure compliance with all user controls.

No Cybersecurity Training:

During multiple years audits, we noted that the Company does not currently have a cybersecurity training program in place for employees. As a best practice, we recommend plan management implement cybersecurity training for employees to prevent cybersecurity related breaches or issues.

Late Filing of Form 5500:

During multiple years audits, we noted that the Form 5500 for the Plan was not completed before the extended October 15th deadline. We recommend that plan management improve controls to ensure a timely Form 5500 filing going forward. We also recommend that plan management file the Form 5500 using the Delinquent Filer voluntary Compliance Program (DFVC) and use the DOL calculator to submit the penalty amount in order to avoid further penalties for the late filing of the Form 5500. Plan management will need to check the box on the Form 5500 page one that they are filing under the DFVC program.

Payroll Support:

During multiple years audits, we noted instances where plan management could not locate pay rate authorization support for multiple employees' pay rates. We recommend plan management maintain written authorization support for all participants' pay rates going forward in order to support the amounts that participants are being paid.

Incorrect Participant Demographic Information:

During the prior year audit, we noted three instances of incorrect demographic information within Paychex. We recommended that plan management work on correcting any incorrect dates with Paychex so they were correct going forward. However, during the current year audit, we noted that the incorrect demographic information was only updated for one of the three participants. Our recommendation that plan management update the incorrect demographic information for the other two participants remains the same.

DRUMMOND PRESS INC 401(k) PROFIT SHARING PLAN AND TRUST
Management Letter Comments
December 31, 2020

Late Remittances:

During multiple years audits, when reviewing Company remittances to the Plan, we noted that certain participant contributions and loan repayments were not remitted within 15 business days after the end of the month withheld. It is important that contributions and loan repayments withheld from employees' pay be remitted to the Plan as soon as they can be segregated from the general assets of the Company. The Department of Labor is focusing on this issue, so it is important to revisit compliance. The "within 15 business days after the end of the month withheld" [DOL Reg. 2510.3-102(b)] is the latest possible date to remit to avoid future violations and taxes. It is not the date that the DOL will necessarily use when looking at the timeliness of remittances.

In a typical DOL audit, the auditor will look at the Company's pattern of remittances and may rightly conclude that the shortest remittance period evidenced is the period in which assets may be segregated from the general assets of the Company. All later remittances may be deemed late by the DOL, and the Company will be required to pay lost earnings on the late remittance.

Late remittances must be reported on Schedule H, Line 4(a) of the Plan's Form 5500 as well as in the supplemental Schedule of Delinquent Participant Contributions. The Company must also calculate lost earnings on the late remittances and contribute the lost earnings to the Plan. Finally, the Plan sponsor must file a Form 5330 and pay the excise tax on the lost earnings, unless a prohibited transaction exemption is applied for and received. We recommend that the Company begin remitting payments consistently and as soon as possible after each pay period, when the assets are identified and segregated from the general assets. We also recommend the client complete a Form 5330 and fund the lost earnings for the late contributions in the 2020 plan year. The identified late contributions for the 2015 through 2019 plan years were corrected during 2021.

Incorrectly Calculated Deferrals Within Payroll:

During the current year audit, we noted one instance where a participant had their deferrals incorrectly calculated for one pay date and their deferrals were also not calculated for one pay date. Paychex noted these issues were due to system errors that were isolated to the participant.

Also, during the current year audit, we noted an instance where a participant's deferrals were stopped at the 2019 IRS limit rather than the 2020 IRS limit. Paychex noted this was due to their system being incorrectly setup using the prior deferral rate limit, and that there was one other participant impacted by this issue.

Paychex is going to complete a correction of 50% of the missed deferrals plus lost earnings for the impacted participants. We recommend plan management work with Paychex to improve controls within the payroll process, including ensuring the deferral limits are properly updated within the payroll system annually, to prevent similar issues going forward.

The above errors are considered operational failures which require correction under the IRS Employee Plans Compliance Resolution System ("EPCRS"), which is outlined in Revenue Procedure 2019-19 ("Rev. Proc. 2019-19"). The Company elected to correct the failures through the Self-Correction Program ("SCP") available under EPCRS. In accordance with the requirements of Rev. Proc. 2019-19, the correction method above has put the affected participants in the position they would have been in had the failures not occurred. In order to correct the failures using SCP the company must have established practices and procedures reasonably designed to prevent such failures. As a best practice we recommend that the company document these corrections and the related controls in place when the failures occurred. Providing such documentation will reduce or eliminate potential sanctions in the event that the IRS selects the plan for examination and identifies the failures.

December 21, 2021

To Mr. John Falconetti, Mr. Don DuMond, and management of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust:

We have conducted a DOL limited-scope audit of the financial statements of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust for the year ended December 31, 2020 and have issued our report thereon dated December 21, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians and trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 26, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Drummond Press Inc 401(k) Profit Sharing Plan and Trust are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive accounting estimates used in the Plan's financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The following schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

	P&L	BS
Assets (overstated)/understated by:		-
Liabilities overstated/(understated) by:		(48,467)
Income overstated/(understated) by:	19,464	
Expense (overstated)/understated by:	-

2019 FS effect- Net assets available for benefits- overstated/(understated) by		29,003
Net effect	19,464	n/a
COMMENTS: Corrections for participants not being automatically enrolled timely and for allowance pay being improperly excluded in 2018 not yet funded, and for the 2017 excess contributions distributed in 2020.		

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 21, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of Mr. John Falconetti, Mr. Don DuMond, and management of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

To Mr. John Falconetti, Mr. Don DuMond, and management of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust

The Drummond Press, Inc.
2472 Dennis Street
Jacksonville, FL 32204

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust (the "Plan") as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Drummond Press Inc 401(k) Profit Sharing Plan and Trust's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note E to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Drummond Press Inc 401(k) Profit Sharing Plan and Trust's internal control to be significant deficiencies:

During multiple plan years, we noted a number of control deficiencies that, in combination with the late Form 5500 filing, create a plan oversight significant deficiency. There is a lack of segregation of duties in the payroll function, contributions are not reconciled from payroll to the Plan's recordkeepers, plan management does not review the SOC 1 report from the Plan's recordkeeper, there are no oversight committees in place for the Plan, there is no investment policy statement for the Plan, there is no cybersecurity training for employees, plan management does not retain meeting minutes, and annual compliance testing was not completed timely. These deficiencies are further discussed in the management letter comments provided to plan management. We recommend plan management work to resolve these deficiencies to improve the plan oversight and to reduce the risk in the Plan.

This communication is intended solely for the information and use of management, Mr. John Falconetti, Mr. Don DuMond, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditor's Report

To the Plan Administrator of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Principal Life Insurance Company, Principal on behalf of Principal Global Investors Trust Company, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan through November 16. 2020, and Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians and trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians and trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. PLAN DESCRIPTION:

The following description of the Drummond Press Inc 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by The Drummond Press, Inc. (the "Company") covering substantially all employees that have attained age 21 and have completed 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Upon meeting eligibility requirements, participants may contribute up to 100% of their compensation, as defined by the plan, on a pre-tax and after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who do not make a separate deferral election within 30 days of meeting the Plan's eligibility requirements will be automatically enrolled to defer 3% of their pre-tax annual compensation into the Plan. Participants who are at least age 50 may make additional pre-tax "catch-up" contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Company may make discretionary matching contributions at a percentage determined by the Company. For the year ended December 31, 2020, the Company did not make a discretionary matching contribution. The Company may also make discretionary nonelective contributions. Employees must be active participants on the last day of the plan year to be eligible to receive the discretionary nonelective contributions. For the year ended December 31, 2020, the Company did not make a discretionary nonelective contribution.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

Completed Years of Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5+	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Remaining forfeitures will be used to pay plan expenses, to reduce company contributions, or to be allocated to plan participants. During 2020, $487 of forfeitures were used to pay plan expenses, and $7,073 of forfeitures were allocated to plan participants. Unallocated forfeitures at December 31, 2020 and 2019 were $3,487 and $3,725, respectively.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums, installments, partial payments, or annuities.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. A participant may also request a withdrawal from rollover funds at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within fifty-four months unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than two loans may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Expenses of the Plan

Substantially all expenses incurred in the administration of the Plan are paid by the Plan. Participant transaction fees are paid by participants initiating the transactions. Any expenses not paid by the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 7,422,989	$ 7,422,989	$ -	$ -
Total investments in the fair value hierarchy	$ 7,422,989	$ 7,422,989	$ -	$ -

	2019			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 6,267,064	$ 6,267,064	$ -	$ -
Total investments in the fair value hierarchy	6,267,064	$ 6,267,064	$ -	$ -
Investments measured at net asset value(1):				
Common collective trust	20,284			
Total investments at fair value	$ 6,287,348			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The common collective trusts can be redeemed daily, however, participants are subject to a 30 day notice period and the Plan is subject to a twelve month notice period. There are no unfunded commitments.

D. TAX STATUS:

The Internal Revenue Service (“IRS”) has determined and informed Paychex Inc. by a letter dated April 10, 2014 that the prototype plan document adopted by the plan sponsor and related trust are designed in accordance with applicable sections of the IRC. The Plan has not been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, no auditing procedures with respect to the information certified by Principal Life Insurance Company, Principal on behalf of Principal Global Investors Trust Company, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan through November 16. 2020, and Mid Atlantic Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The custodians and trustee have certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2020 and 2019, the investment earnings and other investment-related transactions of the Plan for the year then ended December 31, 2020, and the information contained in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020.

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodians and trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through December 21, 2021, the date these financial statements were available for issuance.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The specific impact of the COVID-19 global pandemic on the Plan's investment securities is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits on the financial statements to the Form 5500 as of December 31, 2019:

Net assets available for benefits on the financial statements	$ 6,483,682
Excess contributions payable not on the 2019 Form 5500	28,769
Net assets available for benefits on the Form 5500	$ 6,512,451

The following is a reconciliation of distributions to participants on the financial statements to the Form 5500 for the year ended December 31, 2020:

Distributions to participants on the financial statements	$ 498,040
Excess contributions payable not on the 2019 Form 5500	28,769
Distributions to participants on the Form 5500	$ 526,809
