Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Antioch Auto Center 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of June 30, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended June 30, 2021, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for *Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter, Supplementary Information
The Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended June 30, 2021, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Other Matter, 2020 Financial Statements
The financial statements of the Plan as of June 30, 2020, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated January 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Plan Description

The following description of the Antioch Auto Center 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1994, as restated effective August 22, 2017, to provide eligible employees of Tralee, Inc. dba Antioch Auto Center (the “Company”) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). All non-bargaining unit employees over the age 21 are eligible to participate in the Plan on their first day of quarter following the completion of one year of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

Contributions

Eligible participants may contribute a percentage of their pretax annual compensation, as defined by the Plan. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

The Company, at its discretion, may make matching contributions equal to a discretionary percentage of participant’s deferrals, determined by the Company’s management. Employees must be employed by the Company on the last day of the Plan year to be eligible for the discretionary match. For the year ended June 30, 2021, the Company did not make any discretionary matching contributions.

Participant accounts

Each participant’s account is credited with the participant’s contribution and the Company’s matching contribution, if any, and an allocation of investment earnings and losses, and charged with withdrawals and an allocation of administrative expenses. Allocations are made pursuant to the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are 100.00% vested in all participant contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. The Company’s contributions vest at a rate of 20.00% after the second year of vesting service and become fully vested after 6 years of vesting service.

Investment options

Participants can direct the investment of their account into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed investment contract. Participants may change their investment options daily.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50.00% of their vested account balance. Loan terms range up to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 6.50% on loans outstanding as of June 30, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59½ years.

Forfeitures

Forfeitures may be used first to reduce the Plan's administrative expenses and then to fund any future Company contributions. At June 30, 2021 and 2020, there were no forfeitures available to offset Plan expenses. During the year ended June 30, 2021, no forfeitures were used to reduce Plan expenses or fund any Company contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. All other interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through January 11, 2022, the date the financial statements were available to be issued.

3. Unaudited Information Certified by Custodian

The accompanying financial statements include the following unaudited information as of June 30, 2021 and 2020, and for the year ended June 30, 2021, that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian.

	2021	2020
Investments	**$ 8,531,413**	$ 6,558,527
Notes receivable from participants	**$ 160,132**	$ 191,327
Net appreciation in value of investments	**$ 1,428,576**	
Interest and dividends	**$ 384,936**	
Interest income on notes receivable from participants	**$ 8,991**	

4. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at June 30, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of June 2021 and 2020:

	Assets at Fair Value as of June 30, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 8,178,205**	**$ -**	**$ -**	**$ 8,178,205**

	Assets at Fair Value as of June 30, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 6,264,602	$ -	$ -	$ 6,264,602

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a stable value investment contract with Standard Insurance Company (The Standard). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of the investment contract held by the Plan:

	2021	2020
Stable value investment contract	**$ 353,208**	$ 293,925

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment has a portfolio investment rate design in which all deposits in the investment are credited with the same interest rate on a daily basis, with no set maturity. The crediting interest rate is based on a formula agreed upon with the issuers, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting and are effective on the first day of the quarter.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination, or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of the issuer.

6. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code (the "IRC"). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter document was designed in accordance with applicable sections of the IRC. During the plan year, the Plan had certain operational or administrative issues occur. The Company has taken corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System ("EPCRS"). The Company believes the Plan has maintained its tax-exempt status.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Exempt Party-in-Interest Transactions

Certain plan investments includes shares of registered investment company funds managed by Standard Insurance Company. As Standard Insurance Company is the recordkeeper of the Plan, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan to The Standard Insurance for administrative services were $71,765 for the year ended June 30, 2021.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

10. Excess Contributions Payable

Contributions received from participants for the years ended June 30, 2021 and 2020 are net of excess contributions of $122,850 and $95,482, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan has refunded the excess contributions for the year ended June 30, 2021, subsequent to year end. The excess contributions payable as of June 30, 2020, were refunded during the year ended June 30, 2021. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of June 30, 2021 and 2020.
