DEER PARK ROOFING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 (Audited) and 2019 (Compiled)

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Deer Park Roofing (the “Company”) 401(k) Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the agreement governing the Plan (the “Plan Agreement”).

General

The Plan is a defined contribution plan effective January 1, 2009 covering all employees (except excluded classes) of the Company who are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. Enrollment in the plan is allowed on the first day the first month and seventh month of the Plan Year following when the employee becomes eligible to participate.

Contributions

Participants may elect to contribute a specific percentage or dollar amount of compensation, as defined in the Plan Agreement, up to the total annual deferral limit set by law. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a safe harbor matching contribution of 100% up to the first 4% of salary deferral. The Company may also make additional discretionary employer contributions.

The plan sponsor also contributes amounts necessary to meet the Company’s requirements under an applicable prevailing wage statute. The prevailing wage contribution made on behalf of a participant for the Plan Year will reduce (offset) other Employer contributions allocated or contributed on behalf of such participant of the Plan. The prevailing wage contribution is considered a Qualified Non-Elective Contribution (QNEC). The formula for allocating the prevailing wage contribution is \$.80 per hour worked. The prevailing wage contribution is not subject to any age or service requirements, entry date provisions nor to any service or employment conditions and will be 100% vested.

Investment Options

Upon enrollment in the Plan, participants may direct contributions among investment choices offered by the Plan. Participants may change their investment options on any business day. There are no non-participant-directed investments in the Plan. All investments are allocated based upon the participants’ elections.

Participant Accounts

Participant accounts are valued on a daily basis based on quoted market prices. Each account is credited with the participant’s contributions, the Company’s matching contributions, and allocations of net investment earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contributions and prevailing wage contributions plus earnings thereon. Discretionary Company contributions vest on a 2-6 year graded schedule based on years of continuous service, with 100% vested after six years of service.

Participant Loans

The Plan permits participants to borrow from their fund accounts up to the maximum established by IRS regulations, generally \$50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest at one percentage points over the prime interest rate. Principal and interest are paid ratably through payroll deductions over a period not exceeding five years, unless the loan is for purchase of a principal residence, in which case repayment may be extended to a period commensurate with commercial lenders.

Benefits

Distribution benefits are generally payable in the form of either a lump sum amount equal to the value of the participant's vested account balance, or as partial withdrawals according to current laws concerning required distributions. Distributions are allowable in the event of retirement, disability, death, qualified reservist leave, or other employment severance. Hardship distributions and in-service distributions are allowed as defined by the Plan Agreement.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited funds may be used by the plan sponsor to pay Plan administrative expenses or reduce future Company contributions. The balance of the forfeiture accounts was \$1,021 and \$538 as of December 31, 2020 and 2019, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from these estimates.

DEER PARK ROOFING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 (Audited) and 2019 (Compiled)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements.

The net appreciation or depreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

Fully Benefit Responsive Investment Contract

The Transamerica Stable Value Option is a stable value fund that is a non-tradable obligation of the Transamerica Life Insurance Company Inc. Thus, the fund cannot or will not assign or sell the contract or its proceeds to another party without the consent of the Transamerica Life Insurance Company Inc. The objective of the Fund is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

Investments held by the Fund are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of the Fund attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans.

Terms of the contract require all permitted participant-initiated transactions with the fund to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the Plan, such as withdrawals for benefits or transfers to other funds within the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Market conditions may result in an unusually high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 (Audited) and 2019 (Compiled)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan Administration Costs

The Company absorbs significant costs of Plan administration related to legal, accounting, recordkeeping, and general administration. Investment advisory fees and other expenses related to the administration of the Plan are paid either by the Plan, the Company, or the participants.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Participant Loans

In accordance with FASB ASU 2010-25, participant loans are classified as notes receivable for GAAP purposes and measured at the unpaid principal plus accrued but unpaid interest, when such interest is material.

NOTE 3 – INVESTMENTS

The Plan's investments (including interest; dividends; and gains and losses on investments bought and sold, as well as held during the year) changed in value by \$363,342 in 2020.

NOTE 4 – RECORDKEEPING AND CUSTODIAN AGREEMENTS

Third-party administration services are performed by Creative Retirement Systems and recordkeeping and trustee services are provided by Transamerica Life Insurance Company Inc.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Fees and commissions paid from Plan assets totaled \$17,344 during 2020. In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 (Audited) and 2019 (Compiled)

NOTE 7 – TAX STATUS

The Plan has adopted a standardized form of a prototype plan offered by the Transamerica Life Insurance Company Inc., who has represented that the prototype plan qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's tax returns are subject to examination by Federal authorities for a period of three years after the filing deadlines of those returns. Tax returns for the years 2018 to 2020 remain open to examination.

NOTE 8 – PLAN AMENDMENTS

The Plan has been amended and restated as necessary to comply with recent legislative actions. The Plan was amended effective January 1, 2019 in order to comply with requirements of the hardship distribution final regulations.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103- 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company Inc., the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020, Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

NOTE 10 – FAIR VALUE MEASUREMENTS

SFAS 157 establishes a framework for measuring fair value which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I measurements) and the lowest priority to unobservable inputs (level III measurements). The three levels of the fair value hierarchy under SFAS 157 are described as follows:

DEER PARK ROOFING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 (Audited) and 2019 (Compiled)

NOTE 10 – FAIR VALUE MEASUREMENTS (Continued)

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

	Level I	Level II	Level III	Total
Self-directed investment account:				
Pooled separate accounts	\$ 1,997,379	\$ 64,508	\$ -	\$ 2,061,887
Total self-directed investment accounts	1,997,379	64,508	-	2,061,887
 Total Investments	 \$ 1,997,379	 \$ 64,508	 \$ -	 \$ 2,061,887

Management reviews events and transactions occurring subsequent to the date of the financial statements for matters requiring potential recognition or disclosure in the financial statements. The Company has evaluated subsequent events through December 20, 2021, the date the financial statements were available to be issued.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in volatility in financial markets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.
