NOTE 1: PLAN DESCRIPTION

The following description of the Allied Mineral Products 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established for the exclusive benefit of the employees of Allied Mineral Products, Inc. (the "prior Plan Sponsor"). Effective January 1, 2020, the prior Plan Sponsor approved a corporate reorganization whereas the prior Plan Sponsor became a wholly-owned subsidiary of Allied Mineral Products Holding, Inc. (the "current Plan Sponsor"). Under the terms of the Plan, employees who have accumulated one month of service are eligible for participation. The Board of Directors of the prior and current Plan Sponsors control and manage the operation and administration of the Plan. The John Hancock Life Insurance Company USA served as the custodian of the Plan from April 1, 2019 through December 31, 2019, and Great-West Trust Company, LLC, served as the custodian from January 1, 2020 through March 31, 2020 and the year ended March 31, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute a portion of their pre-tax and post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions.) Contributions are subject to certain Internal Revenue Code limitations. The Plan does not include a provision for employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or a longer term may be permitted for the purchase of a primary residence.

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants (continued)
The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates are currently 3.25% for new loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals for participants with vested account balances greater than $5,000 are permitted. The Plan allows for hardship distributions to satisfy certain immediate and heavy financial needs specified in the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as further described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. The net appreciation and (depreciation) in the fair value of investments (net realized and unrealized gains and losses and capital gains received and reinvested in the Plan) is reflected in the accompanying Statement of Changes in Net Assets Available for Plan Benefits. Interest income is recorded on the accrual basis. Dividends and capital gains distributions are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of March 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping, are paid by the current Plan Sponsor and are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In evaluating events that may have material impact on the financial statements, the Plan Sponsor has considered activities through January 12, 2022, the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY USA AND GREAT-WEST TRUST COMPANY, LLC

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at March 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments and interest for the years ended March 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company USA from April 1, 2019 through December 31, 2019 and Great-West Trust Company, LLC from January 1, 2020 through March 31, 2020 and the year ended March 31, 2021 (the custodians of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at March 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts (CIT): Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at March 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,556,816	$ -	$ -	$ 1,556,816
Collective investment trust	10,160,881	-	-	10,160,881
Stable value fund valued using NAV as a practical expedient (a)				230,891
Total assets at fair value	$11,717,697	$ -	$ -	$ 11,948,588

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at March 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 271,843	$ -	$ -	$ 271,843
Collective investment trust	9,010,167	-	-	9,010,167
Stable value fund valued using NAV as a practical expedient (a)				48,469
Total assets at fair value	$ 9,282,010	$ -	$ -	$ 9,330,479

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The stable value fund has no unfunded commitments, the redemption frequency is daily and there is no redemption notice period. For the years ended March 31, 2021 and 2020, the plan did not hold any Level 2 or Level 3 assets.

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments were units of pooled separate accounts managed by John Hancock Life Insurance Company USA. John Hancock was the custodian as defined by the Plan during the period from April 1, 2019 through December 31, 2019, and therefore, these transactions qualified as party-in-interest transactions.

Certain Plan investments are managed by Great-West Trust Company, LLC. As defined by the Plan, the Great-West Trust Company, LLC is the Plan custodian and has been the custodian since January 1, 2020, and therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan held party-in-interest receivables of $105,670 and $219,712 as of March 31, 2021 and 2020, respectively, in the form of notes receivable from participants.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right at any time to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 7: TAX STATUS

Great-West Trust Company, LLC, sponsor of a prototype standardized profit sharing plan with CODA, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC).

NOTE 7: TAX STATUS (CONTINUED)

The current Plan Sponsor adopted this restated prototype plan on January 1, 2020. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of March 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

As of March 31, 2021, the Plan held $10,160,881 of Wilmington Trust Retirement & Institutional Services Company FlexPath funds, which was approximately 85% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.
