INDEPENDENT AUDITORS' REPORT

To the Trustees of and Participants in the
McKesson Corporation 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the McKesson Corporation 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended March 31, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of March 31, 2021 and 2020, and for the year ended March 31, 2021, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these statements referred to in the first paragraph.

Other Matter- Supplemental Schedule

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of March 31, 2021, is required by the Department of Labor's (DOL) Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

McKESSON CORPORATION 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF MARCH 31, 2021 AND 2020, AND FOR THE YEAR ENDED MARCH 31, 2021

1. PLAN DESCRIPTION

The following description of the Plan is provided for general informational purposes only. Participants should refer to the plan document for more complete information. The Plan is a defined contribution plan covering all persons who have completed two months of service and are regular or part-time employees or are casual or temporary employees who have worked at least 1,000 hours in a 12-month period at McKesson Corporation (the "Company" or "McKesson" or "Plan Sponsor") or a participating subsidiary, except seasonal and collectively bargained employees (unless the collective bargaining agreement provides for participation). The plan year is April 1 through March 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company controls and manages the operation and administration of the Plan.

Fidelity Management Trust Company ("Fidelity") is the trustee and its affiliate, Fidelity Workplace Services, LLC, provides the recordkeeping services to the Plan.

Contributions—The Plan qualifies as a safe harbor plan as described in Internal Revenue Code (the "Code") Sections 401(k)(12) and 401(m)(11). Participants may make pre-tax and/or Roth 401(k) contributions from 1% to 75% of eligible pay, limited to \$19,500 for the calendar year 2021. Participants 50 years of age or older may also elect to make additional pre-tax and/or Roth 401(k) catch-up contributions of up to 75% of eligible pay, limited to \$6,500 for the calendar year 2021. Participants also may make after-tax contributions ranging from 1% to 25% of eligible pay. Participants may also contribute amounts representing distributions from other eligible retirement plans. Effective as of January 1, 2019, an individual who becomes eligible to participate in the Plan is automatically enrolled in the Plan and shall have five percent (5%) of their compensation for each payroll period contributed to the Plan as pre-tax contributions unless such individual makes an affirmative election to participate at a different rate (including 0%).

Participant Accounts—Individual accounts are maintained for each plan participant. Each participant's account is credited with contributions and an allocation of earnings and charged with withdrawals and an allocation of losses and administrative expenses. Allocations are based on participant earnings on account balances. The participant is entitled to a benefit upon severance from employment based upon the vested portion of the participant's account.

Vesting—In general, for the plan years ended March 31, 2021 and 2020, employer contributions were 100% vested immediately. Dividends automatically reinvested in McKesson common stock are also 100% vested at all times. Certain qualified employee benefit plans that have been merged into the Plan maintain their legacy vesting schedules.

Investment Options—Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of the investment options offered under the Plan and change his/her investment options at any time. Participants select from various investment funds in which to invest their account balances and current contributions. Participants also have the option to manage their own investments through a self-directed brokerage account (Fidelity Brokerage Link account).

Participants may have an investment balance in McKesson Employee Stock Fund (the "Employee Stock Fund"), which primarily represents investments in McKesson's common stock. Effective August 31, 2018, the McKesson Employee Stock Fund investment option was frozen to new contributions and after such date, participants cannot invest new contributions in the fund or make loan repayments or investment exchanges into the fund. Participants have the ability to transfer contributions from this fund to participant-directed investments; however, they cannot transfer contributions into the Employer Stock Fund. Total transfers to other investments for the years ended March 31, 2021 and 2020, were approximately \$17,435,000 and \$29,079,000, respectively.

Loans—A participant may have only one loan outstanding from the Plan at any time. The total amount loaned to an individual participant cannot exceed the lowest of: (i) 50% of such participant's vested account balance, (ii) \$50,000 less the participant's highest outstanding loan balance under the Plan in the 12 months preceding the loan date, or (iii) the value of the participant's account attributable to pre-tax, Roth, after-tax, catch-up, and rollover contributions. Most loans bear interest at the then current prime rate of interest on the loan date plus 1%. Loan interest rates ranged from 3.5% to 6.50% at March 31, 2021, and 4.0% to 6.50% at March 31, 2020, respectively. Generally, loans may be repaid over a period not to exceed five years, except for residential home loans, which may be repaid over a term not to exceed ten years. Certain loans under qualified plans of acquired companies that were merged into the Plan may have longer repayment terms. Principal repayments and interest are paid through payroll deductions. For participants who have terminated employment or are on a leave of absence and are no longer receiving a paycheck, loan repayments may be made by electronic fund transfer or check. Notes receivable from participants totaled approximately \$46,988,000 and \$38,607,000 at March 31, 2021 and 2020, respectively.

Plan management approved changes related to the CARES Act in 2020, increasing the limit on Plan loans for eligible participants to the lesser of \$100,000 or 100% of the participant's vested account balance for the period from March 27, 2020 through September 23, 2020, and permitting eligible participants to suspend payments on Plan loans until December 31, 2020. Approximately \$10,500,000 of coronavirus related loans were made during the CARES Act period.

Payment of Benefits—Participants have the right to receive a full or partial distribution of their vested Plan account balance at the time of retirement, death, disability, or termination of employment. In general, when requested by a participant, benefit payments are made in a lump sum cash amount, but participants also may elect a distribution in-kind in the form of McKesson common stock and/or in the form of installments. The Plan also provides for in-service withdrawals on account of financial hardship or attainment of age 59½. In-service distributions cannot exceed a participant's vested account balance less applicable tax withholdings and penalties. Former employees may remain participants in the Plan and continue directing the investment of their accounts without taking a distribution until attaining age 70½.

Plan management approved changes related to the CARES Act in 2020, permitting eligible participants to take coronavirus related distributions of up to \$100,000 without a 10% early withdrawal penalty for the period from April 1, 2020 through March 31, 2021. Approximately \$54,543,000 of coronavirus related distributions were made during the CARES Act period.

Employer Matching Contributions to Participant Accounts—Each pay period, the Plan provides for Company matching contributions to all participants who make elective deferrals in an amount equal to 100% of the first 3% of pay contributed to the Plan and 50% of the next 2% of pay contributed to the Plan. Effective July 1, 2020 the Plan was amended to suspend the employer match for all highly compensated employees. Effective October 31, 2020 the Plan was amended to reinstate the employer match. An additional annual matching contribution may be allocated to plan participants at the discretion of the Company. There were no additional annual matching contributions for the year ended March 31, 2021.

The Plan also provides for a true-up matching employer contribution in an amount equal to the difference between (1) a participant's matching contributions determined based on the participant's compensation and eligible contributions for the entire plan year and (2) the amount of the participant's matching contributions actually contributed to the Plan for the plan year. Employer matching contributions were approximately \$64,834,000 for the year ended March 31, 2021.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value with the exception of fully benefit-responsive investment contracts, which are required to be reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The statements of net assets available for benefits present fully benefit-responsive investment contracts at contract value and all other investments at fair value.

Use of Estimates—The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan maintains various investment options including mutual funds, Fidelity BrokerageLink, common/collective trusts, separately managed accounts, the Employer Stock Fund, and the Employee Stock Fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. Although economic conditions have improved, the values of the Plan's individual investments may continue to fluctuate in response to changing market conditions. The full impact of the COVID-19 pandemic continues to evolve as of the date of this report.

Investment Valuation and Income Recognition—The Plan’s investments are stated at fair value or net asset value (“NAV”) as a practical expedient for fair value except for the separately managed BNY Mellon Stable Value Portfolio, which consists of fully benefit-responsive Guaranteed Investment Contracts (“GICs”) that are stated at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are stated at quoted market prices. Investments entered into through Fidelity BrokerageLink are primarily stated at quoted market prices.

Investments in common/collective trusts are stated at NAV as a practical expedient for fair value. Investments in the separately managed Employer Stock Fund and Employee Stock Fund are reported and valued based on the underlying net assets, which are actively traded and primarily valued using quoted market prices.

The BNY Mellon Stable Value Portfolio is a custom investment option for the Plan that consists of GICs that are reported and stated at contract value, which represents contributions, plus credited earnings, less participant withdrawals.

Shares of McKesson common stock are valued at quoted market prices on March 31, 2021 and 2020. Certain administrative expenses are allocated to the individual investment options based upon daily balances invested in each option and are reflected as an addition to net depreciation in fair market value of investments or a reduction of net appreciation in fair market value of investments. Consequently, these administrative expenses are reflected as a reduction of investment return for such investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits—Benefits are recorded when paid.

Notes Receivable—Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Recent Accounting Pronouncements—In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurements* (Topic 820). The updating guidance improves the disclosure requirements with respect to fair value measurements. The adoption of ASU 2018-13 became effective for the Plan on April 1, 2020, and did not have a material impact on the Plan’s net assets available for plan benefits, the changes in net assets available for plan benefits or related disclosures.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- Total investments, at fair value and contract value included in the statements of net assets available for benefits at March 31, 2021 and 2020.
- Notes receivable from participants, included in the statements of net assets available for benefits at March 31, 2021 and 2020.
- Investment income and interest income from notes receivable, information included in the statement of changes in net assets available for benefits for the year ended March 31, 2021.
- All amounts included in Note 4, *Investments Reported at Contract Value (Unaudited)*.
- All amounts included in Note 5, *Fair Value Measurements (Unaudited)*.
- All information included in the supplemental schedule of assets (held at end of year) as of March 31, 2021.

4. FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan considers the principal or most advantageous market in which the Plan would transact, and the Plan considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, redemption restrictions, and risk of non-performance.

In addition to determining fair value, the Plan is required to establish a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2—Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3—Unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

The Plan's investments measured at fair value on a recurring basis consisted of the following types of instruments as of March 31 (in thousands):

(In thousands of dollars)

⁽¹⁾ Common/collective trusts for which fair value is measured using the NAV per share as a practical expedient are not leveled within the fair value hierarchy and are included as a reconciling item to total investments measured at fair value presented in the statements of net assets available for benefits.

As of March 31, 2021 and 2020, there were no investments classified as level 3 nor were there any significant transfers in or out of levels 1, 2, or 3. Below is a description of the valuation methodologies used for the fair value measurements.

Mutual funds are publicly traded investments which are valued using a quoted price in an active market.

Common/collective trusts are valued using NAV. The NAV of a common/collective trust is based on the market values of the underlying securities. The beneficial interest of each investor is represented in units. Units are issued and redeemed daily at the fund's closing NAV.

Separately managed accounts are valued based on the fair values of the underlying securities, which are primarily valued using quoted market prices.

Interest-bearing cash is stated at cost, plus accrued interest, which approximates fair value (Level 1 inputs).

The Level 1 investments in Fidelity BrokerageLink and McKesson common stock are stated at quoted market prices. The Level 2 investments in Fidelity BrokerageLink class consists of government bonds, treasury securities, and corporate bonds. Inputs to the valuation methodology include quoted prices for similar assets in active markets and inputs that are observable for the asset, either directly or indirectly, for substantially the full term of the asset.

The Plan makes certain investments where the fair value is measured by NAV per share. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments. These investments are summarized below as of March 31 (in thousands):

(In thousands of dollars)

	2021			2020

5. INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

The Stable Value Portfolio is a custom separately management account which contains direct investment contracts with insurance companies and financial institutions with the objective of providing participants a stable return on investment and protection of principal from changes in market interest rates.

Fixed maturity synthetic GICs consist of an asset or pool of assets that are owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract provides contract value accounting for the asset and assures that contract value, benefit-responsive payments will be made for participant-directed withdrawals.

Constant duration synthetic GICs consist of a portfolio of securities owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration and assures that contract value payments will be made for participant-directed withdrawals.

Separate account GICs are group annuity contracts that pay a rate of return that is reset periodically (typically quarterly), offer book value accounting, and provide benefit responsiveness for participant-directed withdrawals. The crediting rate reflects the experience of assets that are separated from the insurance company's general account assets. The liabilities associated with an insurance company separate account are paid from the assets held in that separate account. The insurance company's general account assets back the separate accounts to fulfill separate account obligations. Separate account assets cannot be used to satisfy general account liabilities.

The fixed maturity synthetic and constant duration synthetic GICs use wrap contracts in order to manage market risks and to alter the return characteristics of the underlying portfolio of securities owned by the Stable Value Portfolio to match certain fund objectives. There are no reserves against these contract values for credit risk of the contract issuer or otherwise.

The initial crediting rates for both the fixed maturity synthetic and constant duration synthetic GICs are established based on the market interest rates at the time the initial asset is purchased and are guaranteed to have an interest crediting rate of not less than zero percent. The fixed maturity synthetic GIC crediting rate is set at the start of the contract and typically resets on a quarterly basis. The constant duration synthetic GIC crediting rate resets every quarter based on the contract value, the market yield to maturity, the market value, and the average duration of the underlying assets. The crediting rate for constant duration synthetic GICs aims at converging the contract value with the market value; therefore, it will be affected by interest rate and market changes.

Withdrawals and transfers resulting from the following events will limit the ability of the portfolio to transact at book or contract value, though such events are not probable of occurring. Instead, fair value would likely be used in determining the payouts to the participants, should any of the following events occur:

- Employer-initiated events—events within the control of the Plan or the Plan Sponsor which would have a material and adverse impact on the fund
- Employer communications designed to induce participants to transfer from the fund
- Competing fund transfer or violation of equity wash or equivalent rules in place
- Changes of qualification status of employer or plan

Issuers may terminate the GICs and settle at other than contract value if there is a change in the qualification status of employer or plan, a breach of material obligations under the contract, misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. PLAN MERGER

Effective August 18, 2020, the R/X Information Technology, Inc. 401(k) Plan and the R/X Automation Solutions, Inc. 401(k) Plan were merged into the Plan. The total amount of assets transferred into the Plan as a result of these mergers was approximately \$2,255,000.

7. FEDERAL INCOME TAX STATUS

On December 19, 2017, the Internal Revenue Service issued a favorable determination letter to the Plan indicating that, in its opinion, the terms of the Plan conform to the requirements of Section 401(a) of the Code. The Company and the plan administrator believe that the Plan, in form and operation, complies with the applicable requirements of the Code and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PLAN TERMINATION

The Company's Board of Directors reserves the right to terminate the Plan. If termination should occur, all participant accounts would be 100% vested immediately and each participant would receive a distribution equal to his or her vested account balance.

9. EXEMPT RELATED PARTY TRANSACTIONS

At March 31, 2021 and 2020, the Plan held common stock shares of McKesson Corporation, the Plan Sponsor. The shares were held within the Plan's Employer and Employee Stock Funds. See below for breakout of shares held, cost basis and fair value of the Employer and Employee Stock Funds.

(In thousands of dollars and shares)

Employer Stock Fund					
2021			2020		
Number of Shares	Cost Basis	Fair Value of Shares	Number of Shares	Cost Basis	Fair Value of Shares
1,392	\$ 53,345	\$ 273,934	1,592	\$ 59,537	\$ 21,621

485	\$ 55,434	\$ 95,459	582	\$ 66,103	\$ 79,319

The per share fair value of McKesson common stock at March 31, 2021 and 2020, was \$195.04 and \$135.26, respectively. These transactions qualify as exempt party-in-interest transactions.

During the year ended March 31, 2021, the Employer Stock Fund recognized dividend income from McKesson common shares of approximately \$2,470,000. During the year ended March 31, 2021, the Employee Stock Fund recognized dividend income from McKesson common shares of approximately \$874,000. McKesson dividends received by the Plan were reinvested respectively in the Employer and Employee Stock Funds.

Certain investment options are managed by Fidelity, which also serves as the Plan's record-keeper and trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Generally, investment options (other than mutual funds and publicly offered securities) may qualify as party-in-interest transactions if the issuer, investment manager, or trustee of the investment option is a plan fiduciary or service provider. Fees for investment management services are allocated to the participants with balances in those funds. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

10. SUBSEQUENT EVENTS

For the year ended March 31, 2021, subsequent events were evaluated through January 13, 2022, the date the financial statements were available to be issued. No matters were identified that would materially impact the financial statements or require disclosure, except as noted below.

Effective August 2, 2021, the CoverMyMeds 401(k) Plan was merged into the Plan. The total amount of assets transferred into the Plan as a result of these mergers was approximately \$60,665,000.

INDEPENDENT AUDITORS' REPORT

To the Trustees of and Participants in the
McKesson Corporation 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the McKesson Corporation 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended March 31, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of March 31, 2021 and 2020, and for the year ended March 31, 2021, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these statements referred to in the first paragraph.

Other Matter- Supplemental Schedule

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of March 31, 2021, is required by the Department of Labor's (DOL) Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

McKESSON CORPORATION 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF MARCH 31, 2021 AND 2020, AND FOR THE YEAR ENDED MARCH 31, 2021

1. PLAN DESCRIPTION

The following description of the Plan is provided for general informational purposes only. Participants should refer to the plan document for more complete information. The Plan is a defined contribution plan covering all persons who have completed two months of service and are regular or part-time employees or are casual or temporary employees who have worked at least 1,000 hours in a 12-month period at McKesson Corporation (the "Company" or "McKesson" or "Plan Sponsor") or a participating subsidiary, except seasonal and collectively bargained employees (unless the collective bargaining agreement provides for participation). The plan year is April 1 through March 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company controls and manages the operation and administration of the Plan.

Fidelity Management Trust Company ("Fidelity") is the trustee and its affiliate, Fidelity Workplace Services, LLC, provides the recordkeeping services to the Plan.

Contributions—The Plan qualifies as a safe harbor plan as described in Internal Revenue Code (the "Code") Sections 401(k)(12) and 401(m)(11). Participants may make pre-tax and/or Roth 401(k) contributions from 1% to 75% of eligible pay, limited to \$19,500 for the calendar year 2021. Participants 50 years of age or older may also elect to make additional pre-tax and/or Roth 401(k) catch-up contributions of up to 75% of eligible pay, limited to \$6,500 for the calendar year 2021. Participants also may make after-tax contributions ranging from 1% to 25% of eligible pay. Participants may also contribute amounts representing distributions from other eligible retirement plans. Effective as of January 1, 2019, an individual who becomes eligible to participate in the Plan is automatically enrolled in the Plan and shall have five percent (5%) of their compensation for each payroll period contributed to the Plan as pre-tax contributions unless such individual makes an affirmative election to participate at a different rate (including 0%).

Participant Accounts—Individual accounts are maintained for each plan participant. Each participant's account is credited with contributions and an allocation of earnings and charged with withdrawals and an allocation of losses and administrative expenses. Allocations are based on participant earnings on account balances. The participant is entitled to a benefit upon severance from employment based upon the vested portion of the participant's account.

Vesting—In general, for the plan years ended March 31, 2021 and 2020, employer contributions were 100% vested immediately. Dividends automatically reinvested in McKesson common stock are also 100% vested at all times. Certain qualified employee benefit plans that have been merged into the Plan maintain their legacy vesting schedules.

Investment Options—Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of the investment options offered under the Plan and change his/her investment options at any time. Participants select from various investment funds in which to invest their account balances and current contributions. Participants also have the option to manage their own investments through a self-directed brokerage account (Fidelity Brokerage Link account).

Participants may have an investment balance in McKesson Employee Stock Fund (the "Employee Stock Fund"), which primarily represents investments in McKesson's common stock. Effective August 31, 2018, the McKesson Employee Stock Fund investment option was frozen to new contributions and after such date, participants cannot invest new contributions in the fund or make loan repayments or investment exchanges into the fund. Participants have the ability to transfer contributions from this fund to participant-directed investments; however, they cannot transfer contributions into the Employer Stock Fund. Total transfers to other investments for the years ended March 31, 2021 and 2020, were approximately \$17,435,000 and \$29,079,000, respectively.

Loans—A participant may have only one loan outstanding from the Plan at any time. The total amount loaned to an individual participant cannot exceed the lowest of: (i) 50% of such participant's vested account balance, (ii) \$50,000 less the participant's highest outstanding loan balance under the Plan in the 12 months preceding the loan date, or (iii) the value of the participant's account attributable to pre-tax, Roth, after-tax, catch-up, and rollover contributions. Most loans bear interest at the then current prime rate of interest on the loan date plus 1%. Loan interest rates ranged from 3.5% to 6.50% at March 31, 2021, and 4.0% to 6.50% at March 31, 2020, respectively. Generally, loans may be repaid over a period not to exceed five years, except for residential home loans, which may be repaid over a term not to exceed ten years. Certain loans under qualified plans of acquired companies that were merged into the Plan may have longer repayment terms. Principal repayments and interest are paid through payroll deductions. For participants who have terminated employment or are on a leave of absence and are no longer receiving a paycheck, loan repayments may be made by electronic fund transfer or check. Notes receivable from participants totaled approximately \$46,988,000 and \$38,607,000 at March 31, 2021 and 2020, respectively.

Plan management approved changes related to the CARES Act in 2020, increasing the limit on Plan loans for eligible participants to the lesser of \$100,000 or 100% of the participant's vested account balance for the period from March 27, 2020 through September 23, 2020, and permitting eligible participants to suspend payments on Plan loans until December 31, 2020. Approximately \$10,500,000 of coronavirus related loans were made during the CARES Act period.

Payment of Benefits—Participants have the right to receive a full or partial distribution of their vested Plan account balance at the time of retirement, death, disability, or termination of employment. In general, when requested by a participant, benefit payments are made in a lump sum cash amount, but participants also may elect a distribution in-kind in the form of McKesson common stock and/or in the form of installments. The Plan also provides for in-service withdrawals on account of financial hardship or attainment of age 59½. In-service distributions cannot exceed a participant's vested account balance less applicable tax withholdings and penalties. Former employees may remain participants in the Plan and continue directing the investment of their accounts without taking a distribution until attaining age 70½.

Plan management approved changes related to the CARES Act in 2020, permitting eligible participants to take coronavirus related distributions of up to \$100,000 without a 10% early withdrawal penalty for the period from April 1, 2020 through March 31, 2021. Approximately \$54,543,000 of coronavirus related distributions were made during the CARES Act period.

Employer Matching Contributions to Participant Accounts—Each pay period, the Plan provides for Company matching contributions to all participants who make elective deferrals in an amount equal to 100% of the first 3% of pay contributed to the Plan and 50% of the next 2% of pay contributed to the Plan. Effective July 1, 2020 the Plan was amended to suspend the employer match for all highly compensated employees. Effective October 31, 2020 the Plan was amended to reinstate the employer match. An additional annual matching contribution may be allocated to plan participants at the discretion of the Company. There were no additional annual matching contributions for the year ended March 31, 2021.

The Plan also provides for a true-up matching employer contribution in an amount equal to the difference between (1) a participant's matching contributions determined based on the participant's compensation and eligible contributions for the entire plan year and (2) the amount of the participant's matching contributions actually contributed to the Plan for the plan year. Employer matching contributions were approximately \$64,834,000 for the year ended March 31, 2021.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value with the exception of fully benefit-responsive investment contracts, which are required to be reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The statements of net assets available for benefits present fully benefit-responsive investment contracts at contract value and all other investments at fair value.

Use of Estimates—The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan maintains various investment options including mutual funds, Fidelity BrokerageLink, common/collective trusts, separately managed accounts, the Employer Stock Fund, and the Employee Stock Fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. Although economic conditions have improved, the values of the Plan's individual investments may continue to fluctuate in response to changing market conditions. The full impact of the COVID-19 pandemic continues to evolve as of the date of this report.

Investment Valuation and Income Recognition—The Plan’s investments are stated at fair value or net asset value (“NAV”) as a practical expedient for fair value except for the separately managed BNY Mellon Stable Value Portfolio, which consists of fully benefit-responsive Guaranteed Investment Contracts (“GICs”) that are stated at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are stated at quoted market prices. Investments entered into through Fidelity BrokerageLink are primarily stated at quoted market prices.

Investments in common/collective trusts are stated at NAV as a practical expedient for fair value. Investments in the separately managed Employer Stock Fund and Employee Stock Fund are reported and valued based on the underlying net assets, which are actively traded and primarily valued using quoted market prices.

The BNY Mellon Stable Value Portfolio is a custom investment option for the Plan that consists of GICs that are reported and stated at contract value, which represents contributions, plus credited earnings, less participant withdrawals.

Shares of McKesson common stock are valued at quoted market prices on March 31, 2021 and 2020. Certain administrative expenses are allocated to the individual investment options based upon daily balances invested in each option and are reflected as an addition to net depreciation in fair market value of investments or a reduction of net appreciation in fair market value of investments. Consequently, these administrative expenses are reflected as a reduction of investment return for such investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits—Benefits are recorded when paid.

Notes Receivable—Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Recent Accounting Pronouncements—In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurements* (Topic 820). The updating guidance improves the disclosure requirements with respect to fair value measurements. The adoption of ASU 2018-13 became effective for the Plan on April 1, 2020, and did not have a material impact on the Plan’s net assets available for plan benefits, the changes in net assets available for plan benefits or related disclosures.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- Total investments, at fair value and contract value included in the statements of net assets available for benefits at March 31, 2021 and 2020.
- Notes receivable from participants, included in the statements of net assets available for benefits at March 31, 2021 and 2020.
- Investment income and interest income from notes receivable, information included in the statement of changes in net assets available for benefits for the year ended March 31, 2021.
- All amounts included in Note 4, *Investments Reported at Contract Value (Unaudited)*.
- All amounts included in Note 5, *Fair Value Measurements (Unaudited)*.
- All information included in the supplemental schedule of assets (held at end of year) as of March 31, 2021.

4. FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan considers the principal or most advantageous market in which the Plan would transact, and the Plan considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, redemption restrictions, and risk of non-performance.

In addition to determining fair value, the Plan is required to establish a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2—Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3—Unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

The Plan's investments measured at fair value on a recurring basis consisted of the following types of instruments as of March 31 (in thousands):

(In thousands of dollars)

⁽¹⁾ Common/collective trusts for which fair value is measured using the NAV per share as a practical expedient are not leveled within the fair value hierarchy and are included as a reconciling item to total investments measured at fair value presented in the statements of net assets available for benefits.

As of March 31, 2021 and 2020, there were no investments classified as level 3 nor were there any significant transfers in or out of levels 1, 2, or 3. Below is a description of the valuation methodologies used for the fair value measurements.

Mutual funds are publicly traded investments which are valued using a quoted price in an active market.

Common/collective trusts are valued using NAV. The NAV of a common/collective trust is based on the market values of the underlying securities. The beneficial interest of each investor is represented in units. Units are issued and redeemed daily at the fund's closing NAV.

Separately managed accounts are valued based on the fair values of the underlying securities, which are primarily valued using quoted market prices.

Interest-bearing cash is stated at cost, plus accrued interest, which approximates fair value (Level 1 inputs).

The Level 1 investments in Fidelity BrokerageLink and McKesson common stock are stated at quoted market prices. The Level 2 investments in Fidelity BrokerageLink class consists of government bonds, treasury securities, and corporate bonds. Inputs to the valuation methodology include quoted prices for similar assets in active markets and inputs that are observable for the asset, either directly or indirectly, for substantially the full term of the asset.

The Plan makes certain investments where the fair value is measured by NAV per share. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments. These investments are summarized below as of March 31 (in thousands):

(In thousands of dollars)

	2021			2020

5. INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

The Stable Value Portfolio is a custom separately management account which contains direct investment contracts with insurance companies and financial institutions with the objective of providing participants a stable return on investment and protection of principal from changes in market interest rates.

Fixed maturity synthetic GICs consist of an asset or pool of assets that are owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract provides contract value accounting for the asset and assures that contract value, benefit-responsive payments will be made for participant-directed withdrawals.

Constant duration synthetic GICs consist of a portfolio of securities owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration and assures that contract value payments will be made for participant-directed withdrawals.

Separate account GICs are group annuity contracts that pay a rate of return that is reset periodically (typically quarterly), offer book value accounting, and provide benefit responsiveness for participant-directed withdrawals. The crediting rate reflects the experience of assets that are separated from the insurance company's general account assets. The liabilities associated with an insurance company separate account are paid from the assets held in that separate account. The insurance company's general account assets back the separate accounts to fulfill separate account obligations. Separate account assets cannot be used to satisfy general account liabilities.

The fixed maturity synthetic and constant duration synthetic GICs use wrap contracts in order to manage market risks and to alter the return characteristics of the underlying portfolio of securities owned by the Stable Value Portfolio to match certain fund objectives. There are no reserves against these contract values for credit risk of the contract issuer or otherwise.

The initial crediting rates for both the fixed maturity synthetic and constant duration synthetic GICs are established based on the market interest rates at the time the initial asset is purchased and are guaranteed to have an interest crediting rate of not less than zero percent. The fixed maturity synthetic GIC crediting rate is set at the start of the contract and typically resets on a quarterly basis. The constant duration synthetic GIC crediting rate resets every quarter based on the contract value, the market yield to maturity, the market value, and the average duration of the underlying assets. The crediting rate for constant duration synthetic GICs aims at converging the contract value with the market value; therefore, it will be affected by interest rate and market changes.

Withdrawals and transfers resulting from the following events will limit the ability of the portfolio to transact at book or contract value, though such events are not probable of occurring. Instead, fair value would likely be used in determining the payouts to the participants, should any of the following events occur:

- Employer-initiated events—events within the control of the Plan or the Plan Sponsor which would have a material and adverse impact on the fund
- Employer communications designed to induce participants to transfer from the fund
- Competing fund transfer or violation of equity wash or equivalent rules in place
- Changes of qualification status of employer or plan

Issuers may terminate the GICs and settle at other than contract value if there is a change in the qualification status of employer or plan, a breach of material obligations under the contract, misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. PLAN MERGER

Effective August 18, 2020, the R/X Information Technology, Inc. 401(k) Plan and the R/X Automation Solutions, Inc. 401(k) Plan were merged into the Plan. The total amount of assets transferred into the Plan as a result of these mergers was approximately \$2,255,000.

7. FEDERAL INCOME TAX STATUS

On December 19, 2017, the Internal Revenue Service issued a favorable determination letter to the Plan indicating that, in its opinion, the terms of the Plan conform to the requirements of Section 401(a) of the Code. The Company and the plan administrator believe that the Plan, in form and operation, complies with the applicable requirements of the Code and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PLAN TERMINATION

The Company's Board of Directors reserves the right to terminate the Plan. If termination should occur, all participant accounts would be 100% vested immediately and each participant would receive a distribution equal to his or her vested account balance.

9. EXEMPT RELATED PARTY TRANSACTIONS

At March 31, 2021 and 2020, the Plan held common stock shares of McKesson Corporation, the Plan Sponsor. The shares were held within the Plan's Employer and Employee Stock Funds. See below for breakout of shares held, cost basis and fair value of the Employer and Employee Stock Funds.

(In thousands of dollars and shares)

Employer Stock Fund					
2021			2020		
Number of Shares	Cost Basis	Fair Value of Shares	Number of Shares	Cost Basis	Fair Value of Shares
1,392	\$ 53,345	\$ 273,934	1,592	\$ 59,537	\$ 21,621

485	\$ 55,434	\$ 95,459	582	\$ 66,103	\$ 79,319

The per share fair value of McKesson common stock at March 31, 2021 and 2020, was \$195.04 and \$135.26, respectively. These transactions qualify as exempt party-in-interest transactions.

During the year ended March 31, 2021, the Employer Stock Fund recognized dividend income from McKesson common shares of approximately \$2,470,000. During the year ended March 31, 2021, the Employee Stock Fund recognized dividend income from McKesson common shares of approximately \$874,000. McKesson dividends received by the Plan were reinvested respectively in the Employer and Employee Stock Funds.

Certain investment options are managed by Fidelity, which also serves as the Plan's record-keeper and trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Generally, investment options (other than mutual funds and publicly offered securities) may qualify as party-in-interest transactions if the issuer, investment manager, or trustee of the investment option is a plan fiduciary or service provider. Fees for investment management services are allocated to the participants with balances in those funds. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

10. SUBSEQUENT EVENTS

For the year ended March 31, 2021, subsequent events were evaluated through January 13, 2022, the date the financial statements were available to be issued. No matters were identified that would materially impact the financial statements or require disclosure, except as noted below.

Effective August 2, 2021, the CoverMyMeds 401(k) Plan was merged into the Plan. The total amount of assets transferred into the Plan as a result of these mergers was approximately \$60,665,000.
