We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. Bardons & Oliver, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan

The following description of Bardons & Oliver, Inc. Employee Stock Ownership Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

Bardons & Oliver, Inc. ("Company") established the Bardons & Oliver, Inc. Employee Stock Ownership Plan and Trust effective for the Plan year beginning December 1, 1996. The Plan is designed to comply with Section 4975 (e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by a Trustee appointed by the Company's Board of Directors. The Plan was restated December 1, 2012.

Effective December 6, 2017, Mills, Potoczak and Company replaced Wilmington Trust as the Plan trustee.

On the first day of the Plan year following a Plan participant's settlement date, the Plan shall transfer, over a five-year period, an amount equal to the fair value of the Employer Stock credited to the participant's account into the Stable Value fund, in accordance with the following schedule:

<u>Year</u>	<u>Portion of Stock to be transferred</u>
First	20%
Second	25%
Third	33%
Fourth	50%
Fifth	100%

The Plan allows participants to transfer an amount equal to 25% of the value of their account's share of Plan Sponsor Stock to their account in the Bardons & Oliver 401(k) Plan within 90 days of the end of each Plan year, beginning on the first Plan year in which the participant reaches age 55 or older and has at least 10 years of participation in the Plan, and ending six years after reaching such age and service requirements. Participants will be allowed to transfer an amount equal to 50% of the value of their account's share of Plan Sponsor Stock to their account in the Bardons & Oliver 401(k) Plan within 90 days of the end of Plan year six years after reaching at least age 55 and 10 years of participation in the Plan.

Eligibility Requirements:

An employee becomes a participant on December 1 or June 1, whichever comes first after completion of one year of service. The Plan excludes any employee covered by a union retirement plan to which the Company contributes.

1 Description of Plan, Continued

Plan Termination:

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the Plan will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Trustee will pay all liabilities and expenses of the Plan.

Contributions:

The Plan is funded by contributions made by the Company, either in cash or in shares, or partly in each, or in the form of other property. The Company's Board of Directors has discretion as to the amount of contributions to be made. Eligible employees must be employed on the last day of the Plan Year in order to receive a contribution.

2 Summary of Significant Accounting Policies

Treatment of Forfeitures:

The nonvested portion of a terminated participant's account under the Plan shall constitute a forfeiture. Forfeitures are reallocated to the accounts of those persons who, as of the last day of the later of the Plan Year, in which the single sum payment occurs, or the Plan Year following the Plan year in which the Participant's settlement date occurs, are eligible to participate in Company contributions, and are allocated in the same manner as contributions to the Plan.

Forfeited non-vested accounts which were reallocated totaled \$868 and \$3,898 as of November 30, 2020 and 2019, respectively. As of November 30, 2020, all forfeitures had been reallocated to participant accounts.

Distributions:

A participant, upon normal retirement, may elect to receive an amount equal to the value of the vested interest in his or her account in a series of installments. Unless the participant elects otherwise, distributions shall be made in equal annual installments over a five-year period. In the event of death, the participant's beneficiary may elect to receive an amount equal to the value of the vested interest in the participant's account in either a lump-sum amount or in a series of installments over the normal life expectancy of the participant's beneficiary.

A participant, who terminates employment prior to normal retirement, will receive a lump-sum distribution if the account balance is less than \$1,000. Participant balances greater than \$1,000 are distributed in accordance with IRS guidelines.

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Investments in employer stock are valued by an independent appraiser. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis.

Payment of Benefits:

Benefits are accrued when the requirements for payment have been met.

At November 30, 2020, there were \$164,404 of assets allocable to participants who had separated from the Company.

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties:

The Plan's investment includes investment in employer stock with varying degrees of risk, such as overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through January 12, 2022, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

Bardons & Oliver, Inc. Employee Stock Ownership Plan and Trust

3 Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2020 and 2019.

Common Stock:

The fair value of the common stock is based on independent valuation studies. This falls into the Level 2 category of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of November 30, 2020				
	Level 1	Level 2	Level 3	Total
Common Stock	\$ -	\$ 625,787	\$ -	\$ 625,787

Assets at Fair Value as of November 30, 2019				
	Level 1	Level 2	Level 3	Total
Common Stock	\$ -	\$ 865,181	\$ -	\$ 865,181

For the years ended November 30, 2020 and 2019, there were no transfers in or out of Level 3.

4 Administration of Plan Assets

Company contributions are held and managed by Mills, Potoczak and Company, the Trustee effective December 6, 2017, which invests cash received, interest and dividend income and makes distributions to the participants. Prior to that date, Wilmington trust administered the Plan assets.

5 Party-in-Interest Transactions

Bardons & Oliver Inc. stock is held by the ESOP and is a party-in-interest to the Plan. In addition, the Plan has a number of service providers and these providers qualify as parties in interest under ERISA.

6 Tax Status

On May 19, 2015, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of November 30, 2020, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.
