Notes to Financial Statements

Note 1. Plan Description

The following description of the Ventech Solutions, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information. The Plan was effective January 1, 2012 and most recently amended May 15, 2019.

General: The Plan is a defined contribution plan covering substantially all employees of Ventech Solutions, Inc. (the Company) who have attained age 21. There is no service requirement. The 401(k) Plan Committee of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Each year, participants may contribute up to 92% of their pretax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Effective January 1, 2019, participants are automatically enrolled in the Plan with an elective pre-tax deferral rate of 3% of compensation for the first two years, increasing each participant's enrollment anniversary by 1% until such elective deferral rate is 10% of compensation, unless the participant affirmatively elects out of the automatic deferral feature, elects a different deferral rate or elects not to participate in the Plan. The Company contributes 100% of the first 3% and 50% of the next 2% of eligible compensation contributed by the participant to the Plan each pay period. A safe harbor true up matching contribution is required on a plan year basis. Additional employer amounts may be contributed at the discretion of the Company's 401(k) Plan Committee. No such additional discretionary contributions were made for the year ended December 31, 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and Plan earnings and charged with withdrawals and participant forfeitures. Participants direct the investment of their contributions into various investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on a six year graded vesting schedule.

Forfeitures: At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$21 and \$1,384, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2020, employer contributions were reduced by \$6,485 from forfeited non-vested accounts.

Payment of benefits: Upon retirement, death, or other interruption of continuous service, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments. Upon termination, benefits relating to a participant's contributions and vested employer contributions are distributed.

Notes receivable from participants: Participants may borrow up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the prime rate determined as of the time the application for the loan is made. The participant loans must be repaid over a period not to exceed five years, unless the purpose of the loan is to acquire, construct, or substantially rehabilitate a dwelling that is to be used as a principal residence for the participant, in which case the loan period may not exceed 15 years. Principal and interest is paid ratably through payroll deductions. The interest rates on outstanding loans ranged from 3.75% to 6.50% as of December 31, 2020 and 4.50% to 6.50% as of December 31, 2019.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Notes to Financial Statements

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Contributions: Participant contributions are recognized when earned. Employer matching is recognized concurrently with participant contributions.

Payment of benefits: Benefits are recorded when paid.

Investment valuation and income recognition: The Plan's participant directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividends and interest income.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent accounting pronouncement: Effective January 1, 2020, the Plan adopted the FASB Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the year included in earnings for recurring Level 3 fair value measurements held at the end of the reporting year.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value (NAV), an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions form redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 8, 2021, the date the financial statements were available to be issued.

Ventech Solutions, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 3. Investments and Information Certified by the Plan's Custodian

The Plan's asset information included throughout the Plan's financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020, was prepared by or derived from information provided by John Hancock Trust Company LLC, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to these assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule related to the following assets.

	2020	2019
Total investments, at fair value:		
Mutual funds	\$ 20,995,230	\$ 14,335,524
Money market	954,973	398,518
Total investments	<u>\$ 21,950,203</u>	<u>\$ 14,734,042</u>
Notes receivable from participants	<u>\$ 454,570</u>	<u>\$ 349,597</u>

John Hancock Trust Company LLC certifies the completeness and accuracy of the net appreciation in fair value of investments of \$2,725,498, interest and dividend income of \$618,116 and interest income on notes receivable from participant of \$24,123 related to the aforementioned investments for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Ventech Solutions, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market: Valued using amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2020 and 2019, segregated by level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,995,230	\$ -	\$ -	\$ 20,995,230

Notes to Financial Statements

Note 6. Income Tax Status

The Plan adopted a defined contribution prototype plan and trust sponsored by John Hancock Retirement Plan Services, LLC. The Internal Revenue Service has determined and informed the sponsor by a letter dated May 18, 2015 that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan's Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2017.

Note 7. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. During the year ended December 31, 2020, administrative expenses for these services were \$101,756.

Note 8. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. COVID-19 Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. The Plan has implemented certain provisions allowed by the CARES Act, which allows special coronavirus-related distributions, an increase in Plan loan amount, deferral of loan payments, and waiver of 2020 required minimum distributions. The features within the act were implemented during the year, as required by the IRS. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.
