MARCUM
ACCOUNTANTS ▲ ADVISORS

October 15, 2021

To the Trustees and Plan Administrator of Convention Data Services, Inc. 401(k) Savings and Profit Sharing Plan

Re: Required communications between Marcum and Those Charged With Governance

In accordance with auditing standards generally accepted in the United States of America ("GAAS"), Marcum LLP ("Marcum" or the "Firm"), as auditors of Convention Data Services, Inc. (the "Company" or "Plan Sponsor") 401(k) Savings & Profit Sharing Plan (the "Plan"), is required to determine that certain matters related to the conduct of our audit are communicated to the body or individuals (including management) charged with governance (hereafter referred to as the "Those Charged with Governance"). GAAS requires the auditor to ensure that Those Charged with Governance receive additional information regarding the scope and results of the audit that may assist them in overseeing the financial reporting and disclosure process, for which management is responsible.

1. The Auditor's Responsibility under U.S. Generally Accepted Auditing Standards

   Marcum is responsible to communicate the auditor's responsibilities under GAAS.

   As stated in our engagement letter dated August 16, 2021 as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, we completed a limited-scope audit and the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the accompanying financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustees as of May 12, 2020 and for the period from January 1, 2020 through May 12, 2020, that the information provided to the Plan administrator by the trustees is complete and accurate.

   Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

2. Other Information in Documents Containing Audited Financial Statements

Those Charged With Governance should be informed as to the auditor's responsibility for other information in documents containing audited financial statements, as well as any procedures performed and the results.

Our responsibility does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate any other information in documents containing our audit report. However, we are required to read the other information included in the Plan's 5500 as prescribed by AU-C 720, "Other Information in Documents Containing Audited Financial Statements," and to conclude whether there is any material inconsistency or material misstatement with the information presented in the Plan's financial statements. With respect to our audit of the Plan's financial statements, we are aware of no such material inconsistencies or material misstatements included in the other information contained in the documents with the audited financial statements.

3. Planned Scope and Timing of the Audit

The auditor should communicate an overview of the planned scope and timing of the audit. This communication may assist Those Charged With Governance in better understanding the consequences of the auditor's work for their oversight activities, discussing with the auditor issues of risk and materiality, and identifying any areas in which they may request the auditor to undertake additional procedures. Such communication may also assist the auditor in better understanding the Plan and its environment. Nevertheless, the auditor maintains sole responsibility to determine the overall audit strategy and the audit plan, including the nature, timing and extent of procedures necessary to obtain sufficient appropriate audit evidence.

We conducted our audit consistent with the planned scope and timing we previously communicated to you. We would be pleased to meet with you to further discuss any of the following matters at your request:

- *The allocation of responsibilities between Those Charged With Governance and management.*
- *The Plan's objectives and strategies, and the related business risks that may result in material misstatements.*
- *Matters you have identified that warrant particular attention during the audit, and any areas where you request additional procedures to be undertaken.*
- *Significant communications with regulators.*
- *Other matters you believe are relevant to the audit of the financial statements.*
- *The attitudes, awareness, and actions of Those Charged With Governance concerning (a) the Plan's internal control and its importance in the Plan, including how Those Charged With Governance oversee the effectiveness of internal control and (b) the detection or the possibility of fraud.*
- *The actions of Those Charged With Governance in response to developments in financial reporting, laws, accounting standards, corporate governance practices, and other related matters.*
- *The actions of Those Charged With Governance in response to previous communications with the auditor.*

4. Qualitative Aspects of the Plan's Significant Accounting Policies

The auditor should discuss the auditor's judgments about the quality, not just the acceptability, of the Plan's accounting principles as applied in its financial reporting, including the ramifications of alternative methods. The auditor should also discuss the initial selection of, and changes in, significant accounting policies, including the application of new accounting pronouncements. The discussion should be open and frank and generally should include such matters as consistency of the Plan's accounting policies and their application, and the clarity and completeness of the Plan's financial statements, which include related disclosures. The discussion should include items that have a significant impact on the representational faithfulness, verifiability and neutrality of the accounting information included in the financial statements. Particular emphasis should be placed on those policies and principles that are deemed critical. Critical accounting policies are those that are the most important to the portrayal of the Plan's financial condition and results and require management's most difficult, subjective or complex judgments**.**

There are no specific matters that we believe should be communicated to you. However, we would be pleased to meet with you at your convenience to discuss your significant accounting policies. Since the primary responsibility for establishing the Plan's accounting principles rests with management, such a discussion should generally include the Plan's management as a participant.

5. Management Judgments and Significant Accounting Estimates

   Those Charged With Governance should be informed about the process used by management in formulating particularly sensitive accounting estimates and about the basis for the auditor's conclusions regarding the reasonableness of those estimates. Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

   There are no specific matters that we believe should be communicated to you. However, we would be pleased to meet with you at your convenience to discuss your significant accounting policies. Since the primary responsibility for establishing the Plan's accounting principles rests with management, such a discussion should generally include the Plan's management as a participant.

6. Financial Statement Disclosures

   Those Charged With Governance should be informed about sensitive or otherwise significant financial statement disclosures. GAAP mandates many specific disclosures, and also requires that a complete set of financial statements include all other disclosure necessary to assure the financial statements are not misleading. The determination of appropriate disclosure requires significant judgment by management.

   The most sensitive disclosures affecting the Plan's financial statement were: Plan Merger in Note 1 and fair value measurements in Note 4.

   The financial statement disclosures are neutral, consistent and clear.

7. Significant Difficulties Encountered During the Audit

   Serious difficulties encountered in dealing with management that related to the performance of the audit are required to be brought to the attention of Those Charged With Governance.

   We encountered no significant difficulties in dealing with management relating to the performance of the audit.

8. Uncorrected and Corrected Misstatements

   For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Those Charged With Governance should be informed that all audit adjustments which have been recorded in the books and records have been reviewed and approved by management and have been

reflected properly in the financial statements and footnotes. Those Charged With Governance should also be informed about uncorrected misstatements that management determined were not material to the financial statements, either individually or in the aggregate, to the financial statements taken as a whole. All corrected or uncorrected adjustments that either individually or in the aggregate appear to indicate a weakness in the financial reporting process or may indicate the potential for fraud should be discussed.

We did not identify any material misstatements as a result of our audit procedures that were recorded by management.

9. Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, which could be significant to the Plan's financial statements or the auditor's report. However, a disagreement does not include a difference of opinion based on incomplete facts or preliminary information that is later resolved.

There were no such disagreements.

10. Management Consultations with Other Accountants

When the auditor is aware that management has consulted with other accountants about significant accounting or auditing matters, the auditor's views about the subject of the consultation should be communicated to Those Charged With Governance.

To our knowledge, no such consultations were made by management.

11. Other Audit Findings or Issues

The auditor should communicate any issues arising from the audit that are, in the auditor's professional judgment, significant and relevant to Those Charged With Governance regarding their oversight of the financial reporting process. In addition, the auditor should communicate to Those Charged With Governance any significant issues that were discussed or were the subject of correspondence with management.

We did not identify any material misstatements as a result of our audit procedures that were recorded by management.

12. Other Matters

With respect to the supplementary information accompanying the financial statements, the auditor is required to read the supplementary information and note if there were any material inconsistencies with the accompanying audited financial statements, and whether the method of preparing it has changed from the prior period.

We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves and no discrepancies were noted.

13. Fraud or violations of Laws and Regulations

Those Charged With Governance should be adequately informed of fraud or violations of laws and regulations coming to the auditor's attention during the course of the audit.

There were no fraud or violations of laws and regulations that came to our attention during the course of our audit.

14. Communicating Internal Control Related Matters

Any significant deficiencies or material weaknesses related to the design of controls or implementation of controls coming to the auditor's attention during the audit should be communicated to Those Charged With Governance.

Our consideration of internal control was for the limited purpose described in item # 1 above and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

During our review of the board minutes of the Plan, it was noted that there was no documentation of the board's approval of the merger agreement to merge all of the assets and liabilities of the Plan into the Freeman 401(k) Plan, furthermore there was no documentation of the board's approval to freeze the Plan effective January 2020.

We recommend that there should be documented board approval for all changes to the Plan design and operations. Such documentation is very important to establish that the board has been actively involved with the administration of the Plan.

The Plan Sponsor determined that the remittance of employee deferrals for the Plan period from January 1, 2020 through May 12, 2020 were not made timely in accordance with DOL guidelines. The Plan Sponsor ultimately decided to categorize the remittance in question as a prohibited transactions.

We recommend that the Plan review and enhance its current remittance process so that future remittances are made timely.

15. Independence

In order to issue an auditor's report, Marcum must be independent from the Plan in accordance with professional standards. The auditor may choose to communicate circumstances or relationships, such as financial interests, business or family relationships or nonaudit services provided or expected to be provided, that in the auditor's judgment may reasonably be thought to bear on independence, and that the auditor gave significant consideration to in reaching the conclusion that independence has not been impaired.

There are no matters identified that impair our independence.

This report is intended solely for the information and use of the Trustees, Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Marcum LLP

INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator of
Convention Data Services, Inc.
401(k) Savings & Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Convention Data Services, Inc. 401(k) Savings & Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of May 12, 2020 (date of merger) and December 31, 2019, and the related statements of changes in net assets available for benefits for the period from January 1, 2020 through May 12, 2020 (date of merger) and for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of May 12, 2020 (date of merger) and December 31, 2019, and for the period from January 1, 2020 through May 12, 2020 (date of merger) and for the year ended December 31, 2019, that the information provided by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, on May 12, 2020, the Plan's sponsor finalized a merger agreement to merge all of the assets and liabilities of the Plan into the Freeman 401(k) Plan (the "Successor Plan"). The Plan was merged into the Successor Plan effective May 12, 2020. Our opinion is not modified with respect to that matter.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the period from January 1, 2020 through May 12, 2020 (date of merger) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

MAY 12, 2020 (DATE OF MERGER) AND DECEMBER 31, 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Convention Data Services, Inc. 401(k) Savings & Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan was a defined contribution plan covering all eligible employees of Convention Data Services, Inc. (the "Company"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company was the Plan administrator and Principal Financial Group was the Plan's record-keeper. The Plan's Board of Trustees was responsible for the oversight of the Plan. The Plan's Investment Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Plan's Board of Trustees.

PLAN MERGER

During October 2019, the Company was acquired by Freeman Companies. Effective January 2020, the Plan was frozen, no contributions were allowed to the Plan and no employee, former employee or inactive participant was allowed to become an active participant in the Plan. As of May 12, 2020, the Plan was merged into the Freeman 401(k) Plan (the "Successor Plan") and accordingly, assets of $11,348,573 were transferred to the Successor Plan.

ELIGIBILITY

All employees of the Company who were 18 years of age or older and who had completed six months of service were eligible to participate in the Plan. An employee could elect to participate in the Plan and could enter the Plan on the earlier of January 1st, April 1st, July 1st, or October 1st after satisfying the age and service requirements.

CONTRIBUTIONS

Each year, participants could contribute to the Plan a percentage of pre-tax annual compensation, as defined by the Plan, up to the maximum allowed under the provisions of the Internal Revenue Code ("IRC") ($19,500 for 2020 and $19,000 in 2019). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions ($6,500 for 2020 and $6,000 2019). Participants could also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts (rollovers). The Plan had a safe harbor qualified matching contribution equal to 100% of the participant's elective deferral not exceeding 4% of the participant's eligible compensation.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Participants directed the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

According to the Plan document, the Company could make additional discretionary profit sharing contributions at an amount determined by the Board of Directors. There were no Company discretionary profit sharing contributions for either 2020 or 2019.

PARTICIPANT ACCOUNTS

Each participant's account was credited with the participant's contribution and safe harbor qualified Company matching contributions, as well as allocations of the Company's discretionary profit sharing contribution, if any, and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

VESTING

Participants were vested immediately in their salary-deferred contributions, rollover contributions, if any, and safe harbor qualified matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions, and earnings thereon, was based on years of continuous service. A participant was 100% vested after six years of continuous service as defined in the Plan, or upon permanent disability or death.

Years of Service	Vesting %
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account less the participant's outstanding loan balance or $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan was made. Participants could have one loan outstanding from the Plan at a given time, but were allowed to take an additional amount as a loan if they had an existing loan, in a new consolidated loan, provided the new loan complied with the requirements noted above. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates, as determined by the Plan administrator. Interest rates on notes outstanding ranged from 3.25% to 5.50% at May 12, 2020 (date of merger) and December 31, 2019.

Principal and interest was paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which could be repaid over a reasonable period of time that could be longer than five years. If any scheduled loan repayment was not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the loan was considered to be in default.

PAYMENT OF BENEFITS

Upon retirement or disability, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Terminated participants could elect to receive a lump-sum amount equal to the value of his or her vested account or could elect to leave such amount invested within the Plan. The Plan could also automatically distribute to terminated participants their entire vested account balances not exceeding $5,000 (involuntary cash-out). Upon death, a lump sum amount or substantially equal installments was paid to the participant's beneficiary.

FORFEITURES

At both May 12, 2020 (date of merger) and December 31, 2019, forfeited non-vested accounts totaled $0. These accounts could be used to reduce the Company's safe harbor qualified matching contributions and additional discretionary profit sharing contributions or to pay administrative expenses, and then any remaining amount would be allocated to eligible participants, as defined. For the period from January 1, 2020 through May 12, 2020 (date of merger) and for the year ended December 31, 2019, $0 and $2 from forfeited non-vested accounts were used to reduce the Company's safe harbor qualified matching contributions, respectively.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

HARDSHIP WITHDRAWALS

The Plan allowed participants to apply for hardship withdrawals as defined by the IRC to meet excessive medical or educational expenses, expenses incurred to purchase a new principal residence or to prevent eviction from a principal residence. The Plan administrator was required to approve the application. Recipients of hardship withdrawals were prohibited from making contributions into the Plan for a period of six months following receipt of the withdrawal. Legislation removed the six months prohibition.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments were reported at fair value, except for fully benefit-responsive investment contracts, which were reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determined the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) presented in the Statements of Changes in Net Assets Available for Benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were charged to expense when they were incurred. No allowance for credit losses has been recorded as of May 12, 2020 (date of merger) and December 31, 2019. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded. There were no loans in default as of May 12, 2020 (date of merger) and December 31, 2019.

PAYMENT OF BENEFITS

Benefits were recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid directly by the Company were excluded from these financial statements. Fees related to benefits paid and the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued, and concluded that there were no subsequent events requiring adjustment to or disclosure in these financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

All information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at May 12, 2020 (date of merger) and December 31, 2019 and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2020 through May 12, 2020 (date of merger) and for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively "Principal"), the trustees of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 12, 2020 (date of merger) and December 31, 2019.

Pooled separate accounts: Valued based on the observable net asset value ("NAV") of the underlying investment or the net asset value of the underlying pool of securities. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate accounts less its liability. The NAV of these accounts is not a publicly-quoted price in an active market. The practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell the investment for an amount different than the reported NAV. There are currently no participant redemption restrictions on these investments; the redemption notice period is applicable only to the Plan.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in these mutual funds can be redeemed daily upon request.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan had no assets measured at fair value as of May 12, 2020.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2019:

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$ 1,929,895	$ --	$ --	$ 1,929,895
Total Assets in the Fair Value Hierarchy	$ 1,929,895	$ --	$ --	$ 1,929,895
Investments measured at net asset value (a)				10,818,074
Investments at Fair Value				$ 12,747,969

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

TRANSFERS BETWEEN LEVELS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

There were no transfers to or from Levels 1, 2, and 3 during the period from January 1, 2020 through May 12, 2020 (date of merger) or for the year ended December 31, 2019. There were no liabilities measured at fair value at May 12, 2020 (date of merger) and December 31, 2019.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life"). Principal Life maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts was dependent on Principal Life's ability to meet its financial obligations. Principal Life's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value with Principal Life. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events were probable of occurring that could limit the ability of the Plan to transact at contract value with Principal Life and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed Principal Life to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - TAX STATUS

The Plan's underlying standardized prototype plan received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under this section of the IRC. Therefore, the related trust was tax-exempt. Once qualified, the Plan was required to operate in compliance with the IRC. The Plan administrator believes the Plan was being operated in compliance with the applicable provisions of the IRC and would take the necessary steps, if any, to maintain the Plan's tax qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 12, 2020 (date of merger) and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

INVESTMENTS

The Plan invested in various investment securities and funds. These securities and funds were exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and funds, it was at least reasonably possible that changes in the values of investment securities and funds could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments were shares of pooled separate accounts and the guaranteed investment account which were managed by Principal, a member of Principal Financial Group. Principal was the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA. Fees paid to Principal for services in connection with the Plan amounted to $1,329 and $4,102 for the period from January 1, 2020 through May 12, 2020 and for the year ended December 31, 2019, respectively. Fees paid for investment management, custody and recordkeeping services were included as a reduction of the investment return earned by each investment. The Company paid directly any other fees related to the Plan's operations.

Additionally, the Plan extended loans to participants who were considered parties-in-interest and were also exempt from the prohibited transaction rules.

NOTE 9 – DELINQUENT CONTRIBUTIONS

The Company determined that certain remittances of employee deferrals and/or loan repayments for the period from January 1, 2020 through May 12, 2020 (date of merger) and for the Plan years ended December 31, 2019 and 2018 were not made timely in accordance with Department of Labor's ("DOL") regulations. The Company has decided to categorize the remittances in question as prohibited transactions. Subsequent to May 12, 2020 (date of merger) and prior to the issuance of these financial statements, the Plan is in the process of correcting these errors outside of the DOL's Voluntary Fiduciary Correction Program ("VFCP"). All remittances that the Company has deemed delinquent are included in the Schedule of Delinquent Participant Contributions in the supplemental information to the financial statements.
