(1) Description of the Plan

The following description of the Trenam Law 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, covering all employees of Trenam, Kemker, Scharf, Barkin, and Frye, O'Neill & Mullis Professional Association (the "Plan Sponsor") who have completed a minimum of 500 hours and six months of service and attained 21 years of age. Employees may enter the Plan on the first month following the six month waiting period and 500 hour requirement. The Plan was established effective January 1, 1980 and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan has adopted certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA").

Effective July 1, 2017, the Company adopted a Defined Contribution Volume Submitter Plan ("DCVSP") and Trust Agreement which amended and restated the Plan in its entirety. The Amended and Restated Plan Document changed the plan name to Trenam Law 401(k) Plan.

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to suspend employee contributions and Company matching contributions to the Plan as a result of a hardship withdrawal was removed.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Increased the available loan amount as described in Note 1(g) to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.

(b) Contributions

Each participant may contribute an elective contribution of up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan. The contribution shall not exceed the amount specified in Section 402(g) of the Internal Revenue Code with respect to any calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

(1) Description of the Plan - Continued

(b) Contributions - Continued

The Plan Sponsor, at the discretion of its Executive Board, may contribute to the Plan a profit- sharing contribution. Profit-sharing contributions totaled approximately $945,000 which was reduced by approximately $39,000 of forfeitures for the Plan's fiscal year ended June 30, 2021. The Plan Sponsor, at the discretion of its Executive Board, may also contribute a matching contribution, based on participants' elective 401(k) contributions, which may be limited to a specified percentage or a specified dollar amount. Matching contributions totaled approximately $272,000 for the Plan's fiscal year ended June 30, 2021.

To be eligible for either the matching contribution or the profit-sharing contributions, participants must be employed on the last day of the plan year and have worked at least 500 hours during the year.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's elective contribution, an allocation of the discretionary profit-sharing contribution, any discretionary Plan Sponsor matching contribution, rollover contributions from other qualified retirement plans, allocation of plan earnings or losses, and forfeitures of terminated participants' non-vested accounts. Plan Sponsor profit-sharing contributions are based on participants' compensation levels, while the Plan Sponsor matching contributions are based on a percentage of the participant's elective contribution or a specified dollar amount. Plan earnings or losses allocations are based on participants' account balances.

Upon enrollment, a participant may direct his or her participant elective contribution, profit-sharing contribution, Plan Sponsor matching contribution, and rollover contribution to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing account balances among the funds on any business day.

(d) Vesting

Participants are immediately 100% vested in their elective contributions, rollover contributions, and earnings thereon. A participant's vesting percentage in his or her discretionary profit-sharing and matching contribution is based on the participant's period of service as follows:

Total Years of Service	Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(1) Description of the Plan - Continued

(d) Vesting - Continued

Certain participants of acquired companies received credit for prior service. A participant also becomes fully vested in all of his or her contributions upon death, total or permanent disability, or upon attaining normal retirement age (age 65).

(e) Payment of Benefits

The Plan provides for the payment of vested benefits to participants upon retirement, death, disability, immediate financial hardship, termination of employment, or upon reaching the age of 59½ years. Benefits are recorded when paid.

(f) Forfeitures

Forfeitures of the matching or profit-sharing contributions are used to reduce the Plan Sponsor's profit-sharing contributions in the plan year in which the forfeiture occurs. Forfeited non-vested accounts totaled approximately $39,000 and $36,000 as of June 30, 2021 and 2020, respectively. Forfeitures of $36,000 were used to fund the 2020 profit-sharing contributions during the period ended June 30, 2021.

(g) Notes Receivable from Participants

The Plan provides for loans to participants bearing interest at the prime interest rate as published in the Wall Street Journal on the first business day of the month in which the loan is issued. Loans must be repaid over a period not to exceed five years unless the loan is used to acquire a principal residence. In addition, the minimum loan is $1,000, while the maximum loan is limited to the lesser of $50,000 or 50% of the participant's vested account balance. Each participant may have up to one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions. The interest rate on outstanding loans at June 30, 2021 ranged from 3.25% to 5.50%. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2021 or 2020. If a participant ceases to make loan repayments, the loan balance is reduced and a benefit payment is recorded.

(h) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

(2) Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits.

(b) Investment Valuation and Income Recognition

Investments in mutual funds are valued at fair value based on quoted market prices of publicly traded investments. Stable value fund is stated at fair value using the net asset value ("NAV") per share as the practical expedient. The life insurance contract is valued at the cash surrender value, as determined by the insurance carrier.

The Morley Financial Services Stable Value Fund ("Fund") is a common/collective trust stable value fund. The fund invests principally in guaranteed interest contracts ("GICs") issued by insurance companies, synthetic investment contracts ("SICs") issued by financial institutions, insurance companies, and other issuers, and securities supporting such SICs, and other similar instruments which are intended to maintain a constant net asset value. The Fund is valued based on the unit value of the funds. Unit's values are determined by dividing the fund's net assets, which represent the fair value of the underlying investments, by its units outstanding at the valuation dates.

Realized and unrealized gains and losses represent the change in market value of investments during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Administrative Expenses

The Company may, at its sole discretion, pay all expenses for the administration of the fund, including the trustee's compensation and the compensation of investment manager and other expenses incurred by the Plan's administrator. Certain administrative and recordkeeping expenses are allocated proportionately to each participant based on the value of the account balances.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(2) Significant Accounting Policies - Continued

(e) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

(f) Unit Values

Individual participant accounts for the stable value fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest that are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(3) Information Certified by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company (d/b/a/ Principal Trust Company) ("Principal"), the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of June 30, 2021 and 2020;
- Total investment income and related investment activity, as shown in the statement of changes in net assets available for benefits for the fiscal year ended June 30, 2021;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule as of June 30, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedules.

(4) Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year-end.

Life Insurance Contract: valued at the cash surrender value at year end.

(4) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021:

		Investments at Fair Value as of June 30, 2021 Using		
Description	**Total**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Life insurance contract	$ 16,292	-	-	16,292
Mutual funds	70,380,598	70,380,598	-	-
Investments, at fair value	70,396,890	70,380,598	-	16,292
Stable value fund at NAV	5,887,826 **(a)**			
Total investments	$ 76,284,716			

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2020:

		Investments at Fair Value as of June 30, 2020 Using		
Description	**Total**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Life insurance contract	$ 16,796	-	-	16,796
Mutual funds	52,793,120	52,793,120	-	-
Investments, at fair value	52,809,916	52,793,120	-	16,796
Stable value fund at NAV	6,553,734 **(a)**			
Total investments	$ 59,363,650			

(a) In accordance with ASC Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.

(4) Fair Value Measurements - Continued

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the fiscal year ended June 30, 2021:

		Life Insurance Contract
Balance, beginning of fiscal year	$	16,796
Unrealized gain relating to instruments still held at the reporting date		(504)
Balance, end of fiscal year	$	16,292

(5) Income Tax Status

The Plan adopted a DCVSP which obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed tax positions taken by the Plan, and has concluded that as of June 30, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Party-in-Interest Transactions

The Plan has elected Principal to serve as the Trustee of the Plan. During the fiscal year ended June 30, 2021, the Plan paid approximately $151,000 to Principal for services provided as the Trustee of the Plan. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA; they are expressly exempted from the prohibited transaction rules.

Participant loans are considered party-in-interest transactions, as defined in Section 3(14) of ERISA, because they are transacted with plan participants. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA; they are, however, expressly exempted from the prohibited transaction rules.

(7) Subsequent Events

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through January 24, 2022, the date the financials were available to be issued.
