Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Dent Wizard International Savings and Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

Plan merger: In February 2020, the Plan Sponsor was acquired by Dealer Tire LLC. As a result, the Plan merged into the Dealer Tire LLC 401(k) Savings Plan (Dealer Tire Plan) effective June 1, 2021. The Plan transferred net assets of approximately \$163.7 million into the Dealer Tire Plan, and the transfer is reflected on the 2021 Statement of Changes in Net Assets Available for Benefits. Legal control was assumed by the Dealer Tire Plan on June 1, 2021.

General: The Plan is a defined contribution plan sponsored by Dent Wizard International Corporation and its wholly-owned subsidiaries (the “Company”) for the benefit of its employees who have at least 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Reliance Trust Company is the custodian of the Plan (the “Custodian”) and MassMutual Retirement Services serves as the Plan’s third-party administrator.

Contributions: Participants may make voluntary elective 401(k) and Roth contributions based upon their eligible compensation, as defined, subject to the maximum limits permitted by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby generally all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Effective May 31, 2018, any participant that becomes eligible for the Plan because of an acquisition will not be automatically enrolled in the Plan. For those participants with one year of service, as defined, the Company makes matching contributions of 50% of employees’ salary deferral amounts on the first 6% of employees’ compensation. Effective January 1, 2019, the requirement for participants to be eligible for employer matching contributions is twelve months employment under the elapsed time method. Company profit-sharing contributions are discretionary as determined by the Company’s Board of Directors. There were no profit-sharing contributions made in 2021 or 2020. Contributions are subject to certain limitations.

Participant accounts: Each participant’s account is credited with the participant’s contribution, the Company’s contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions, Company matching and profit-sharing contributions, plus earnings thereon.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are regarded as a liability with a corresponding reduction to contributions.

Payment of benefits: Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of their account or installment payments.

Administrative expenses: The Plan’s administrative expenses are paid either by the Plan or the Company as provided by the Plan document.

Note 1. Description of the Plan (Continued)

Notes receivable from participants: The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan termination: Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Subsequent events: Subsequent events have been evaluated through December 17, 2021, which is the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for the guaranteed investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period/year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Tax status: The Plan operates under a standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Reliance Trust Company. This prototype Plan Document has been filed with the appropriate agency and has obtained a determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax. The Plan has been amended since adopting the prototype. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000, allow loan repayments to be deferred up to one year and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 3. Information Certified and Provided by Reliance Trust Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019 and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that the information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets. The Plan's assets were liquidated by the Custodian on June 1, 2021. Legal control of the Plan's assets was assumed by the Dealer Tire Plan on June 1, 2021.

Notes receivable from participants	\$ -	\$ 3,295,723	\$ 3,952,197

The Custodian also certified to the completeness and accuracy of the following for the period from January 1, 2021 to May 31, 2021 and for the year ended December 31, 2020:

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used. The Plan did not have any assets measured at fair value as of June 1, 2021.

Mutual funds: Valued at the total of the net asset value of the shares of mutual funds and cash held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level and major classification, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 137,568,399	\$ -	\$ -	\$ 137,568,399

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 123,920,937	\$ -	\$ -	\$ 123,920,937

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. There were no transfers in or out of Level 3.

Note 5. Investment Contract with Custodian

The Plan has a guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the guaranteed investment contract at June 1, 2021 and December 31, 2020 was \$0 and \$10,938,173, respectively.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average rate of return of the contract as of June 1, 2021 and December 31, 2020 was approximately 3.71%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Party-in-Interest Transactions

Certain Plan investments are managed by, or are affiliates of, Reliance Trust Company, the Custodian and, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to approximately \$179,000 and \$385,000 for the period ended June 1, 2021 and for the year ended December 31, 2020, respectively.
