NOTE A - DESCRIPTION OF THE PLAN

The following description of the Mediaocean LLC 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Mediaocean LLC (the Company). Employees are eligible to participate in the Plan on the first of the month following commencement of employment. Effective July 2020, the Plan was amended to allow eligible employees to start contributing to the Plan upon the first business day in which they are hired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary pre-tax and Roth contributions of participants, and discretionary employer matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code up to 75% of eligible compensation. Participants may also roll over amounts representing distributions from other qualified employee benefit plans.

   Employees are eligible to receive discretionary employer matching contributions upon commencement of participation; however, catch-up contributions made by participants are not be eligible for such contributions. The Company made discretionary matching contributions of $1,082,107 to the Plan for the year ended June 30, 2021.

   Employees were also eligible to receive discretionary profit sharing contributions if they had completed at least 1,000 hours of service and remained employed on the last day of the Plan year. Effective July 2020, the Plan was amended to no longer allow discretionary employer profit sharing contributions.

   The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

NOTE A - DESCRIPTION OF PLAN (Continued)

3. Investment Options

Participants must direct their pre-tax and Roth salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Trustees. Participants may change their investment options at any time. Participants may also elect to invest in permitted investments through a participant directed brokerage account.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary employer matching contributions, and an allocation of plan earnings. The Company's discretionary matching contributions are calculated each pay period based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' amounts attributable to the Company's discretionary employer matching contributions becomes 100% vested after two years of service. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 32% vested after two years of service, 48% vested after three years of service, 64% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

NOTE A - DESCRIPTION OF PLAN (Continued)

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals and in-service withdrawals (for those participants aged 59.5 or older) are also permitted by the Plan.

Effective July 1, 2020, the Plan was amended to include provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Under the CARES Act, participants who self-certify that they meet certain criteria of the CARES Act are eligible for in-service distributions up to $100,000 without penalty. These distributions are taxed ratably over a three year period, but may be repaid by the participant over the same three year period to avoid such taxes.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at rates ranging from 4.25% to 6.50%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

Under the CARES Act discussed in A-6, participants who self-certify that they meet certain criteria of the CARES Act are permitted to take loans up to a maximum equal to the lesser of $100,000 or 100% of their vested account. Self-certifying individuals may also elect to defer payments on outstanding loans until January 1, 2021.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE A - DESCRIPTION OF PLAN (Continued)

9. Life Insurance Contracts

Investments include the cash surrender value of life insurance contracts held by the Plan for certain participants. The Plan is the beneficiary of these contacts and proceeds will ultimately be credited to the respective participants' accounts upon settlement. Cash surrender value of the life insurance contracts totaled $209,115 and $204,992 at June 30, 2021 and 2020, respectively.

10. Forfeitures

At June 30, 2021 and 2020, unallocated plan assets resulting from forfeited nonvested accounts totaled $465,371 and $736,760, respectively. These accounts will be used to reinstate profit sharing accounts of re-employed participants, reduce Company employer contributions, or will be reallocated to participants. Forfeitures totaling $400,000 were used to reduce the Company's discretionary matching contributions during year ended June 30, 2021.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:
* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at June 30, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Life insurance contracts: Valued at estimated cash surrender value, which approximates fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2. Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments for the year ended June 30, 2021. For the year ended June 30, 2021, there were no transfers in or out of Level 3 investments. Level 3 investments for the year ended June 30, 2021 were as follows:

	Life Insurance Contracts
Balance, beginning of year	$ 204,992
Increase in cash surrender value of life insurance policies	4,123
Balance, end of year	$ 209,115

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Life insurance contracts	$ 209,115	Cash surrender value	Provisions of individual policies	Various

In estimating fair value of the investments in level 3, the Plan Trustees may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Plan Trustees evaluate a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the Plan's asset information as of June 30, 2021 and 2020, and for the year ended June 30, 2021, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2021	2020
Investments, at fair value		
Mutual funds	$ 152,001,620	$ 116,264,846
Self-directed brokerage accounts	3,696,478	2,678,486
Notes receivable from participants	676,088	632,312
	$ 156,374,186	$ 119,575,644

The trustee also certified the completeness and accuracy of $29,119,832 of net appreciation in fair value of investments, $8,577,372 of interest and dividends related to the aforementioned investments, and $36,676 of interest from notes receivable from participants for the year ended June 30, 2021.

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on November 13, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company, except for the Plan investments associated with life insurance contracts. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Life insurance contracts are managed by Guardian and Athene Annuity and Life Company. Certain administrative fees related to the administration of these assets were paid by the Plan or by the Company. These transactions qualify as party-in-interest.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE H - PLAN AMENDMENTS

Effective July 2020, the Plan was amended to redefine the definition of compensation to include all salary, wages, overtime bonuses, incentive compensation and to exclude contest winnings and brand value awards. As a part of the same amendment, the Plan now permits two loans at any time.

In October 2020, the Plan Sponsor acquired another company. Effective January 2021, the Plan has been formally amended to allow the employees of the acquired company to be eligible to participate in the Plan. As of the December 21, 2021, no merger or transfer of assets of the acquired company's 401(k) plan into the Plan has occurred.

NOTE H - PLAN AMENDMENTS (Continued)

Other than those described above, all other significant provisions of the amended Plan document are consistent with those of the current plan document. Interested parties should refer to the amendments for a more complete description of the provisions thereon.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through December 21, 2021, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
