Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Bohlsen Restaurant Group 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, Plan management instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by TD Ameritrade Trust Company and Matrix Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by Plan management that the custodians hold the Plan's investment assets and execute investment transactions. Plan management has obtained certifications from Matrix Trust Company as of December 31, 2020 and for the period of March 5, 2020 through December 31, 2020 and TD Ameritrade Trust Company as of March 5, 2020 and for the period of January 1, 2020 through March 5, 2020, that the information provided to Plan management by the custodians is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Plan Description

The following brief description of the Bohlsen Restaurant Group 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Background – Bohlsen Restaurant Group (the "Sponsor") established the Plan effective January 1, 1997. The Plan is a 401(k) defined contribution plan covering all eligible employees of the Sponsor who have attained the age of 18 and completed minimum service requirements, as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may contribute pre-tax compensation, as defined in the Plan, subject to the Internal Revenue Service limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of the contributions into various investment options offered by the Plan.

The Sponsor contributes a matching contribution of 25% of each participant's deferral up to 6% of compensation. The Sponsor may also contribute a discretionary profit sharing contribution to participants employed at year end. There were no profit sharing contributions made for the years ended December 31, 2020 and 2019.

Vesting – Participants are immediately vested in their contributions and matching contributions plus actual earnings, thereon. Vesting in the Sponsor's discretionary profit sharing contributions and related earnings is based on vested levels over six years of continuous service.

Participant Accounts – All assets in the Plan are participant directed. Accounts are segregated for the purpose of investment gain or loss allocations. Each participant's account is credited with the participant's contributions, the Sponsor's matching contributions, and an allocation of the Sponsor's profit sharing contribution (if any). Expenses are allocated to participant accounts by any reasonable means determined by Plan management including allocations based on employment status or a per capita or pro rata method, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – A participant may borrow up to 50% of his or her vested account balance, subject to a maximum of $50,000 and a minimum of $1,000. The loans are secured by the participant's account and bear annual interest at rates that range from 5.50% to 8.52%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits – If a participant terminates employment with the Sponsor for any reason other than death, the participant can elect to receive a distribution or roll over the balance into another qualified retirement plan. Upon retirement, all distributions are made in the form of a lump-sum payment. Participants are required to begin distributions when the age of 72 is attained. In the case of the death of a participant, the beneficiary designated by the participant shall be paid the deceased employee's vested account balance immediately, or in payments for up to five years from the anniversary of the date of death. If the beneficiary is the participant's spouse, payment of benefits may be deferred until they reach the age 72.

Forfeitures – Participants who separate or withdraw from the Plan will forfeit any amounts not vested with respect to discretionary profit sharing contributions. Forfeitures are first used to restore forfeitures to participant accounts, reduce matching contributions, or pay Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments (except for fully benefit-responsive investment contracts which are reported at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net appreciation and depreciation in fair value of investments includes any realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded at the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Forfeiture Credits – As employees leave the Sponsor, their non-vested participant accounts are transferred to a separate cash account. Forfeitures can be used to reduce matching contributions or pay Plan expenses. At December 31, 2020 and 2019, there were no amounts held in the forfeiture account.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – Certain expenses of maintaining the Plan are paid directly by the Sponsor and are, therefore, excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

3. Investments

The Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurement, established a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, are the Plan's investments at fair value as of December 31, 2020 and 2019:

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,237,218	$ -	$ -	$ 1,237,218
Collective Investment Trust	-	-	4,285	4,285
Total Investments at Fair Value	$ 1,237,218	$ -	$ 4,285	$ 1,241,503

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,124,413	$ -	$ -	$ 1,124,413
Collective Investment Trust	-	-	5,647	5,647
Total Investments at Fair Value	$ 1,124,413	$ -	$ 5,647	$ 1,130,060

4. Collective Investment Trust

The Plan invests in units of MetLife Series 25053 Class 0 (the "Fund") of the Reliance Trust Company Stable Value Fund Collective Investment Trust (the "Trust"). The Fund's sole investment currently is Group Annuity Contract 25053 (the "Contract") issued by Metropolitan Life Insurance Company ("MetLife"). The plan does not invest directly in the Contract. Reliance Trust Company (the "Trustee") is the sole contract holder of the Contract.

The "Plan Contract Value" represents the Plan's contributions to the Fund, plus interest at a fixed periodic rate set by MetLife, less withdrawals (calculated at Contract Value), and less expenses of the Fund allocated to your Plan, other than fees and expenses that MetLife has taken into account in determining the fixed periodic interest rate, such as the Trustee's fees, MetLife's contract charges, and fees and expenses that your Plan authorizes and directs the Trustee to pay to providers of services to the Plan. The Fund's "Contract Value" is calculated for the entire Fund and represents the sum of the Plan Contract Values for all Participating Plans.

The Fund will pay withdrawals, initiated by your Plan's participants under the terms of your Plan, up to the full amount of your Plan Contract Value, subject to the terms contained in the Contract and the Trust Agreement.

Contributions to the Fund are invested in one or more MetLife separate accounts (the "Separate Accounts"). The Separate Accounts are reduced by all withdrawals from the Fund and all expenses of the Fund, including the Trustee's fees, MetLife's Contract charges, and fees and expenses that Participating Plans authorize and direct the Trustee to pay to providers of services to the Plans. The Separate Accounts will be adjusted for earnings and losses on the investments of the Separate Accounts. The Separate Accounts selected to fund the Contract as of October 1, 2009. The Trustee reserves the right to change the investment of the Fund's assets, including without limitation, re-allocating assets among the Separate Accounts or investing the assets in investments other than the Separate Accounts. The Trustee is not required to provide advance notice to Participating Plans of any such change, but will provide or make available a description of the new investment allocation within 90 days after such change becomes effective.

The Fund's "Market Value" at any point in time equals the market value of the Fund's interest in the Separate Accounts at that time. Your Plan's share of the Fund's Market Value is referred to as "Plan Market Value" and equals the Fund's Market Value times the ratio of your Plan Contract Value to the Fund's Contract Value. At any point in time, the Fund's Market Value may be greater or less than the Fund's Contract Value.

5. Related Party and Party-in-Interest Transactions

Certain services are rendered to the Plan by the Employer at no cost to the Plan. Certain costs such as recordkeeping and advisory are paid indirectly by revenue sharing payments from mutual fund companies to the recordkeeper. The charges for such services are included in net change in the fair value of mutual funds. Fees paid by the Plan for investment management services, recordkeeping, and other Plan expenses amounted to $12,289 for the year ended December 31, 2020.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available For Benefits.

7. Information Prepared and Certified By the Custodians

Plan management has obtained certifications from Matrix Trust Company as of December 31, 2020 and for the period of March 5, 2020 through December 31, 2020 and TD Ameritrade Trust Company as of March 5, 2020 and for the period of January 1, 2020 through March 5, 2020, that the information provided to Plan management by the custodians is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians, TD Ameritrade and Matrix Trust Company. All investments are participant-directed:

	2020	2019
Investments	$ 1,241,503	$ 1,130,060
Net Investment Income	164,974	

8. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. Accordingly, in the event of Plan termination, participants would become 100 percent vested in their Sponsor contributions.

9. Tax Status

The Plan terms have been drafted in reliance on sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its tax exempt status. The Plan Administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes there are no such positions, and therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for the years 2019, 2018 and 2017.

10. Contingencies

Covid-19 Pandemic – In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States and the world, triggering volatility in financial markets and a significant negative impact on the global economy. The Plan Sponsor has concluded that while it is reasonably possible that COVID-19 could have a negative effect on the fair value of the Plan's investments and results of its operations, the specific impact to the Plan, participants, and Plan Sponsor is not readily determinable as of January __, 2022. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In response to the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

11. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through January 18, 2022, the date the financial statements were available for issuance.
