1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Trinity Forge, Inc. 401(k) Investment and Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Trinity Forge, Inc. 401(k) Investment and Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, 2019, and 2018, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Great West Life & Annuity Insurance Company and Great-West Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020, 2019, and 2018 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of Schedule of Assets as of the years ended December 31, 2020, 2019 and 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company, the Custodian of the Plan. Their report, dated September 27, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – Plan Description

General

The following description of Trinity Forge, Inc. 401(k) Investment and Profit-Sharing Plan (the "Plan"), which was established on November 1, 1984, is a defined contribution plan covering eligible employees. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws. The Plan is sponsored by Trinity Forge Inc., (the "Company" or "Plan Sponsor"). Great-West Life & Annuity Insurance Company (the "Custodian") and Empower Retirement Services (the "TPA") provide administrative and recordkeeping services on behalf of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility

Company employees are eligible to participate in the Plan after completing 250 hours of service within a three-month time period, following the Participant's start date. In order for participants to qualify for discretionary employer matching contributions, they must complete one year and 1,000 hours of service, during the first consecutive twelve months following the hire date.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contribution into various investment options offered by the Plan.

Contributions

Participants may elect to contribute a portion of their compensation on a tax-deferred or a Roth after-tax basis from 1% to 100% of their annual compensation, subject to certain maximum limitations up allowed by the Internal Revenue Code. The maximum allowed deferral amounts are $19,500 for 2020, $19,000 for 2019 and $18,500 for 2018. Eligible participants are automatically enrolled into the Plan at a 4% pre-tax deferral percentage. Participants aged 50 and over are allowed to make catch-up contributions in the amount of $6,500 for 2020 and $6,000 for both 2019 and 2018. Participants may also contribute qualified rollover contributions representing distributions from other qualified plans.

The Plan allows for employer nonelective and additional discretionary contributions in amount to be determined by the Company. There were no employer contributions made for the years December 31, 2020, 2019 and 2018.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The vesting period is determined by a 6-year graded vesting schedule that increases by 20% after 2 years of service.

NOTE A – Plan Description (continued)

Investments and Investment Options - Each participant has the right to direct his or her contributions and the Company's matching contributions, once remitted, among the investment funds offered by the Plan. Descriptions of the Plan's investment fund options are included in the summary plan description provided to all eligible employees.

Forfeitures

If a participant terminates employment before becoming fully vested in his/her Company matching contributions, the nonvested Company matching contributions (and earnings thereon) are forfeited. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company matching contribution.

The December 31, 2020, 2019 and 2019, balances of unallocated forfeitures totaled $7,285, $7,197 and $7,112. For the years ended December 31, 2020, 2019 and 2018, no forfeitures were used to offset Company matching contributions.

Notes Receivable form Participants

For participants to be eligible to request a loan they must have a minimum vested balance of $2,000. Participants may borrow a minimum of $1,000 from their accounts up to a maximum equal to 50% of their vested accounts balance, not to exceed $50,000. Note terms range from one to five years. The notes receivable is secured by the balance of the participant's account and bears an interest rate of 1% over Prime Rate published in the Wall Street Journal on the first business day of the month that the loan originated. Repayments are made through payroll deductions and are reinvested in the participants accounts according to their investment elections. Fee are deducted quarterly from the participant's account until the loan is paid in full.

At December 31, 2020, maturity dates on existing noted receivable from participants ranged from February 2021 through December 2025, and interest rates ranging from 4.25% to 6.25%. At December 31, 2019, maturity dates on existing noted receivable from participants ranged from April 2020 through October 2024, and interest rates ranging from 4.25% to 6.50%. At December 31, 2018, maturity dates on existing noted receivable from participants ranged from March 2019 through November 2023, and interest rates ranging from 4.25% to 6.50%.

Payment of Benefits

Participants may withdraw from their accounts for reasons of disability, retirement, death, or termination are entitled to their vested account balances. In addition, participants may make hardship distributions. If the participants vested balance to greater than $5,000, they could distribute in the form of rollover, lump sum, partial withdraw, or installment payments. If the participant's vested account balance does not exceed $5,000, when terminated, their vested account balance may only be distributed in a single lump-sum payment.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all Participants in the Plan. These expenses will be allocated either proportionately based on the value

NOTE A – Plan Description (continued)

of the account balances or as an equal dollar amount based on the number of Participants in the Plan. In addition, loan and distribution expenses may be charged directly to the requesting participants.

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are valued based on the quoted market price on the last day of the year or on contract value. The difference between current market value and cost of the investment is reflected in the statement of changes in net assets available for plan benefits by investment fund as net unrealized appreciation or depreciation in market value of investments. Where there is no readily available last traded or current bid prices, fair value estimation procedures used in determining asset values might cause differences from the values that would exist in a ready market due to the potential subjectivity in the estimates. Following is a description of the valuation methodologies used for assets measured at fair value:

> **Mutual Funds** – Mutual funds are investment vehicles stated at fair value based on quoted market prices reported by the Trustee.
>
> **Guaranteed Investment Contracts** – Guaranteed investment contract is an insurance company provision that guarantees a rate of return in exchange for keeping a deposit for a period of time. The values are reported daily based on valuation method stated in the contract that is calculated and reported by the Trustee.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest

Risks and Uncertainties - The Plan provides for various investment options in mutual funds and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however, are expected to have material adverse impacts on domestic and

NOTE B - Summary of Significant Accounting Policies (continued)

foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Payment of Benefits - Benefits are recorded when paid.

Recently Issued Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2018-13, "*Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement.*" The new standard modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, including adjustments to Level 3 fair value measurement disclosures as well as the removal of disclosures around Level 1 and Level 2 transfers. This update is effective for the fiscal year beginning January 1, 2020 with early adoption permitted. The amendments to the guidance will be applied on a prospective or retrospective basis, in accordance with the requirements of the new standard. Plan management plans to adopt this standard on January 1, 2020 and does not expect a material impact upon adoption.

NOTE C – Fair Value Measurements

FASB Accounting Standard Codification Topic 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

- Level 1 – quoted market prices in active markets for identical assets or liabilities
- Level 2 – Observable inputs other than Level 1 prices, such as quoted market prices for similar assets or liabilities or other inputs that are observable or can be corroborated by market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The asset or liability's level within the fair value hierarchy is based on the lowest level of any significant input used to measure its fair value. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020. The Plan employs the following approaches in valuing its investments:

NOTE C – Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

NOTE D – Guaranteed Investment Contract

The Key Guarantee Portfolio Fund is a fully benefit-responsive group annuity contract issued by Great-West Life & Annuity Insurance Company ("Guaranteed Investment Contract" or "GIC"). There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are continuously reviewed and reset as needed on a monthly basis. A surrender charge may be assessed based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12-month irrevocable advance notice is given. Certain unobservable inputs are assessed through the review of contract terms while others are substantiated utilizing available market data.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code. Employer-initiated events such as early retirement incentives, Plan termination, spin-offs, or mergers. Premature termination of the contract. Changes to the Plan's prohibition or competing investment options. Bankruptcy of the plan sponsor or other plan sponsor event that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contact with the Plan and settle at an amount different from the contract value. Those events may be different under each contract. Examples of such events include the following: a plan change that materially alters the amount of contributions or withdrawals to be directed in or out of the contract; a change in the Plan's investment options; or a change in the investment philosophy for the Plan's stable value option (or comparable investment option).

NOTE E – Tax Status

The Plan obtained its latest opinion letter dated December 31, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expect to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016

NOTE F – Investments Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee on the cash basis of accounting.

*- The employee contributions amount certified by Trustee does not include the participant receivable of $1,548.

NOTE G - Administration of Plan Assets

The Plan's assets, which consist principally of investments in mutual funds that are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash that is received, makes distributions to participants, and executes participant-directed investments.

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. Most administrative expenses for the investment, custodial, administrative fees and appraisals were paid directly by the Plan.

NOTE H – Plan Termination

Although the Company has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE I – Related-Party Transaction and Party in Interest Transactions

Certain Plan investments include a guaranteed investment contract, managed by Great-West Life & Annuity Insurance Company. These transactions related to the Trustee, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

For the years ended December 31, 2020, 2019, and 2018, administrative expenses paid totaled $11,849, $11,608, and $11,271, respectively.

NOTE J – Reconciliation of Financial Statements to Form 5500

Form 5500 agrees to the financial statements.

NOTE K – Subsequent Events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act).

In preparing these financial statements, The Plan has evaluated events and transactions for potential recognition or disclosure through December 22, 2021, the date the financial statements were available to be issued. As a result of that evaluation, there were no subsequent events that required recognition or disclosure.
