1. DESCRIPTION OF PLAN

The following description of The D & F Development Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 2001 and was restated as of January 1, 2015, is a defined contribution plan under Internal Revenue Code Section 401(k), covering all eligible employees of D & F Development Group, LLC (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees become eligible to participate in the Plan upon reaching the age of 21 and completing one year of service or obtaining 1,000 hours of service, whichever comes sooner. Eligible employees may begin deferring compensation no later than January 1st or the same day of the month occurring in each successive 3-month period, coincident with or next following satisfaction of eligibility requirements. Members of a collective bargaining unit and non-resident aliens are excluded from the definition of eligible employees.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, as a pre-tax deferral not to exceed limitations set forth by applicable law. Participants are permitted to designate all or a portion of their elective contributions as Roth elective contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Because the Plan is intended to be a safe harbor plan, the Sponsor makes safe harbor matching contributions in an amount equal to 3% of employee compensation. In addition, the Sponsor may make profit sharing and other matching contributions in such amount, if any, as determined by the Sponsor, in its sole discretion. Participants who have completed one year of service and are at least 21 years of age are eligible for-profit sharing and matching contributions, but only if they are employed on the last day of the Plan year for which such contributions are made. There were safe harbor matching contributions in the amount of $340,451 made for the year ended December 31, 2020. There were $0 profit sharing contributions made for the year ended December 31, 2020.

Participant Accounts

Each participant’s account is credited with the participant's contributions and Sponsor’s contributions and an allocation of earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Participants have a vested percentage in their employer profit sharing and other matching contribution accounts, based on a graded vesting schedule and years of service. Vesting in the Sponsor's contributions portion of their accounts is based on the years of service as follows:

Years of Service	% Vested
Less than 2 years	0
2 years	20
3 years	40
4 years	60
5 years	80
6 years or more	100

Notes Receivable From Participants

The Plan does not permit loans from any source.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Hardship withdrawals must be submitted to the Plan administrator and make the participant ineligible to contribute to the Plan for six months following the hardship distribution.

In December 2020, the Plan adopted the provisions set forth under the Coronavirus, Aid, Relief and Economic Security Act (the “CARES Act”). These provisions include the ability for participants to withdraw up to $100,000 before December 31, 2020 penalty free if the participant determined that he or she was a qualified individual as defined under the CARES Act.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $1,024 and $0, respectively. Forfeitures of employer contributions will be used to reduce Plan expenses and employer contributions for the succeeding Plan year. No forfeited amounts were used in the Plan year ending December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the sum of each participant's invested principal plus all accrued interest, as further discussed in Note 5.

Payment of Benefits
Benefit payments are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and are not readily determinable.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Ameritas Life Insurance Corp. of New York. ("Ameritas"), as Custodian of the Plan, at December 31, 2020 and 2019 and for the year ended December 31, 2020. No auditing procedures were performed by the independent public accountants, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the Custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2020 and 2019.

	2020	2019
Investments		
Mutual funds, at fair value	$ 4,466,127	$ 3,543,047
Investment contract, at contract value	$ 59,231	$ 51,848
Net appreciation in fair value of investments	$ 658,734	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). The mutual funds held by the Plan are deemed to be actively traded. As such, the mutual funds were valued using Level 1 inputs at December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,466,127	$ -	$ -	$ 4,466,127

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,543,047	$ -	$ -	$ 3,543,047

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a benefit-responsive guaranteed investment contract with Ameritas totaling $59,231 and $51,848 at December 31, 2020 and 2019, respectively. Ameritas maintains the contributions in a general account. Each account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Ameritas, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by Ameritas, the Custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Administrative and investment advisory fees paid to Ameritas by the Plan for investment services amounted to $8,817 for the year ended December 31, 2020. In addition, there are transaction fees charged by the Custodian that are absorbed in investment income that are not readily determinable.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing and other matching contributions.

8. TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan, which received a favorable advisory letter dated March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

9. DELAYED DEPOSITS OF EMPLOYEE CONTRIBUTIONS

U.S. Department of Labor regulations require that salary deferrals to a defined contribution plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month immediately following the month in which the contribution is either withheld or received by the employer. For the year ended December 31, 2020, the Plan delayed making certain deposits of employee withholding. Such delayed deposits totaled $1,903 for the year ended December 31, 2020. The lost interest was restored to the Plan on June 22, 2020.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following is a reconciliation of net assets per Schedule H of Form 5500 to net assets available for benefits per the financial statements:

2019 net assets available for benefits per Form 5500	$ 3,594,895
2019 employer contributions receivable not accrued on 5500	174,726
2019 net assets available for benefits per financial statements	$ 3,769,621
2020 employer contributions per Form 5500	$ 340,195
2019 employer contributions receivable not accrued on 5500	(174,726)
2020 employer contributions per financial statements	$ 165,469

12. SUBSEQUENT EVENTS

Subsequent events were evaluated through January 31, 2022, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
