NOTE 1 – DESCRIPTION OF PLAN

The following description of the Selendy & Gay 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Selendy & Gay PLLC (the "Plan Sponsor" or "Company") who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Newport Trust Company served as the trustee and recordkeeper of the Plan for the period January 1, 2020 to December 17, 2020, and effective December 18, 2020, the trustee and recordkeeper of the Plan is the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal").

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also rollover previous funds representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective on January 1, 2020, the Plan Sponsor amended the Plan's adoption agreement in order to add an automatic enrollment feature at a rate of 6% for all existing participants without a deferral election in place and all new participants entering the Plan after the effective date that do not make an affirmative election. Pre-tax deferral rates for automatically enrolled participants are increased by 1% annually on January 1st. This automatic escalation increases annually until the participant's pre-tax deferral rate reaches 10%. The Company makes a safe harbor nonelective contribution of 3% of total compensation for eligible participants. The Plan further allows for a discretionary matching contribution, at the Company's election – discretionary matching contributions were not made in 2020. Contributions are subject to certain limitations. In addition, the Plan may make additional profit sharing contributions at its sole discretion. For the year ended December 31, 2020, the Plan made profit sharing contributions of $709,319. Associates are not eligible for the profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings. Each participant is charged with his or her withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately 100% vested in their elective deferral contributions, safe harbor nonelective contributions, and rollover contributions plus actual earnings thereon. The Plan's other contributions are subject to the following vesting schedule:

Years of Service	Percentage of Vesting
Less than 3 years	0%
3 or more years	100%

In addition, if a participant incurs a severance from employment as a result of death or disability or reaches normal retirement age (62 as of December 31, 2020), that participant will automatically become 100% vested.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rollover into another qualified retirement plan or leave as is until reaching normal retirement age. In addition to the above, if the vested account balance of his or her account does not exceed $5,000, the participant will receive a distribution of his or her total vested account balance automatically. Participants are also entitled to receive a distribution upon the attainment of age 59.5 while employed.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act allows retirement plans to offer relief items to impacted participants. The Plan incorporated the following relief items under the CARES Act: coronavirus-related distributions, increase in loan limit to $100,000, and waiver of required minimum distributions for the calendar year of 2020.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

Forfeitures: Forfeitures of employer matching contributions are used to pay Plan administrative expenses or reduce future employer contributions. Forfeitures used to reduce Plan administrative expenses or reduce employer matching contributions were approximately $84,000 for the year ended December 31, 2020.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable and distribution charges are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the novel coronavirus disease (COVID-19) was declared a pandemic by the World Health Organization. Many countries around the world have significant governmental measurers being implemented to control the spread of the virus, including temporary closure of businesses, severe restrictions on travel and the movement of people, and other material limitations on an organization's ability to conduct business. The extent to which COVID-19 impacts the Plan's operations will depend on future developments, which are highly uncertain and cannot be predicted with confidence at this time. The ultimate disruption may result in adverse impacts on the Plan's financial position. Possible effects may include, but are not limited to, a decline in the value of assets held by the Plan that may include marketable securities.

Unaudited 2019 Information: Amounts reported as of December 31, 2019 have not been audited by independent accountants. The first year that the Plan required an audit in accordance with ERISA was the year ended December 31, 2020.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2020, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 4 – UNAUDITED INFORMATION – 2020 CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the 2020 financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Newport Trust Company for the period January 1, 2020 to December 17, 2020, and by Principal as of December 31, 2020 and for the period December 18, 2020 to December 31, 2020, the trustees of the Plan. NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their discretionary employer contributions and earnings thereon.

NOTE 6 – TAX STATUS

The Internal Revenue Service has issued an opinion letter dated August 8, 2014, indicating that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan's payment of direct and indirect fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through February 1, 2022, which is the date the financial statements were available to be issued. No subsequent events have been identified that are required to be accounted for or disclosed.
