Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West), and Vanguard Fiduciary Trust Company (Vanguard), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Vanguard held Plan's investment assets as of February 1, 2019, and December 31, 2018, and executed investment transactions from May 22, 2017 through February 1, 2019, and that Great-West held Plan's investment assets as of May 22, 2017 and executed investment transactions from January 1, 2017 through May 22, 2017. We have been informed by the plan administrator that Vanguard held Plan's investment assets as of February 1, 2019, and December 31, 2018, and executed investment transactions from May 22, 2017 through February 1, 2019, and that Great-West held Plan's investment assets as of May 22, 2017 and executed investment transactions from January 1, 2017 through May 22, 2017. The plan administrator has obtained certifications from the custodians that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the period ended February 1, 2019, and the Schedule H, Line 4(i) - Schedules of Assets (Held at End of Year) as of December 31, 2018 and 2017, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2016 Financial Statement

The financial statement of the Plan as of December 31, 2016, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 11, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statement, and (b) the form and content of the information included in the financial statement other than that derived from the certified investment information was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Sentry Control Systems 401(k) Plan

Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Sentry Control Systems 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan that was established in 2000 by Sentry Control Systems, LLC (the Company), to provide benefits to eligible employees as defined in the plan document. The Plan was designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 15, 2015, the Company was acquired by Skidata, Inc. In conjunction with the acquisition, the Plan merged with the Skidata, Inc. 401(k) Plan (Skidata Plan) on February 1, 2019. Plan assets of approximately \$5,931,000 were transferred from the Plan into the Skidata Plan.

Administration – Prior to May 22, 2017, the Company had contracted Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West) to act as the custodian and an affiliate of Great-West to process and maintain the records of participant data.

Effective May 22, 2017, the Company contracted with Vanguard Fiduciary Trust Company (Vanguard) to act as the custodian and an affiliate to process and maintain records of participant data.

Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeitures – Forfeited nonvested account balances could have been used to pay for the Plan's administrative expenses or to reduce employer matching contributions.

Investment valuation – The investments are reported at fair value and contract value. Great-West certified the contract value of the fixed annuity. Both Great-West, Great West Trust Company and Vanguard, certified the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in the Plan's fully benefit-responsive group annuity contract because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Sentry Control Systems 401(k) Plan Notes to Financial Statements

Income recognition – Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2018, 2017, and 2016.

Income taxes – Prior to May 22, 2017, the Plan had adopted a Great West volume submitter profit sharing plan that had received an opinion letter from the Internal Revenue Service (IRS) dated May 28, 2014. When the Plan changed to Vanguard, it adopted a Volume Submitter Profit Sharing Plan that had received an opinion letter from the IRS dated March 31, 2014. The plan administrator believes that the Plan was always operated in accordance with, and qualified under, the applicable requirements of the Code and related state statutes, and that the trust, which formed a part of the Plan, was exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events – The Plan has evaluated subsequent events through December 17, 2019, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Sentry Control Systems 401(k) Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following methodology is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2018, 2017, and 2016.

Mutual and money market funds – Valued at the daily closing price as reported by the fund. Mutual funds and the money market fund are open-end funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds and the money market fund are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust – Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The CT has a daily redemption frequency and notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018, 2017, and 2016:

Fair Value Measurement at December 31, 2018

NOTE 3 – PARTICIPATION AND BENEFITS

Participant contributions – Participants could have elected to have the Company contribute their eligible pre-tax or after-tax compensation (as Roth contributions) to the Plan up to the amounts allowable under the plan document and current income tax regulations. The Plan also permitted the automatic enrollment of eligible employees in the Plan with a pre-tax contribution of 4% of eligible compensation, unless the employee affirmatively elected otherwise. Participants who had the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld were invested in accordance with the participant's direction.

Participants were also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Plan allowed for discretionary matching contributions, as defined in the Plan and as approved by the Board of Directors. The Company matched 30% of the first 6% of eligible participant's contributions for the period January 1, 2019, through February 1, 2019, and for the years ended December 31, 2018 and 2017.

Vesting – Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. Participants vested in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant accounts – Each participant's account was credited with the participant's contribution, plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution was based on participant contributions, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries could have elected to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allowed for the automatic lump sum distribution of vested participant account balances that did not exceed \$5,000.

Sentry Control Systems 401(k) Plan

Notes to Financial Statements

Notes receivable from participants – The Plan allowed participants to borrow up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable were secured by the participant's balance. Such notes receivable bore interest at the available market financing rates and had to be repaid to the Plan within a five-year period, unless the proceeds were used for the purchase of a principal residence in which case the maximum repayment period could not exceed 15 years. The specific terms and conditions of such notes receivable were established by the plan administrator. Principal and interest was paid ratably through bi-weekly payroll deductions. Outstanding notes receivable at December 31, 2018, carried interest rates ranging from 2.25% to 5.25%. Outstanding notes receivable at December 31, 2017, carried interest rates ranging from 2.25% to 4.5%.

NOTE 4 – CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of February 1, 2019, and December 31, 2018, 2017, and 2016.
- Net appreciation (depreciation) in fair value of investments, dividends, and interest, and interest income on notes receivables from participants reflected on the accompanying statements of changes in net assets available for benefits for the period January 1, 2019 through February 1, 2019, and the years ended December 31, 2018 and 2017.
- Investments reflected on the schedules of assets (held at end of year).

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by Vanguard, the custodian of the Plan and, therefore, transactions with this entity qualified as exempt party-in-interest transactions.
