NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A - PLAN DESCRIPTION

The Evoque 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all employees of Dawn US Holdings, LLC d/b/a Evoque Data Center Solutions (the "Company", "Plan Sponsor" or "Administrator"). The Plan is designed to comply with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code ("IRC").

The Plan was established on February 1, 2019 by the Plan Sponsor for the exclusive benefit of certain employees.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. In the event of any conflict between this description and the Plan agreement, the Plan agreement will govern.

General

The Plan is a defined contribution plan covering employees of the Company who are eligible employees. Employees become eligible upon date of hire. Nonresident aliens who receive no earned income from the Company within the United States of America, leased employees, an individual considered by the Company to be an independent contractor who is later determined by the Internal Revenue Service ("IRS") to be an employee, and an employee participating in any other profit sharing plan to which the Company contributes directly or indirectly are not eligible to participate in the Plan. Employees may begin participating in the Plan on the earliest date on which the employee meets the eligibility criteria.

The Plan Administrator has the responsibility to administer the Plan in accordance with its terms. The Company has the responsibility to establish and maintain the investment policy, select investment funds available to the participants, periodically evaluate investment performance and recommend changes in investment options.

Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) is the asset custodian and trustee ("Custodian" or "Trustee") and is responsible for the custody and management of the Plan's assets. Principal Life Insurance Company ("Principal") is the Plan's recordkeeper and is responsible for maintaining participants' accounts and executing participant-initiated transactions.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The Plan adopted the CARES Act provision allowing eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus related reasons. The Plan also adopted the CARES Act provision allowing participants with current loans the option of deferring their loan payments for up to one year. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022.

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 changed the age at which participants are required to take Required Minimum Distributions ("RMD") from their accounts. Under the new law, effective January 1, 2020, participant distributions may not be deferred past April 1 following the year in which the participant reaches the age of 72.

On June 1, 2020, the Company executed an amendment to the Plan agreement to modify the vesting requirements for participants to be fully vested after one year of service.

Contributions

Employees can make elective and voluntary pre-tax contributions, with a maximum contribution percentage of 50% of eligible compensation, as defined in the Plan agreement, not to exceed the maximum amount

Evoque 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

allowable under the IRC. Participants are automatically enrolled in the Plan at a deferral percentage rate of 3% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of rollover funds from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches a discretionary amount of each participating employee's contribution up to a certain maximum. The percentage of elective deferral match is solely determined by the Company as specified in the Plan agreement. For the year ended, the matching contribution was 80% of each employee's contribution amount up to the first 6% of the participating employee's eligible wages. The Plan Sponsor may elect to make profit sharing contributions to the Plan. No profit-sharing contributions were made during the 2020 Plan year.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution (as defined in the Plan agreement), profit-sharing contributions, if any, rollovers, and applicable earnings or losses on investments.

Vesting

Participants have a fully vested interest in their participant elective deferral, catch-up, Roth and rollover contributions, plus actual earnings and losses thereon. The Plan provides 100% vesting upon death, disability and at retirement. Effective June 1, 2020, employer profit sharing and employer matching contributions, participants become 100% vested after one year of service instead of the previous three years of service under the Plan agreement.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in their participant account and bear interest at rates that range from 4.25% to 6.50%, which is based on a reasonable rate of interest as determined by the Plan Administrator. A participant may have three loans outstanding at a time. Loans bear interest based on the rates available for similar loans from commercial lending institutions determined by the loan administrator. Loans must be repaid within a maximum of five years or ten years if loan is used to acquire a dwelling unit. Principal and interest are paid ratably through payroll deductions, which are made at least monthly.

Payment of Benefits

Participants are eligible to receive the balance of their accounts upon death, retirement, termination of employment or total and permanent disability as either a lump sum payment or an annuity payment. Upon termination of service, if the participant's account balance is \$5,000 or less, a participant may elect a lump-sum distribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In-service withdrawals from a participant's account are allowed once a participant reaches age 59½. Once a participant reaches age 72, they are required to start withdrawing a minimum amount each year.

Hardship Withdrawals

The Plan provides for participant withdrawals in the event of financial hardship. Hardship withdrawals are approved upon meeting the IRC requirements for a hardship withdrawal.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

Forfeited Accounts

Forfeitures of non-vested participant accounts are used to pay Plan administrative expenses and then to reduce employer contributions. For the year ended December 31, 2020, forfeitures in the amount of \$45,832 were used to pay Plan administrative expenses. The Plan had \$45,703 and \$0 in unallocated forfeitures at December 31, 2020 and 2019, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All of the Plan's investments are reported at fair value with the exception of the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the recordkeeper. See Note C for discussion of fair value measurements.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The spread of COVID-19 has caused significant volatility in U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Plan is unable to determine if it will have a material impact to its operations.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Recently Adopted Accounting Pronouncements

The Plan adopted Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) ("ASU 2018-13") for the year ended December 31, 2020. This standard was issued by the Financial Accounting Standards Board ("FASB") to modify the disclosure requirements on fair value measurements, including removal of disclosures that are no longer considered cost beneficial, clarification of the specific disclosure requirements, and addition of disclosures identified as broadly relevant. This adoption has no impact to the Plan as of December 31, 2020.

NOTE C - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, *Fair Value Measurement* ("ASC 820"), establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology includes quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

Collective Trust Funds - Collective trust funds are valued at net asset value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled Separate Accounts - Pooled separate accounts are valued at the NAV or equivalent based on the units of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

NOTE C - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has the Principal Fixed Income Guaranteed Option in its investment portfolio, which is a fully benefit-responsive guaranteed interest contract issued by Principal, which is reported at contract value. Principal maintains the contributions in a general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. If the value of the guaranteed interest balance is to be paid, transferred, or applied in full, and any fees for that balance are due but unpaid, Principal will deduct such fees before making such payment, transfer, or application. Payments or transfers made in accordance with the guaranteed interest contract are subject to the limitations contained in the agreement with Principal and will be made in full within three business days after the date payment or transfer has been requested. In the event that market conditions are such that Principal determines they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required for Principal to make such payments or transfers. The net credit rating as of December 31, 2020 was a 1.60% effective annual rate.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include plan termination, plan merger, liquidation of contract and insolvency of the Plan Sponsor. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Total investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Investment income and interest income from notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020: and
- Schedule H, line (4i) - schedule of assets (held at end of year) as of December 31, 2020.

As permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information certified by the Trustee with information included in the Plan's financial statements and supplemental schedules.

NOTE E - TAX STATUS

The Plan is a prototype non-standardized profit-sharing plan adopted by the Plan Sponsor. The prototype plan has received an opinion letter from the IRS dated August 8, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible and has chosen to rely on the current IRS prototype plan opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Company has identified certain operational errors with respect to the Plan and intends to correct these errors under the IRS' Employee Plans Compliance Resolution System (EPCRS). The corrective action related to the 2020 and 2019 Plan years is expected to result in approximately \$165,000 of additional employer contributions to be made to the Plan, of which, the full amount was recorded as a receivable at December 31, 2020, and the amount related to 2019 was recorded as a receivable at December 31, 2019. The Plan Administrator and the Plan's tax counsel believe that the resolution of the issues will have no impact on the Plan's tax status. The corrections will be made in 2022.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company believes the Plan has maintained its tax-exempt status and concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include a fixed annuity contract, collective trust funds and pooled separate accounts managed by the Trustee of the Plan; therefore, these transactions qualify as party-in- interest transactions. Certain administrative fees related to the administration of the Plan are paid by the Plan or by the Company. The Plan also has notes receivable from certain of its participants. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

During the Plan year ended December 31, 2020 and 2019, the Company inadvertently failed to deposit participant deferrals within the required timeframe as stated by the United States DOL regulations. The DOL considers late deposits to be non-exempt prohibited transactions. Lost earnings for the 2019 late deposits were remitted to the Plan in 2021. Lost earnings for the 2020 late deposits will be remitted to the Plan in 2022. The excise taxes for 2019 and 2020 will be paid by the Company in 2022. The lost earnings and excise tax payments will be made from the Company's assets and not from assets of the Plan.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan. In the event of termination of the Plan, the net assets of the Plan will be distributed in compliance with the applicable provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

NOTE H - SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through February 3, 2022, the date the financial statements were available to be issued. No subsequent events were identified requiring additional recognition or disclosure in the accompanying financial statements.
